Hello. My name is Richard "Deek" Segovia and I represent the Vietnam Veterans of America, (VVA) Chapter 982, Guadalupe, CA.

Last year we hosted Wreaths Across America at two Arroyo Grande Cemeteries. This program is about honoring our veterans during the holiday season by placing living wreaths on the graves of our soldiers that have passed. Last year our Chapter was responsible for placing over 2300 wreaths for our veterans. This year we, in partnership with the Girl Scouts of America Troop 50310, Orcutt, plan to place a wreath at the graves of all the 210 Veterans interred at the Guadalupe Cemetery where.

We are asking local (Guadalupe) organizations to help us pull the event together by assisting us with monetary donations, as it is neither practical nor possible to direct our fund-raising to organizations outside our community due to circumstances determined by Covid 19 restrictions. Our hope is that although we live in a small town, our community will come together to support this effort. There is no donation too small; whatever your organization can do, it will help!

Members of your organization are invited to attend the ceremony and wreath-laying, and there will be a small number of wreaths that will be available for purchase for those who would like to place a wreath at your loved ones interred at a different cemetery. If you choose to attend, social distancing and masks are mandatory for all. The event will be held on December 19th, 2020 at the Guadalupe Cemetery, 12 PM. Details are on the enclosed flyer.

Thank you so much, your help is greatly appreciated!

ROLL CALL:

Council Member Tony Ramirez Council Member Eugene Costa Jr. Council Member Liliana Cardenas Mayor Pro Tempore Gina Rubalcaba Mayor Ariston Julian All present

MOMENT OF SILENCE

PLEDGE OF ALLEGIANCE

AGENDA REVIEW

COMMUNITY PARTICIPATION FORUM

Mr. Ken Westall thanked the City for continuing to hold the meetings as some Cities are shut down for public services during the pandemic. He was concerned that he hadn't received a mail-in ballot and many others he knew didn't either. They are overwhelmed with the need for so many to be sent, but better organization needs to occur. He discovered a disturbing thing in that at least 6 people were registered on the roster to vote who did not live on his property or had moved away. He hopes we do go through our registrations and make sure we have a legitimate voting roster. He named the categories of people he supports to have a right to vote and those that don't.

CONSENT CALENDAR

The following items are presented for City Council approval without discussion as a single agenda items in order to expedite the meeting. Should a Council Member wish to discuss or disapprove an item, it must be dropped from the blanket motion of approval and considered as a separate item.

1. Waive the reading in full of all Ordinances and Resolutions. Ordinances on the Consent Calendar will be adopted by the same vote cast as the first meeting, unless City Council indicates otherwise.

- 2. Approve payment of warrants for the period ending October 22, 2020.
- 3. Approve the Minutes of the City Council Regular Meeting of October 13, 2020 to be ordered filed.
- 4. Accept First Quarter Financial Report Fiscal Year 20-21.
- 5. Approval of a New Professional Consultant's Agreement with Rural Community Development Corporation of California (RCDCC).
- 6. Adopt Resolution No. 2020-83 approving an agreement with Itech Solutions for IT services.
- 7. Adopt Resolution No. 2020-84 authorizing the City of Guadalupe to approve an agreement with the Guadalupe Union School District for funding of a School Resource Officer under COPS in School Partner Program.
- 8. Adopt Resolution No. 2020-85 authorizing the Guadalupe Fire Department to accept the Cal Fire, VF (Volunteer Fire Assistance) Grant.

9. MONTHLY REPORTS FROM DEPARTMENT HEADS

- a. Police and Fire Department Report for September 2020
- b. City Treasurer's Report for September 2020
- c. Recreation & Parks Department Report for September 2020

Council Member Cardenas pulled items 2 and 3; Council Member Ramirez pulled item 5; Council Member Rubalcaba pulled items 7 and 8

Motion made by Council Member Rubalcaba and 2^{nd} by Council Member Cardenas to approve Items 1,4,6 and 9. 5/0 passed.

Agenda Item 2—Council Member Cardenas asked about an invoice for remodel. Finance Director Lorena Zarate answered that it was a fireman's issue and it was a credit and a debit which made it a wash. Item 3--On page eight, insertion of the name Mireya Pena which had been left out. Cost pointed out that Mr. Guzman's name was misspelled.

Mr. Ramirez pulled Item 5 because he is a part of their board now and is giving notice he cannot participate in voting on that issue.

Motion made by Council Member Cardenas and 2nd by Council Member Costa Jr. to approve agenda item 5. 5/4. 1 abstained Council Member Ramirez. Passed.

Agenda Item 7— Council Member Rubalcaba asked about the 50% of uniforms for the school guard to be billed to this school district and remaining cost be absorbed by the City of Guadalupe. How do we pay and when, if at all, do we get reimbursed?

Finance Director Zarate stated it was quarterly. Council Member Costa Jr. asked if the officer would be an 8-hour day position. Chief Cash answered that it would be a 4-10 schedule. They work Tuesday, Wednesday, Thursday, and Friday. This officer has gone through training that deals with children who've had special issues. Chief Cash says he has spent time to be sure he has the best candidate to work with the school, parents and school on issues.

Agenda Item 8—Council Member Rubalcaba asked that under acceptance of the firefighter grant, it says partial reimbursement for the acquisition of wildfire pants and boots. Does that mean the other money comes from the General Fund and it is being reimbursed or another source? This is a 50/50 grant and we have not had expenditures yet. If approved by Council tonight, we will then go out and purchase this equipment for use in the future as it will come. Our firefighters just got back, after doing 21 days on loan for firefighting in other communities. The half we pay is out of fund 76; a fund specifically set aside for public safety and related items; so, it's not out of the General Fund.

Motion made by Council Member Ramirez and 2nd by Council Member Costa Jr. to approve the remaining items. 5/0 passed.

<u>CITY ADMINISTRATOR REPORT</u>: (Information Only)

Administrator Bodem gave an update on projects of the City. Slurry sealing is happening on parts of Obispo, Pacheco, 5th,9th, 12th, Peralta, Cappodonico. Obispo water replacement; 9th to 11th Streets are out for bid. Date of bid closure is October 29th. Concrete replacement in front of City hall is out for quote, due Nov 20th, 2020. Developing a study of water and sewer rates to go out before the calendar year. Lorena is working a General Fund rate (fee rates study) to be presented in the future. Wastewater plant will be bored for cleaning in preparation for reinstating half of the advanced integrated pond system. Received and scheduled technical memo 5 as plan to be completed by the end of the calendar year.

The County has requested one officer to arrive at City hall at 7 PM on November 3rd to secure the voting drop box. That officer will shut that box at 8 PM, retrieve the ballots and take to the County.

He stated that they had talked on a conference call about the General Plan update and will take a tour and everyone is confident about the work being done by EMC.

DIRECTOR OF PUBLIC SAFETY REPORT: (Information Only)

Chief Cash reported that the movie company was here for 4 days and they worked with him to put together a group to outline costs and he feels we've learned a lot as far as working with production companies. He discovered that we have a wealth of talent and they've put together a model for the

future. Together we were able to negotiate a fair price and were also able to direct them to sites and areas of our City to include in their production. They seemed to enjoy their time here. I'm sure they will be back, and hopefully, they will spread the word.

He relayed to the Council that he has applied for a grant from the State for a Public Safety Resiliency Program. It's for two generators and the Financial Director let him know there's no money for them at present. These generators are to ensure our City Hall is up and running in the worst-case scenario. We need to be sure government is still running, our water system is going and we can use the building for emergency shelter. The grant looks very promising.

With the voter aspect, we need to have an officer at 7 PM at the voting box to make sure it closes at 8 PM and no one is voting after the cut off time. Someone from the voting office will pick up the box and we will escort them back to the office where they will lock it down. We are working on a code compliance hire, and keeping our fingers crossed to get them on board as soon as possible. Fire Department is 95 % done, doing some checks and balances on their renovation of their office space. They want to have a ribbon cut ceremony and put a plaque up to commemorate.

At the Mayor's suggestion, he gave a review of where we stand on Covid numbers. The Chief reported that when we pushed back a little, our numbers climbed, and we have to be realistic. People and the businesses in Guadalupe are responding with wearing more masks and signs in businesses. Cities that are putting things back in place are growing in numbers of sick people with Covid. Our citizens are adhering to the rules but still getting out and enjoying life. We need to do what's best for Guadalupe. We meet every Monday morning to discuss COVID-19 and how to deal with it. Mayor Julian commented that we still have too high a number of Covid incidents.

Mr. Bodem stated that we got another grant for planning use, \$104,000. Planning consultants aren't cheap, so it helps out.

Finance Director Zarate reported that due to Covid, some people are falling behind in their utility bills and they haven't been charging late fees. We found when late billing notices went out on the 20^{th} , a couple were late as much as \$1,000 dollars; so, we sent out a letter stating that we could set up a payment plan so they didn't get so far behind. If they don't call us to set up the payment plan, we are authorized to charge late fees. We are getting calls, so we'll see what the results are next month. We'll begin to charge late fees next month. Mr. Costa asked if the company setting up the payment plan could waive their fee? Ms. Zarate answered that the fee was \$1.23 and she has not spoken to them about it. They collect that fee on their end.

REGULAR BUSINESS

10. Proposition 68 Per Capita Grant Application.

Written report: The

Thomas Brandeberry, RCDCC

<u>Recommendation</u>: That the City Council adopt Resolution No. 2020-86 authorizing the City's application to the State Department of Parks and Recreation for Proposition 68 grant funding under the Per Capita Program.

Mr. Brandeberry, RCDCC, spoke saying the City had asked him to do a couple of applications, on being Prop 68. The Prop 68 grant takes a pot of money from the State and divvies it up between the Cities by per capita. Guadalupe's share is \$177,00 and what we need to do is get a Resolution to submit the application for the money. The money will be used for staff and LeRoy Park and Stakeholder's group. It will pay for some of the features that did not get covered before. As costs went up, some original features were cut, but this will restore some of them. Prop 68, competitive grant, will be in the December meeting.

Motion made by Council Member Rubalcaba and 2nd by Council Member Cardenas to adopt Resolution No. 2020-86. Roll Call. 5/0 passed.

FUTURE AGENDA ITEMS

No overnight camping on November 28, 2020. Attorney Sinco stated there was a federal case before the judges about this subject now and he feels he needs more clarification as to what the Council is trying to achieve. Mayor stated the issues were: parking in parks and public places overnight. Sinco said a simple resolution is a fix for City Parks. He cited other issues and wanted direction. Some discussion as to what should be covered was discussed briefly with input from the Council and Chief Cash. It was decided Mr. Sinco would present options in November.

ANNOUNCEMENTS - COUNCIL ACTIVITY/COMMITTEE REPORTS

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of November 10, 2020

Prepared by:

Amelia M. Villegas, Human Resources

Approved by:

Todd Bodem, City Administrator

SUBJECT:

Guadalupe Police Officers Association Memorandum of Understanding for the time

period July 1, 2020 through June 30, 2022

RECOMMENDATION:

It is recommended the Council adopt Resolution No. 2020-87 approving a Memorandum of Understanding (MOU) with the Guadalupe Police Officers Association for the time period of 07/01/2020 through 06/30/2022.

BACKGROUND:

The previous agreement between the City and the Guadalupe Police Officers Association (GPOA) expired on June 30, 2020. City management and the GPOA negotiation team jointly worked on an approach that would put in place an updated agreement.

Key components of the proposed MOU are as follows:

- 2- year term from 07/01/2020 to 06/30/2022
- The following two (2) COLA adjustments have been incorporated:
 - 4.0% effective 07/01/2020
 - 3.0% effective 07/01/ 2021
- Modification to Article 2.09, <u>Holidays</u>: One additional holiday, New Year's Eve, has been added to the current listing of holidays for a total of twelve and two (2) floating holidays. Sworn employees will now receive 5.53 hours per pay period as opposed to 5.07 hours. Non-sworn will receive the additional 8-hour paid holiday.

For sworn employees, the two (2) floating holidays allotted each calendar year will be at 12 hours per floating holiday versus 10 hours. The is a correction that will become effective 01/01/2021.

- Modification to Article 2.13 of the MOU, <u>Military Leave</u>: The City will allow any employee who is called to military leave, e.g. two-week summer duty, weekend duty, etc., to be on a full-pay status. The employee will not have to use any accruals for this purpose.
- Modification to Article 2.07 of the MOU, <u>Compensatory Time</u>: Add the maximum of 150 hours
 of compensatory time an employee can cash out. Also change the cash out frequency from
 "every other calendar" month to "once every three calendar months".

FISCAL IMPACT:

The City is in the second year of its approved two-year budget. The estimated cost for the current fiscal year is \$93,900 which is about 5% of the total compensation and benefit cost which is \$2,058,820. The approximate cost for FY 21/22 is \$43,711. While the total cost of the agreement appears significant, the costs will be spread over these two fiscal years. Over the past couple of years overtime has been an issue. The department has been understaffed causing overtime to rise over the past couple of years. Approval of this MOU should assist with the recruitment and retention of police officers and with the reduction of overtime costs. Overtime costs were in excess of \$100,000 during this last fiscal year.

1. INTRODUCTION

- 1.01 Preamble. The following constitutes a Memorandum of Understanding (MOU) that resulted from meeting and conferring in good faith concerning the wages, hours and other terms and conditions of employment, between the City of Guadalupe (City) and the Guadalupe Police Officers Association (POA).
- **1.02 Recognition.** The City recognizes the POA to be the recognized employee bargaining association representing the classifications of Police Officer, Police Corporal, Police Sergeant, Police Office Manager and Records Technician.
- **1.03 Purpose.** It is the purpose of this MOU to promote and provide for harmonious relations, cooperation and understanding between the City and employees covered herein and to provide an orderly and equitable means of resolving any misunderstanding or differences which may arise regarding wages, hours and other terms and conditions of employment.
- 1.04 Maintenance of Operations. For the term of this MOU, neither the POA or any members of the POA, nor any person acting in their behalf, will cause, authorize, engage in, or strike against the City, or engage in a work stoppage, slow down, or concerted failure to report for duty, or unauthorized absence or abstinence from the full and faithful performance of their duties of employment. This is not to mean that the POA members are waiving any rights as to the protection of personal safety as they may pertain to the refusal to cross the picket lines of another public employee organization on strike, or to the informational picketing by employees on their own time.
- 1.05 Maintenance of Benefits. All wages, hours and other terms and conditions of employment of POA members shall remain in full force and effect during the term of this contract. Any changes to those policies, practices or procedures that impact wages, hours and other terms and condition of employment must be effectuated by the mutual written agreement of the parties.

2. WAGES, BENEFITS AND WORK-RELATED RULES.

- (2) Officers may, upon mutual agreement, swap shifts with another officer of same rank, for a full or partial deployment period. The employees involved shall notify the Police Chief of the shift swap in writing. An officer who, as part of a disciplinary action, is required to work a shift, may have his or her shift swap cancelled by the Police Chief.
- **B. Breaks.** Employees shall be entitled to one (1) thirty-minute paid meal break per duty shift, during which time sworn personnel shall remain in uniform and subject to call if necessary for any urgency or emergency. Calls not of an urgent nature shall be handled after the meal break. Employees shall be allowed to take two (2) fifteen-minute paid break periods. Breaks shall be as close to two (2) hours from the start of the shift and two (2) hours before going off duty as practical. A meal period shall be as close to four (4) hours after the start of the shift as possible. The time limits shall be adjusted on a case-by-case basis taking into consideration the nature of police work, specifically, calls for service and 'on-view' violations observed by the officer.

- **2.06 Cell Phones.** When any employee is required to carry (wear) a department issued cell phone, said employee shall be responsible for telephonic response to any emergency pages from the department and/or supervisor(s) within a reasonable time period based upon each individual circumstance.

The employee shall not be held responsible for a telephonic response if the employee is deemed to have not been within cell phone range, the employee's cell phone is found to be defective, the employee is unable to reasonably respond to the emergency situation, or if the employee's response would be of little or no value given time and distance considerations.

Each eligible employee shall be required to have served the equivalent of one (1) year of continuous service with the City in order to be eligible for full annual vacation leave. However, in the event an employee so chooses, he/she may, after six (6) continuous months of service, take vacation leave not to exceed four (4) working hours with his/her

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of November 10, 2020

Sonía Ríos

Prepared by:

Sonia Rios-Ventura, RCDCC

Approved by:

Todd Bodem, City Administrator

SUBJECT:

Adopt Resolution No. 2020-88 amending and replacing resolution No. 2020-67

authorizing the City to apply for the Community Development Block Grant Coronavirus

Response Round 1 (CDBG-CV1) grant program.

RECOMMENDATION:

It is recommended that the City Council adopt Resolution No. 2020-88 amending and replacing Resolution No. 2020-67 to apply for a Community Development Block Grant Coronavirus Response Round 1 (CDBG-CV1) grant program funds to create a COVID-19 high risk households food delivery service, manage the grant, hire a Coronavirus Community Service Coordinator, buy all needed equipment, and execute the grant if awarded.

DISCUSSION:

Resolution No. 2020-67 was approved on August 11, 2020 and sent to CDBG along with the CDBG-CV1 application. The CDBG-CV1 funds will be used to hire a Coronavirus Community Service Coordinator position to coordinate the City's weekly food distribution, support all other food distributions with the city, set up a list of households who have COVID-19 high risk individuals in the home, and provide any additional delivery services (prescription pick up, for example) to those households.

On October 26, 2020 we received an email from the CDBG program stating that in section one of the resolution it stated that the City Council/County Board of Supervisors had reviewed and approved the submission of the application but only the City Council had signed the resolution. Due to this clerical error resolution 2020-67 needs to be amended and replaced for the City to receive the \$84,676 award.

FISCAL IMPACT:

The cost to operate the CDBG-CV1 program, to manage the contract and purchase needed equipment will be fully paid by the CDBG grant, \$84,676. There is no match requirement. There will be no fiscal impact to the City.

ATTACHMENTS:

DISCUSSION:

In 2014, the Water Master Plan identified project number EWCIP – 6 as an upgrade of 470 feet of 6-inch cast-iron pipe and 2,490 feet of 8-inch AC pipe to 12-inch PVC pipe on Obispo St. from Fir St. to 10th St., to meet fire flow requirements, and an additional project (EWCIP – 11) for an upgrade of 960 feet of 4-inch AC pipe to 10-inch AC pipe on Obispo Street from 10th St. to 12th St. to meet industrial fire flow requirements. After careful review of the water distribution system and consideration of limited funds, City staff believes that the best solution to meet needs in the most cost-effective manner is to replace the 470 feet of 6-inch pipe on Obispo Street from 9th to 10th St. and about 460 feet of 4-inch pipe on Obispo St. from 10th St. to 11th St. to 12 – inch PVC. The remaining 500 feet of 4-inch pipe along with the 2,490 feet of AC pipe on Obispo St. from Fir St. that needs to be upgraded will have to wait until sufficient funds are available.

On October 9, 2020, the City solicited formal proposals for the Obispo Street Waterline Project. The request for proposals (RFP) was available on the City's website and advertised in the Santa Maria Times.

The deadline to receive proposals was 2:00 p.m., October 29, 2020. The City received 10 proposals, ranging from \$295,000 to \$554,989. The lowest proposal, from Mainline Engineering Construction Inc. was found to meet the City's needs.

Staff recommends awarding the contract to Mainline Engineering Construction Inc. for a total of \$295,000. It is also recommended to authorize the City Administrator to approve contract change orders during construction up to 15% over the contract amount if deemed necessary.

FISCAL IMPACT:

This construction project was budgeted in the FY 2020 – 21 budget. The bid amount is lower than the engineer's estimate of \$432,883 and the budgeted amount of \$500,000.

- Section 3. <u>Additional Services</u>. Contractor shall not be compensated for any services rendered in connection with its performance of this Agreement which are in addition to or outside of those set forth in this Agreement or listed in <u>Exhibit A</u>, unless such additional services are authorized in advance and in writing by the City Council or City Administrator of City. Contractor shall be compensated for any such additional services in the amounts and in the manner agreed to by the City Council or City Administrator.

Section 4. Compensation and Method of Payment.

The invoice shall detail charges by the following categories: labor (by subcategory), travel, materials, equipment, supplies, sub-contractor contracts and miscellaneous expenses. City shall independently review each invoice submitted by Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement and Scope of Services. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event City disputes any charges or expenses, City shall return the original invoice

to Contractor with specific items in dispute identified for correction and re-submission. All undisputed charges shall be paid in accordance with this Agreement and Scope of Services.

- (c) Except as to any charges for work performed or expenses incurred by Contractor, which are disputed by City, City will cause Contractor to be paid within forty-five (45) days of receipt of Contractor's invoice.
- (d) Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.
- (e) Contractor shall have the right to suspend services if not paid in accordance with this Agreement.

Section 5. <u>Inspection and Final Acceptance</u>. City may inspect and accept or reject any of Contractor's work under this Agreement, either during performance or when completed, if the work is found to be defective or not in compliance with the defined Scope of Services. Indemnitees need not have first paid for any of the matters to which Indemnitees are entitled to indemnification in order to be so indemnified. The insurance required to be maintained by Contractor under Section 16 shall ensure Contractor's obligations under this section, but the limits of such insurance shall not limit the liability of Contractor hereunder. The provisions of this section shall survive the expiration or earlier termination of this Agreement.
- (c) The provisions of this section do not apply to Claims occurring as a result of the City's sole negligence or willfully wrongful acts or omissions.
- (d) City agrees to indemnify Contractor for any such neglect or willfully wrongful acts committed by City or its officers, agents or employees.

In the alternative, CITY may cancel this Agreement.
- (4) Waiver of Subrogation: All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against CITY, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow CONTRACTOR or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. CONTRACTOR hereby waives its own right of recovery against CITY, and shall require similar written express waivers.
- (5) Enforcement of Contract Provisions (non estoppel): CONTRACTOR acknowledges and agrees that any actual or alleged failure on the part of the CITY to inform CONTRACTOR of non-compliance with any requirement imposes no additional obligations on the CITY nor does it waive any rights hereunder.

- (6) Requirements not Limiting: Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the CONTRACTOR maintains higher limits than the minimums shown above, the CITY requires and shall be entitled to coverage for the higher limits maintained by the CONTRACTOR. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the CITY.
- (7) Prohibition of Undisclosed Coverage Limitations: None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to CITY and approved of in writing.
- (8) Separation of Insureds: A severability of interests provision must apply for all additional insureds ensuring that CONTRACTOR's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.
- (9) Pass through Clause: CONTRACTOR agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by CONTRACTOR, provide the same minimum insurance coverage and endorsements required of CONTRACTOR. CONTRACTOR agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. CONTRACTOR agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to CITY for review.
- (10) City's Right to Revise Requirements: The CITY reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the CONTRACTOR a ninety (90) day advance written notice of such change. If such change results in substantial additional cost to the CONTRACTOR, the CITY and CONTRACTOR may renegotiate CONTRACTOR's compensation.
- (11) Self-insured Retentions: Any self-insured retentions must be declared to and approved by CITY. CITY reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by CITY.
- (12) Timely Notice of Claims: CONTRACTOR shall give CITY prompt and timely notice of claims made or suits instituted that arise out of or result from CONTRACTOR's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement, entitling City to any and all remedies at law or in equity, including summary termination of this Agreement. City acknowledges, however, that Contractor, in the performance of its duties pursuant to this Agreement, may utilize sub contractors.

Section 18. <u>Continuity of Personnel</u>. Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff assigned to perform the services required under this Agreement. Contractor shall notify City of any changes in Contractor's staff assigned to perform the services required under this Agreement, prior to any such performance.

Contractor shall furnish to City a final invoice for work performed and expenses incurred by Contractor, prepared as set forth in Section 4 of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in Section 4 of this Agreement.

Section 20. <u>Default</u>. In the event that Contractor is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Contractor for any work performed after the date of default and may terminate this Agreement immediately by written notice to Contractor.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of November 10, 2020

Prepared by:

Shannon Sweeney,

Public Works Director/City Engineer

Approved by:

Todd Bodem, City Administrator

SUBJECT:

Pasadera Lot 9 Map Modification

RECOMMENDATION:

That City Council receive report regarding Pasadera Lot 9 modification.

DISCUSSION:

On October 8, 2019, a public hearing was held to consider the Vesting Tentative Tract Map 29,064 proposal to subdivide Lot 9 of Tract Map 29,060 filed on May 9, 2014 (APN 113 – 450 – 09) consisting of 11.56 acres into 79 single-family lots having a minimum size of 3,000 ft.² and five (5), lots for storm water infiltration and storm drainage to the regional Pasadera Basin.

At the time of the public hearing, an at-grade crossing over the railroad tracks at the end of Arroyo Seco was anticipated to be sufficient to provide emergency access to residences located south of the railroad tracks, in conjunction with a bridge over the railroad tracks at Obispo Street.

Since that meeting, Union Pacific Railroad and Santa Maria Valley Railroad have indicated that they will not accept the previously proposed at-grade emergency ONLY crossing at the south end of Arroyo Seco. As such, they will not process the application for the Obispo Street bridge until they receive information on the Arroyo Seco crossing that is acceptable to them. The development is now proposing to install a bridge similar to the Obispo railroad crossing design for the railroad crossing at Arroyo Seco. Unfortunately, the result of the installation of this bridge will reduce the Pasadera Lot 9 development (Tract 29,064) by 4 residential lots. The bridge will be provided within public right-of-way and dedicated to the City of Guadalupe. Fortunately, the ability exists in Lot 9 for elevation tweaks to provide the dirt needed for the bridge abutment, thus the site is being lowered 12" to create the bridge abutment. The design changes to the grading plan, PIPs and Tract Map are underway and the revised plans will be forwarded to the City (and County for the Map) for review as soon as completed.

Section 66474.1 of the subdivision map act indicates that "a legislative body shall not deny approval of the final or parcel map if it has previously approved a tentative map for the proposed subdivision and if it finds that the final or parcel map is in substantial compliance with the previously approved tentative

map." All parties involved believe that this revised parcel map is in substantial compliance with the previously approved tentative map.

FISCAL IMPACT

Losing four residential lots in Lot 9 subdivision will result in the loss of property tax revenue from those four residences. However, the construction of the bridge over Arroyo Seco will facilitate the construction of over 300 lots associated with DJ Farms South, a much greater number of lots that can generate property tax revenue. Not building the elevated bridge is likely to result in an extracted battle with Union Pacific Railroad that will delay or preclude the construction of over 300 lots associated with DJ Farms South.

Public Works/Engineering Report October 2020

Development

Pasadera

Pasadera modified the layout of Lot 9 to accommodate an overland (versus at-grade) bridge at the end of Arroyo Seco. The redesign will result in four fewer residential lots.

Escalante Meadows

City staff continues to work with the developer on an easement vacation. In addition, City staff met with Escalante Meadows staff on October 1 to continue working towards determining how transit projects may help the competitiveness of a grant on which Escalante Meadows is currently working.

Facilities

American Legion Hall

Additional signs of termite infestation were observed. The pest control company performed spot treatment in October under warranty.

City Hall

Staff have purchased signs to help the public navigate City Hall. These signs were installed in October.

General

Public Works intern

American Public Works Association (APWA) has a scholarship program for public works interns. The scholarship provides \$3,000 per internship. The City of Guadalupe was invited to develop such an internship. The position was advertised on September 1 on the Indeed website, at Cal Poly's environmental engineering job board, on the APWA website and on the City's homepage. Four candidates were invited for interview; these interviews were conducted October 29 and 30.

Parks

LeRoy Park Community Center

City staff met with the contractor, inspector, and consultant for weekly coordination site meetings on October 28. To date, \$135,000 of the approved \$205,000 contingency has been approved to be spent. Staff disassembled the playground, parts of which will be installed at Jack O'Connell Park at a later date.

Jack O'Connell Park

staff discovered a water leak the week of October 19. The irrigation system was been turned off to allow the ground to dry out sufficiently to facilitate the repair. Subsequently, it was found that the problem was upstream of the irrigation valves and additional work was needed to isolate the problem and dry out the park. Repairs are scheduled for November.

Streets

ATP Project

The City received its final reimbursement check for this project in the amount of \$33,259.06 on October 22. The quarterly report to the State was completed on October 19. A final pedestrian count report will be due in May 2021.

2020 Slurry Seal Project

slurry ceiling was conducted the week of October 19. The painting of stripes will be completed in November.

Stormwater

City staff compiled data for the stormwater annual reporting for MS4 Phase II facilities, which is due to the state by October 30.

Transit

Moore and Associates continues to work on the Short Range Transit Plan during the month of September. They completed technical memo #5 in October, which describes the operational, financial, and capital plans for the next five years.

Water

Well Abandonment

Right-of-way work for the 5th Street Well abandonment was completed on October 14. Paving was done the following week.

Obispo Waterline Replacement

The City opened bids for the Obispo Street waterline on October 29. 10 bids were received. The low bid was \$295,000, below the engineer's estimate and budgeted amount.

Regulatory

The State Water Resources Control Board Division of Drinking Water conducted a sanitary survey of the City's water system on October 28. Overall, the City's system is in good shape. Two items that were identified as needing attention include the cathodic protection equipment on top of the water tank and distribution system line isolation. Parts to address the cathodic protection will cost \$1,497 from Corrpro Waterworks. The City will save \$5,193 by installing these parts inhouse rather than having them installed by a contractor. This work is scheduled to be completed in November.

Wastewater

Process

The City had no violations at its wastewater treatment plant the month of October. Staff has begun working towards the reinstatement of one-half of the Advanced Integrated Pond System (AIPS) by having numerous conversations with suppliers and contractors to perform the work needed to install the system and clean the existing Biolac system. Such suppliers and contractors include aerator suppliers, companies that can remove sludge from the existing basins, the manufacturer of the grit system, the manufacturer of the Biolac and an HDPE repair company.

Collections system

In the month of October, there were no sewer overflows.

Hazardous Materials

Wastewater treatment plant staff updated their hazardous materials business plan with the County of Santa Barbara on October 13.

STATE OF EMERGENCY - COVID-19

On October 27, 2020, the U.S. Centers for Disease Control and Prevention (CDC) released new guidelines defining "close contact", potentially requiring employers to revise their COVID-19 safety policies and practices.

Under prior guidance, the CDC defined a close contact as someone who spent at least 15 *consecutive* minutes within six feet of an infected person, thus putting the individual at higher risk of contracting the virus.

The CDC updated its guidance to define a close contact as:

 Someone who was within six feet of an infected person for a cumulative total of 15 minutes or more over a 24-hour period starting from two days before illness onset (or, for asymptomatic patients, two days prior to test specimen collection) until the time the patient is isolated.

The broader definition looks at cumulative rather than consecutive. For instance, a person who was exposed three times in a 24-hour period—for five minutes during each encounter—would meet the definition. This broader definition most likely will have a big impact on schools, hospitals and workplaces where individuals have several separate interactions with others—totaling 15 minutes or more—over the course of a day.

An important consequence of this revision is the impact it will have on employers' ability to maintain staffing because it establishes a much lower threshold trigger for required quarantine.

Employers should have infected employees identify others who worked within six feet of them, for 15 minutes or more, within the 48 hours prior to the sick individual showing symptoms. This is now referred to as the 6-15-48 rule.

When determining whether an employee has been exposed to an infected worker for 15 minutes or more, employers will now need to look at brief interactions between employees and infected workers that may occur several times a day, instead of one or two prolonged exposures.

The CDC advises most employers to send home any employees who have had a risk of exposure under this analysis. Those employees should maintain social distancing and self-monitor for 14 days from the exposure. Those businesses will find that more employees will be required to be quarantined under this new rule, and thus will have fewer employees available to work in their facilities.

If a business is considered essential, however, CDC guidelines say exposed employees can continue to work onsite while self-monitoring and wearing a face mask, as long as exposed employees are asymptomatic. This will require a case-by-case analysis by department management for authorization to continue working.

As a result, the City's Covid-19 infection control plan will need to include this new definition and at a minimum, create a more detailed contact-tracing questionnaire.

Adhering to this new guideline, while adapting to the Santa Barbara County's movement to the Substantial/Red Tier is a fine line. The reopening plan allows for indoor services with limited capacity, but potentially raises exposure. Instead of simply asking infected workers who they were near for a prolonged period of time, employers may need to view surveillance video, documents that show when an employee clocked in and out, and other items that will help determine workers' interactions for worker's compensation claims.

WORKER'S COMPENSATION

One employee who has been out for since February 2019 for non-COVID related injury still remains out. No determination has been made on that claim to date. A conference call with CJPIA's defense attorney will be scheduled in early November.

Ergonomic solutions for five employees have been met. Ergonomic solutions for one employee is pending.
