

**REPORT TO THE GUADALUPE CITY COUNCIL
City Council Agenda of June 25, 2019**

**Prepared by:
Robert Perrault, Interim City Administrator**

SUBJECT: ADOPTION OF THE FY 19-20 / 20-21 BUDGET

RECOMMENDATION:

It is recommended the Council adopt the Resolution No. 2019-32 adopting the FY 19-20/ 20-21 Budget and approving Fiscal Policies.

BACKGROUND:

Staff is pleased to present the Budget for FY 19-20/ 20-21 for adoption. In preparing the Final Budget document the City Council and City took several steps: Staff presented the Council with an initial Financial Overview in April. In early May the Council participated in a goal setting session. The Preliminary Draft Budget was submitted to the Council on June 6th and a Special Work Study Session was held on Tuesday, June 11th. Staff is recommending that once the Public Hearing associated with this item is concluded the Council proceed with the adoption of the budget and the approval of the recommended Financial Policies.

All of the revenue and expenditure figures contained in the document are based on the most recent information available to staff at the time the budget was developed. It is important to remember the budget is the City's operational plan and as such will be subject to change and updating as the two- year budget period progresses. As the Council is aware the budget will need to be reviewed and monitored on a regular basis.

In order to facilitate your final review you will find the following attached: (1) the adopting resolution, (2) the City's adopted goals for the 2- year budget cycle; (3) Proposed Fiscal Policies; and, (3) the Draft Budget; The development of the proposed fiscal policies is new to the budget process. Most Cities have fiscal policies that guide general fiscal operations including the setting of goals for reserve funds. The proposed policies are similar to those found in other cities and have been modified to fit Guadalupe. As you review the budget document itself you will note that the department summaries have been augmented by an accompanying expenditure detail that provides justification for the expenditure and or any adjustment.

BUDGET OVERVIEW

Generally, the City's financial condition is slowly improving. As noted in the General Fund discussion the City will be starting the year in a negative position (\$44,265) but this position is expected to improve with the elimination of the deficit by the end of the first fiscal year in the cycle. The Enterprise Funds overall are expected to be balanced. The Council and management staff will need to monitor the progress of the budget as it has in the recent past to ensure the continuation of positive trends. As presented, the budget fund balances do contain an initial estimate relating to the impacts of the recent Public Employment Relations Board (PERB) decision. The final estimate of cost related to this decision is still being calculated. In addition the fund balances do not contain funds for compensation adjustments related to discussions with labor that are currently underway. The City's various funds' balances are likely to change as the costs associated with these matters are finalized.

It should be noted positive one-time impacts resulting from the recent residential building (Pasadera) and grant funding have assisted both the General and Enterprise Funds. This trend can be expected to continue throughout the budget period. Both building related revenues and grant funding should be considered one-time or single purpose funding. Council and management staff will need to find the means to consider long term financial sustainability which should include the review of a potential tax measure in 2020.

GENERAL FUND

In April, staff reported to the Council the estimated deficit in the General Fund stood at (\$168,000) as of July 1st 2018. As a result of improving revenues and lower than expected expenditures the deficit is estimated to be (\$44,265) by the end of the current fiscal year. In the coming year staff is expecting these revenue/ expenditure trends to continue. Revenues in the General Fund are expected to be bolstered with the receipt of grant funds which will off-set some of the increases in General Fund expenditures. Staff is forecasting the deficit will be eliminated by the end of FY19-20 and a small reserve is expected to be in place by the end of the FY 20/21 fiscal year. In the first year of the budget period revenues are estimated to total \$ 4,761,222. The recommended expenditure amount is \$4,563,364. This expenditure amount includes payments of principal and interest totaling \$113,884 that will be applied against the outstanding inter fund loan balance of \$811,998. Additionally, the expenditure amount also includes payments to the Cal PERS retirement system a portion of which will be applied to the City's unfunded liability.

In developing the budget staff has used the Adopted City- Wide Goals as a guide. In the General Fund the following are recommended changes from the previous year.

- Recreation and Parks-Fund part-time Recreation Coordinator in Parks and Recreation
- Recreation and Parks-Re- establish Recreation Commission
- Non Departmental- Contribute \$6,127.00 from General Fund to off-set portion of rent cost for the Library.

- **Public Safety-** Initiate Public Safety restructuring over a two- year period utilizing full benefit of the revenue from Airport Agreement to cover costs.
- **Building and Planning-** Complete General Plan Update including Environmental review, and zoning code updates with costs off-set with grant funding.
- **City Council-Recommendation** to rejoin the California League of California Cities. Membership in the League is on a Calendar Year basis. Consequently the cost in FY19-20 would be approximately \$2,500 and in FY 20-21 the cost would be \$5,000.
- **Initial financing** of software upgrade identified as \$45,000 from the General Fund with a first year total expenditure of \$75,000 from all funds

ENTERPRISE FUNDS

Both Water and Wastewater Fund balances when viewed as combined are positive. In Water in FY19-20 the combined balance is \$3,690,087. In Wastewater in FY20-21 the combined balance is \$5,511,250.

CAPITAL IMPROVEMENT PROGRAM

As a part of this budget cycle staff is introducing the Capital Improvement Program. The CIP identifies all of the Capital projects to be undertaken during the budget cycle. In most cities the CIP is a five year plan that will provide a long range view for capital projects the city desires. The proposed CIP will provide the City of Guadalupe a solid base from which to develop a long range plan. With Council approval the City plans on completing \$4, 984,491 in year one and \$7,556,200 in year two in Public Improvements. The single largest project will be LeRoy Park at slightly more than \$4million and funded by CDBG. In addition to LeRoy Park there are several street, water and wastewater projects that will be undertaken during the time period.

FISCAL IMPACT:

All City Funds will be impacted by the approval of the budget. The budget will become the operational plan for the City.

FINANCIAL POLICIES

ADOPTED BY THE CITY COUNCIL - RESOLUTION NO. 2019-32

The cornerstone of municipal financial management is a sound policy that sets forth guidelines in the areas of revenues, operating expenditures, investments, reserves, financial reporting, capital improvements, and budgeting. Elected officials and appointed staff are accountable for public funds and responsible for the wise management of municipal finances. The community is entitled to reports that clearly communicate the financial health of the City. The following policies will guide and influence the financial management practices of the City of Guadalupe.

BUDGET POLICIES

The City Administrator will provide a proposed Annual Budget to the City Council no later than June 1st of each year, and the City Council will review and adopt an Annual Budget no later than June 30th every year.

The City's budgetary system will be integrated and compatible with the accounting system, and the City Budget will be prepared on a basis in conformance with Generally Accepted Accounting Principles (GAAP).

The Mid-Year Budget Review will be presented no later than the first regular City Council meeting in March of each year. The Mid-Year Budget Review will include the current status of revenue collections and budget expenditures, economic trends, and state budget deliberations, as well as any proposed amendments necessary to bring the budget back into balance.

Annually, the City may seek the Government Finance Officers Association (GFOA) Certificate of Achievement for Distinguished Budget Presentation award.

Annually, the City's Comprehensive Annual Financial Report (CAFR) will be prepared by an independent auditor in accordance with Government Auditing Standards issued by the Comptroller General of the United States.

Annually, the City may seek the Government Finance Officers Association (GFOA) Certificate of Achievement for Distinguished Budget Presentation award.

Annually, the City may seek the GFOA Certificate of Achievement for Excellence in Financial Reporting.

RESOURCES

Resources are defined as revenues collected during one fiscal year, as well as resources carried over from prior years. Revenues may be ongoing or one-time in nature, but resources from prior years are always one-time in nature. The following policies shall apply to resources:

- One-time resources will be used for one-time expenditures or enhancement of reserves.
- All revenue forecasts will be conservative.
- Regular reports comparing actual to budgeted revenues will be prepared by City staff for the City Council.
- The City will avoid using one-time resources to fund ongoing municipal services.
- All potential grants shall be carefully reviewed for matching and/or maintenance-of-effort requirements.
- Intergovernmental grants, which are grants will be evaluated to determine the long-term operating and maintenance costs associated with the grant.

EXPENDITURES

Expenditures are payments made to employees, vendors, or contractors supplying goods or services to the City, except as provided in GMC; all expenditures must be made consistent with appropriations approved by the City Council in the **Annual Appropriation Resolution**.

- Regular reports comparing budget expenditures to actual expenditures must be made consistent with appropriations approved by the City Council in the **Annual Appropriation Resolution**.
- When new operating programs or capital projects are proposed, staff will provide City Council with an analysis of the one-time and ongoing costs associated with the program or project.
- With the exception of initial expenditures for the creation of new programs or during periods of economic distress which result in reductions in local revenues or state funding for municipal activities, all ongoing costs for operating programs shall be paid from the ongoing revenues.

Reserves

It shall be the City's policy to draw down reserves consistent with the following priorities:

- The use of reserves for one-time expenditures that generates ongoing cost savings or cost avoidance.
- The use of reserves for one-time expenditures that generates ongoing revenue enhancements.
- The use of reserves for a one-time expenditure that leverages the expenditure of significant public or private investment in the City by other entities.
- The use of reserves to offset shortfalls in the collection of revenues.
- The use of reserves to offset unanticipated increases in expenditures for current programs or projects.

The General Fund Reserves for the City is established as a minimum of 15% of operating expenditures with a goal of at least 20%. The minimum reserves of 15% is comprised of a General Reserve and Emergency Reserve as described below:

GENERAL FUND - GENERAL RESERVE

The City hereby establishes a General Reserve of 10% of the current fiscal year's General Fund operating budget. The General Fund reserve should be increased to an amount greater than 10% when economic conditions warrant. The specific purpose of the General Reserve is to provide funding to meet operational appropriation requirements in the event that the City experiences shortfalls in the collection of General Fund revenues or major unanticipated increases in expenditures.

Any transfer of funds from the General Reserve may only be made upon City Council approval of an amendment to the **Annual Appropriation Resolution**.

GENERAL FUND - EMERGENCY RESERVE

The City hereby establishes an Emergency Reserve of not less than 5% of the General Fund operating budget. This reserve is established for the purpose of providing emergency funding as a result of a declared emergency or to fund an unanticipated urgent event affecting or threatening the public health, safety, and welfare of the City of Guadalupe. The goal is to have the Emergency Reserve equal one year's contribution from the largest revenue source.

Any transfer of funds from the Emergency Reserve may only be made upon City Council's approval of an amendment to the **Annual Appropriation Resolution**, subsequent to the City Council's finding that the guidelines established in the Resolution have been met.

WATER ENTERPRISE FUND - GENERAL RESERVE

The City hereby establishes a General Reserve of not less than 10% of the current fiscal year Water Fund operating budget. The Water Fund's General Reserve should be increased to an amount greater than 10% when economic conditions warrant. The specific purpose of the General Reserve is to provide funding to meet operational appropriation requirements in the event that the City experiences shortfalls in the collection of Water Fund revenues or unanticipated increases in expenditures.

Any transfer of funds from the Water Fund's General Reserve may only be made upon City Council approval of an amendment to the **Annual Appropriation Resolution**.

WASTEWATER ENTERPRISE FUND - GENERAL RESERVE

The City hereby establishes a General Reserve of not less than 10% of the current fiscal year Wastewater Fund operating budget. The Wastewater Fund Reserves should be increased to an amount greater than 10% when economic conditions warrant. The specific purpose of the General Reserve is to provide funding to meet operation appropriation requirements in the event the City experiences shortfalls in the collection of Wastewater Fund revenues or unanticipated increases in expenditures.

Any transfer of funds from the Wastewater Fund's General Reserve may only be made upon City Council approval of an amendment to the **Annual Appropriation Resolution**.

APPROPRIATION TRANSFER AUTHORITY

The following criteria establish the transfer authority for appropriations as set forth in the fiscal year budget.

- Transfers between line items in the same program may be made by department heads.
- Transfers between programs in the same fund may be made by department heads with City Manager approval.
- Transfer between department budgets within the same fund may only be made by the City Council.
- Transfers between different funds may only be made by the City Council.

- Transfers to or from employee services line items may be made by the City Manager.

CAPITAL IMPROVEMENT PROGRAM

Annually, City staff will propose a Capital Improvement Program covering the subsequent five fiscal years. The plan will recommend specific funding of projects for the next three years and identify projects for further consideration.

The Capital Improvement Program will include a listing of projects for further consideration by the City Council. Such projects will be those which are determined to merit further study, but lacking funding sources.

Capital improvements will include Facilities and Infrastructure improvements which are valued over \$50,000.

Capital Improvement Program projects will be reviewed to determine the best method of financing the project. City Council will determine whether the project is funded on a “pay as you go” basis or a debt instrument.

The City will continue imposing development impact fees which ensure that a new development pays its fair share of the increased service capacity.

FISCAL MANAGEMENT

It is the City’s policy to minimize the subsidization by the general taxpayer of the costs of services provided to the public which are of specific benefit, rather than general benefit. The City Council shall annually consider establishing specific cost-recovery policies related to such costs to be reflected in the Master Fee Schedule.

Consistent with the State Constitution, charges for services will not exceed the cost reasonably borne to deliver those services. Costs reasonably borne may include direct and in-direct costs, as well as reasonable reserves or amortization of equipment associated with the provision of the services.

The City will annually review the Master Fee Schedule to ensure that each user fee is reflective of its intended cost-recovery percentage, and will revise the fees as needed or revise the cost-recovery percentage.

The City will maintain water and sewer rate structures which are adequate to ensure that these enterprise funds remain firmly and separately self-supporting, including the cost of operation, infrastructure maintenance and replacement, indirect cost recovery, and debt service. Whenever required by bond indentures, the City will determine whether debt service coverage ratios are being met. Whenever coverage ratios are

not being met, staff will recommend rate increases or expenditure reductions or some combination of the two, in order to meet coverage ratios.

An independent firm of certified public accountants will perform an annual financial and compliance audit according to General Accepted Auditing Standards (GASS) which will be incorporated into the Comprehensive Annual Financial Report.

INVESTMENTS

The City will continue to have a written investment policy approved by City Council resolution annually. The policy for investments in priority order are safety, liquidity and yield.

The City Council will receive reports on the cash position and performance of City investments at a minimum of a quarterly basis.

CAPITAL ASSETS

Future maintenance needs for all new capital facilities will be fully costed out.

All equipment and facility maintenance needs for the next five years will be projected and updated annually.

All assets will be maintained at a level that protects capital investment and minimizes future maintenance costs.

Department Description

The Police Department strives to protect and serve all those who live, work, and/or visit Guadalupe. Under a philosophy of Community and Constitutionally Based Policing, the Department works in cooperation with the community to promote public safety and reduce crime. The policing philosophy is threefold: first, to reduce crime; second, to reduce residents' fear of crime; and third, to work in partnership with the community in an effort to improve the quality of life for all residents of Guadalupe.

Department Description

In November 2008, the voters of Santa Barbara County passed Measure A, which will continue the 1/2 cent sales tax authorized by Measure D. Measure A became effective on April 1, 2010, remaining in effect for 30 years, with an expiration date of March 31, 2040. The purpose of Measure A is to improve and maintain streets and sidewalks in accordance with Santa Barbara County Association of Governments's (SBCAG) guidelines for the voter-approved measures.

Department Description

Local Transportation Funds are used for transportation services for the citizens of Guadalupe. After all unmet needs are satisfied, the funds may be used for street construction, repair and maintenance. The goal of the LTF fund is to effectively meet the needs and expectations of the residents and businesses of Guadalupe with City transit services that connect our community with priority destinations throughout the County.

Department Description

On March 16, 2016, the California Transportation Commission (CTC) approved the Cycle 3 CTC ATP Guidelines. The Cycle 3 Call for Projects in 2016 included the 2019/2020 and 2020/2021 state funding years, and totaled approximately \$240M. On September 14, 2016, the Governor signed the Budget Act of 2016, appropriating \$10 million in Greenhouse Gas Reduction Funds (GGRF), to augment Active Transportation Program funding. The ATP Cycle 3 projects were further increased during ATP Cycle 3 Augmentation, with CTC approval of additional projects at their October 2017 CTC Meeting.

Department Description

The Water Operations Department is in charge of water quality and quantity. The staff performs thousands of water quality tests each year, ensuring that your drinking water is safe. All Water Systems Operators are certified with the California Department of Public Health. Along with maintaining your water quality, the Water Operators control the quantity of water within the distribution system, maintaining an adequate supply for all of your daily needs. Due to the diligence of the Water Operations team, the City's water quality consistently meets or exceeds all state and federal drinking water standards.
