REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Prepared by: Veronica Fabian Finance Account Clerk Reviewed by: Angie Pereyra-Leon Accounting Supervisor

Todd Bodem

Approved by: Todd Bodem City Administrator

SUBJECT: Payment of warrants for the period ending March 6, 2023, to be approved for payment by the City Council. Subject to having been certified as being in conformity with the budget by the Finance Department staff.

RECOMMENDATION:

That the City Council review and approved the listing of hand checks and warrants to be paid on March 15, 2023.

BACKGROUND:

Submittal of the listing of warrants issued by the City to vendors for the period and explanations for disbursement of these warrants. An exception, such as an emergency hand check may be required to be issued and paid prior to submittal of the warrant listing, however, this warrant will be identified as "Ratify" on the warrant listing.

Mayor Julian requested that the following order of the agenda be change under Regular Business:

- Item 14 becomes 13
- Item 13 becomes 14

5. <u>CEREMONIAL CALENDAR</u>

• Swearing-in Josue Ramirez, Police Officer

The City Council moved Josue Ramirez swearing-in ceremonial to the March 14, 2023, City Council meeting.

• Recognizing Firefighter of the year – Guadalupe Reyes, Fire Engineer

Public Safety Director Michael Cash provided a brief overview in honoring and recognizing firefighter of year, Guadalupe Reyes.

Fire Engineer Reyes approached the podium giving his ceremonial speech thanking all in attendance.

6. <u>PRESENTATION</u>

• Family Service Agency -The Little House by the Park, Sam Duarte

Family Services Director, Sam Duarte provided a PowerPoint Slide and presentation during the meeting. Mr. Duarte mentioned that the Little House by the Park offers resources and services to help families and individuals in Guadalupe. Programs include food assistance, clothing, counseling, health insurance application assistance, employment assistance, and leadership development opportunities.

The Little House by the Park is a trusted intermediary between residents and community institutions such as the Guadalupe Union School District. At Little House by the Park, families and individuals are not seen as vital and integral part of their community.

Our Case Managers work together to help families that need help with medical, insurance, housing, counseling, and nutritional needs.

The Guadalupe Parent Academy offers free educational opportunities in four key areas: Leadership Development, Education, Health, and Parenting.

The Guadalupe Community Changers is a group of parents who support the development of community projects. They encourage other parents to be more engaged in their children's education and create leadership opportunities for their own development.

Mr. Duarte said that they are looking for a new location but currently have meetings at the following locations:

LITTLE HOUSE BY THE PARK-NORTH Guadalupe Court 4202 11th St Guadalupe, CA 93434 Meet on Tuesday and Thursday

LITTLE HOUSE BY THE PARK-SOUTH Riverview Townhomes 234 Calle Cesar E Chavez Guadalupe, CA 93434 Meet on Monday, Wednesday, and Friday

For more information about of programs, contact us at (805) 343-1194.

Council Member Hernandez thank Mr. Duarte for engaging in this community and this input helped her decide to run for city council.

Mayor Julian said that prior to COVID Pandemic, there were meetings at different sites and there is good reason to include Spanish and Mixteco speaking translation to open the 'trust' level. Mayor Julian asked about the status of the Farmers market. Duarte said thy are still working on it.

Council Member Lizalde asked if you are looking for readers, please contact us. We appreciate that you are open to the community.

Mr. Duarte thanked the city council.

7. COMMUNITY PARTICIPATION FORUM

Each person will be limited to a discussion of three (3) minutes or as directed by the Mayor. Pursuant to provisions of the Brown Act, no action may be taken on these matters unless they are listed on the agenda, or unless certain emergency or special circumstances exist. City Council may direct staff to investigate and/or schedule certain matters for consideration at a future City Council meeting.

Mr. George Alvarez approached podium stating that it might be a good idea to collaborate with the Santa Barbara County sheriff's department to help solve public safety problems and concerns for service needs.

Alvarez then talked about vandalism and broken windows caused by homeless people. There needs to be consequences and education on collaboration on area agency resources.

Lastly, Alvarez mentioned the need for better blending of water and asked, "what happened to the state allotment of water?"

Lilian Doty talked about the need to continue with community meetings like what was done a month ago in the Pasadera neighborhood. The City needs to help Pasadera enforce its rules and follow up on them per the HOA.

8. <u>CONSENT CALENDAR</u>

The following items are presented for City Council approval without discussion as a single agenda item in order to expedite the meeting. Should a Council Member wish to discuss or disapprove an item, it must be dropped from the blanket motion of approval and considered as a separate item.

PUBLIC HEARING

11. Measure A Local Program of Projects.

Ms. Shannon Sweeney, Public Works Director/City Engineer provided a written report and presented it with the recommendation that the City Council adopt a Resolution for Measure A Local Program of Projects.

Public Hearing opened at 6:59 p.m. No one was present to discuss this in public. Public Hearing closed at 7:00 p.m.

Motion was made by Council Member Lizalde and seconded by Mayor Pro Tempore Costa Jr. to adopt Resolution No. 2023-13 approving the 2023/2024 through 2027/28 Measure A Local Program of Projects for the City of Guadalupe. 5-0 Motion passed.

REGULAR BUSINESS

12. Mid-Year Review of Council-adopted goals and FY 2022-23 Budget.

Mr. Robert Perrault, Interim Finance Director & Ms. Janice Davis, Finance Director provided a written mid-year FY 2022/23 budget report with recommended budget adjustments to the various funds.

Mr. Perrault read through a PowerPoint slide presentation highlighting city council goal statement progress and showcased a fairly balanced mid fiscal year budget.

After a summary of the city's budget, Mr. Perrault recommended that Council direct staff to develop a resolution incorporating changes noted in the report based on the projections for Council consideration at the March 14, 2023, City Council meeting.

Council, by consensus, agreed.

13. Request for funding for recruitment and hiring of two (2) Police Officers, one (1) Police Sergeant, and an Emergency Preparedness Coordinator.

Mr. Michael Cash, Director of Public Safety, provided a written report and gave an overview of his recommendation for the City Council to consider the recruitment and hiring of two (2) police officers, one (1) police sergeant, and an emergency preparedness coordinator for the Guadalupe Department of Public Safety.

Mr. Rob Doty shared his concern about the plague of our public safety, particularly, the fire department, and suggested the best way to solve the issue is hire a fire chief independent of the police chief with the added responsibilities of the emergency manager.

City Administrator Bodem expressed his concern on how the city will be able to pay for the additional employees the Chief wants to hire in this fiscal year and the fiscal year budget for these positions. The two new officer positions and emergency manager position was eliminated as part of the \$1M cuts to balance the FY 22-23 budget. "Why not backfill the unfilled budgeted positions first?" Bodem asked, what about the other part of last fiscal year departmental cuts, will they be up for council consideration too? Finally, ARPA funds will be running out in July 2024. The number of city council goals is to expand the recreation opportunities. Council used one-time ARPA to hire recreation, parks and facility staff with the understanding that after the ARPA funds were exhausted that they'd be covered under the general fund.

After extensive discussion, Council, by consensus directed city staff to place the matter of hiring an emergency preparedness coordinator on the agenda for consideration at the March 14, 2023, City Council meeting. Council will revisit the other positions during next fiscal year budget discussions.

14. Approving list of veterans' names for new streets and parks.

Written report:Shannon Sweeney, Public Works Director/City EngineerRecommendation:That the City Council adopt Resolution No. 2023-14 approving the submissionof the recommended list of names of veterans to the Pasadera development for use in namingstreets and parks.

A written report and verbal overview were provided by Shannon Sweeney, Public Works Director/City Engineer suggesting the City Council approved the list of names of veterans for streets in parks in Pasadera.

Motion was made by Council Member Hernandez and seconded by Council Member Robles to adopt Resolution No. 2023-14 approving the submission of the recommended list of names of veterans to the Pasadera development for use in naming streets and parks. 5-0 Motion passed.

15. Further consideration of a (revised) proposed ordinance adding Chapter 8.80 to the Guadalupe Municipal Code entitled "Vacant Commercial Property Registration and Property Maintenance" relating to the required registration and maintenance of vacant commercial buildings.

A written report was provided Philip Sinco, City Attorney. Mr. Sinco provided an overview and recommended that the city council take into consideration some minor word amendments suggested by Mr. Stew Jenkins.

Motion was made by Council Member Lizalde and seconded by Mayor Pro Tempore Costa Jr. to introduce Ordinance No. 2023-507 the "Vacant Commercial Property Registration and Property Maintenance" on first reading as revised since the meeting of January 24, 2023, and continue it to the meeting of March 14, 2023, for second reading and adoption. 5-0 Motion passed.

16. Appointment of Councilmembers to various boards and committees.

A written report was provided by Todd Bodem, City Administrator, recommending that the Mayor nominate, and the City Council ratify the Mayor's nominations, having to do with appointments to various boards and committees which require Council representation.

Under the Mayors recommendation, it was decided to table this item until the March 14, 2023, City Council meeting for consideration.

17. FUTURE AGENDA ITEMS

18. ANNOUNCEMENTS – COUNCIL ACTIVITY/COMMITTEE REPORTS

Council Member Hernandez said she attended the father/daughter event last Friday and it was great to see male role models. Hernandez also stated 800 students saw the Mariachi event at Mary Buren on Monday.

Council Member Robles mentioned that they got approval from McKensie Jr. High School's new Wrestling program to include both male and female students.

Mayor Julian met with SBCAG on February 16th to push Caltrans to meet about cluster at Hwy 1 and 166. He also said that on February 9th, the food distribution/bank served 205 individuals. Mayor Julian would like to see an overview of the ARPA funds provided at the next City Council meeting as there are two new Council members.

Council Member Lizalde gave some 'kudos' to Recreation and Parks Manager, Hannah Sanchez for all of the amazing new programs and functions developed to include the dodgeball program, etc. She suggested that city staff find ways to continue to provide on-line registration opportunities. SUBJECT: Second Reading of Ordinance No. 2023-507 Concerning Vacant Commercial Property Registration and Property Maintenance

RECOMMENDATION:

That the City Council adopt, on the second reading, Ordinance No. 2023-507 regarding vacant commercial property registration and property maintenance.

BACKGROUND:

The City Council introduced Ordinance No. 2023-507 at its meeting on February 28, 2023. This constitutes the second reading of the ordinances.

ATTACHMENTS:

1. Ordinance No. 2023-507 entitled "An Ordinance of the City Council of the City of Guadalupe, California, Adding Chapter 8.80 to the City of Guadalupe Municipal Code Concerning Vacant Commercial Property Registration and Property Maintenance."

ORDINANCE NO. 2023-507

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GUADALUPE, CALIFORNIA, ADDING CHAPTER 8.80 TO THE CITY OF GUADALUPE MUNICIPAL CODE CONCERNING VACANT COMMERCIAL PROPERTY REGISTRATION AND PROPERTY MAINTENANCE

WHEREAS, vacant buildings contribute to blight in the city, discourage economic development, diminish appreciation of property values, endanger public health and safety, attract criminal activity, and create fire hazards; and

WHEREAS, it is the responsibility of property owners to prevent buildings from becoming a burden to the neighborhood and community and a threat to the public health, safety, and welfare; and

WHEREAS, vacant buildings result in increased expenditures for police, fire, and code enforcement inspections and calls; and

WHEREAS, in addition to posing a threat to environmental health, vacant commercial buildings can thwart potential community development, fiscal, and economic opportunities of the City as a result of a decline in property values and environmental degradation, making it more difficult to attract private and public investments and making revitalization strategies more difficult to implement.

WHEREAS, it is desirable for the maintenance of public health, safety, and welfare and to improve economic development opportunities for the City to maintain an accurate registration of all vacant commercial buildings, which will help to decrease the number of vacant commercial buildings by encouraging owner to actively market their properties for sale, lease, or rent.

NOW, THEREFORE, the City Council of the City of Guadalupe does ordain as follows:

SECTION 1. Chapter 8.80 of the Guadalupe Municipal Code is hereby added to read as follows:

Chapter 8.80 - VACANT COMMERCIAL PROPERTY REGISTRATION AND PROPERTY MAINTENANCE

8.80.010 Purpose.

Recognizing that vacant buildings contribute to blight in the city, discourage economic development, diminish appreciation of property values, endanger public health and safety, attract criminal activity, and create fire hazards, it is the responsibility of property owners to prevent buildings from becoming a burden to the neighborhood and community and a threat to the public health, safety, and welfare. The City Council finds that vacant buildings result in increased expenditures for police, fire, and code enforcement inspections and calls. Maintenance

of public health, safety, and welfare thus requires the city to maintain an accurate registration of all vacant commercial buildings and to impose each of the requirements, procedures, and penalties set forth herein. The ordinance codified in this chapter shall be known as the "vacant commercial property registration and property maintenance ordinance," and is hereinafter referred to within this Chapter 8.80, as "this chapter."

8.80.020 - Definitions.

For the purposes of this chapter, the following terms are defined as set out in this section:

A. "Commercial building" means a building, accessory structure, mobile or modular structure, or other structure adapted to permanent occupancy for commercial or industrial purposes, and which is located within either the Commercial Services, Mixed-Use, General Commercial, Neighborhood Commercial, Industrial-Commercial, Commercial Recreation, General Industrial, or Urban Reserve/Light Industrial zoning designations. A "commercial building" also includes any structure, or any portion of a structure, located within the city and designed or intended for occupancy as a hotel or motel.

B. Commercial unit" means each separate space within a commercial building designed or intended for occupancy.

C. "Secured" means treated with such measures as may be directed by the Building Official or his or her designee that assist in rendering the vacant building inaccessible to unauthorized persons, squatters, and trespassers, including, but not limited to, the closure, locking, padlocking, chaining, repair and/or boarding of fence(s), wall(s), gate(s), window(s), door(s), including walk-through, sliding and/or garage doors, and/or other openings of such size that may allow a child access to the interior of the structure/property. In case of broken windows, "secured" includes the re-glazing or boarding of the window. Boarding shall be completed to a minimum of the current United States Department of Housing and Urban Development (HUD) securing standards at the time the boarding is completed or required, and shall additionally require painting the boards with an exterior grade paint that matches the color of the building.

D. "Unsecured" means any building that is accessible through a compromised, breached, or broken gate, fence, wall, window, door, or similar entry points and/or is unsecured so as to allow access to any interior space by unauthorized persons or trespassers.

E. "Vacant commercial building" means a commercial building where greater than fifty percent of the commercial units within the building have been unoccupied for over ninety days. Notwithstanding the foregoing sentence, a commercial building shall not be considered vacant if:

1. There is a valid building permit for alterations or rehabilitation, excluding standard maintenance and repairs, of the commercial building and the owner completes the alterations or rehabilitation, within one year from the date the initial permit was issued, unless the Director of Public Safety, after consultation with the Planning Director and/or Building Official, and with the consent of the City Administrator, determines that good cause exists to extend to the owner an additional period of time to complete the alterations or rehabilitation of the commercial building; or

2. The owner or leaseholder has filed an application for and is actively seeking to obtain authorization, permits, or a license required by state or local law permitting the lawful use and occupancy of the commercial building; or

3. In the case of a structure or portion of a structure designed or intended as a hotel or motel, the owner or operator is actively engaged in operating such premises as a hotel or motel. At a minimum, active engagement as a hotel or motel requires that the owner or operator participate as a certified registrant of the Transient Occupancy Tax Ordinance of the City of Guadalupe (Chapter 3.20 of the Guadalupe Municipal Code) with respect to such premises.

8.80.030 Property owner's obligation to register a vacant commercial building; registration fee.

A. The owner(s) of a vacant commercial building shall within ninety days after the effective date of this chapter, or after it has become vacant, whichever occurs later, register the commercial building with the Building and Planning Department on a form provided by the department.

B. The annual registration fee, based on gross square footage, in an amount established by City Council resolution, shall accompany the registration form. The registration payment deadline will serve as the date for calculating an annual renewal fee which shall be paid every year the commercial building remains vacant. Funds derived from said fee shall be used to offset the city's cost of inspection, administration, and enforcement under this chapter.

1. An owner shall not have to pay the annual renewal fee if his or her building meets all codes, does not contribute to blight, is ready for occupancy, is being maintained and monitored as required by this chapter, and can provide satisfactory evidence that the vacant commercial building is actively being offered for sale, lease, or rent. Satisfactory evidence shall include, but is not limited to, evidence that the owner has an active contract with a real estate agent or other rental agent who advertises and promotes the vacant commercial building for rent, lease or sale, or proof that the vacant commercial building is offered for rent, lease or sale on the Multiple Listing Service or any other comparable real estate listing service.

C. Any subsequent owner or majority owner of a vacant commercial building must register or re-register the building with the city designated officer within thirty days of any transfer of any ownership interest in the building.

D. Vacant commercial buildings subject to this chapter shall remain under the annual registration, security, and maintenance requirements of this chapter as long as the properties remain vacant. However, if the owner rents the building to a tenant who occupies the premises in a manner that complies with this chapter and with all other applicable provisions of state and local law prior to the registration payment deadline, the building shall be removed from the department's registry and the owner need not pay the registration fee, and if rented after the registration fee is paid, the building will be removed from the registry and the owner may request a prorated refund of the registration fee.

E. If any owner fails to register a vacant commercial building as required by this chapter, the Building and Planning Department may register the vacant commercial building and impose

the annual registration fee on the owner. Notice of such registration shall be made pursuant to Section 8.50.120.A. The notice shall state the amount due for the registration fee and shall constitute enrollment in the city's vacant commercial building registration program. The notice shall further advise that the owner must comply with all requirements of this chapter and submit all of the information required within Section 8.80.040 within ten days following service of such notice. The failure to pay the registration fee and submit all required information following service of such notice is a violation of this chapter, shall constitute a public nuisance, and shall be subject to the penalties and procedures set forth in Section 8.50 (Property Nuisance) and/or Title 1. The city may collect any unpaid registration fee by use of any method authorized by law, including procedures set forth in Chapter 8.50.

8.80.040 - Registration requirements.

A. The required registration shall be submitted on the form provided by the city and shall include:

1. The name, current mailing address, phone number and any other contact information of the owner as well as the names and addresses of all known lien holders and all other parties with a legal or equitable ownership interest in the building.

2. If the owner(s) of the vacant building or property resides out of Santa Barbara or San Luis Obispo Counties, for at least six months a year, then they must provide the information for a local property manager or designated responsible person(s) with authority to act with respect to the property, including name, current mailing address, phone number and any other contact information of the owner's property manager or other designated responsible person(s).

3. Situs addresses of the commercial building and the Assessor Parcel Number(s).

4. Square footage and occupancy rating(s) of the commercial building.

5. Most recent permitted use(s) of the commercial building.

6. Period of time the commercial building is expected to remain vacant, and a plan and timetable for returning the commercial building to appropriate occupancy or use.

7. Statement as to whether there is fire and liability insurance coverage.

8. Methods by which the owner has secured the commercial building against unauthorized entry.

9. Other information as the department(s) may require.

B. Upon registration of a vacant commercial building, the owner will be asked to provide authorization to the City of Guadalupe Police Department to detain or arrest for trespassing pursuant to California Penal Code Section 602, any persons found on the property without the owner's consent or without lawful purpose.

C. Pursuant to the registration requirements of this subsection, for every subsequent year a commercial building remains vacant beyond the initial registration, the owner of the vacant building must:

1. Re-register the building and pay appropriate fees, and

2. Submit an updated plan for returning the vacant building to appropriate occupancy or use.

8.80.050 Maintenance and security requirements.

The property owner(s) or designated responsible person(s) shall maintain properties subject to registration pursuant to this chapter as required by this chapter and any other applicable provisions of federal, state, or local law, and shall take any other action necessary to prevent giving the appearance that the property is abandoned or unmaintained, including but not limited to, the following:

A. Property shall be maintained free of weeds, dry brush, dead vegetation, trash, junk, debris, and excessive foliage growth that diminishes the value of surrounding properties and/or causes a blight.

B. Property shall be maintained free of any excess building materials; any accumulation of newspapers, circulars, flyers, notices (except those required by federal, state, or local law); discarded personal items, including but not limited to furniture, clothing, large and small appliances, printed material.

C. Property shall be maintained free of graffiti, tagging, or similar markings by removal or painting over with an exterior grade paint that matches the color of the exterior of the structure and completely conceals such graffiti, tagging, or similar markings.

D. Exterior shall be cleared of any advertisements or signage of previous businesses.

E. To the extent permitted by law, any vacant commercial building shall be secured, as defined in this chapter.

8.80.060 Additional authority.

In addition to the enforcement remedies established in this chapter or otherwise by law, the building official or his or her designee shall have the authority to require the beneficiary, trustee, owner, or owner of record of any property subject to this chapter to implement additional maintenance or security measures, including but not limited to securing any and all doors, gates, windows or other openings, installing additional security lighting, increasing onsite inspection frequency, or other measures as may be reasonably required to prevent the decline of the condition or appearance of the property.

8.80.070 Signage requirements.

Any vacant commercial building shall be posted with the name and twenty-four-hour contact phone number of the trustee, beneficiary, owner, realtor, or a local property management company that must be retained by an out-of-area beneficiary, trustee, or owner. The posting shall be no less than eighteen inches by twenty-four inches and shall be of a font that is legible from a public right of way and shall contain along with the name and twenty-four-hour contact number the words "THIS PROPERTY MANAGED BY" and "TO REPORT PROBLEMS OR CONCERNS CALL." The posting shall be placed on the interior of a window facing the street to the front of the property so it is visible from the street or secured to the exterior of the building or structure facing the street to the front of the property so it is visible from the property so it is visible from the street; if no such

area exists, the posting shall be placed on a stake of sufficient size to support the posting in a location that is visible from the street to the front of the property but not readily accessible to vandals. Exterior postings must be constructed of and printed with weather resistant materials.

8.80.080 Annual inspection requirement.

A city designated officer, including the Director of Public Safety or the building official, or their appointee(s), may inspect or cause to be inspected any premises in the city for the purposes of enforcing and assuring compliance with the provisions of this chapter and safeguarding the health, safety, and welfare of the general public. Upon the request of the city designated officer or designated appointee, an owner may provide access to all interior portions of any vacant commercial building or suspected vacant commercial building in order to permit a complete annual inspection. The owner(s) may decline to provide grant consent for such inspection(s); however, a city designated officer(s) may request an administrative search warrant pursuant to California Code of Civil Procedure sections 1822.50, *et seq*. If such search warrant is granted and if any search reveals any violations of Chapter 8.50 or other relevant section(s) of this Code, the owner(s) may be subject to pay for the administrative costs incurred by the City in investigating or abating such violations as authorized by relevant provisions of Chapter 8.50 of the Guadalupe Municipal Code.

8.80.090 Owner inspection requirements.

The owner(s) or their local property manager or other designated responsible person(s) if the owner resides out of San Luis Obispo or Santa Barbara Counties more than six (6) months a year shall inspect the vacant commercial building on a monthly basis to determine if the building remains in compliance with this chapter or if notification of noncompliance is reported to the owner(s). The property shall be brought back into compliance with this chapter within five days of it becoming out of compliance herewith.

8.80.100 Penalties—Procedures.

A. Violations of this chapter shall be treated as a strict liability offense regardless of intent. Any person, firm and/or corporation that violates any portion of this chapter shall be subject to prosecution, public nuisance abatement and/or administrative enforcement pursuant to Title 1 and/or Chapter 8.50 of the Guadalupe Municipal Code, and/or any other enforcement and legal remedies available to the city under the law.

B. All administrative or civil penalties assessed shall be payable directly to the city.

C. Any and all administrative or civil penalties assessed under this section shall be billed to the owner or other responsible party. Failure or refusal to pay any and all such penalties permits the city to pursue any and all available legal remedies for the enforcement and collection of such penalties; including but not limited to, civil actions being filed in any court of competent jurisdiction, abatement of nuisances maintained in violation of this chapter, institution of injunction, mandamus, or other appropriate action or proceedings to enforce the penalty provisions of this chapter. D. In addition to all other lawful remedies available to the city to address any violation of this chapter, the Director of Public Safety or his or her designee may issue an administrative citation and fine pursuant to Guadalupe Municipal Code Chapter 1.11 and/or a compliance order with or without administrative penalties pursuant to Guadalupe Municipal Code Chapter 1.10 upon any owner of a registered vacant commercial building that has remained in a continuously vacant condition at the time of the second annual inspection. An additional administrative penalty may be imposed upon an owner if the owner's building remains vacant one hundred eighty days following the first administrative penalty. Additional penalties may be imposed semi-annually as long as the building remains vacant. A second and any subsequent penalty shall be in an amount not to exceed one thousand dollars.

8.80.110 Declaration of public nuisance.

Pursuant to the city's police powers authorized in Article XI, Section 7 of the California Constitution, and other provisions of California law, including, but not limited to, California Government Code Section 38771, the city council hereby declares that violation of this chapter, including but not limited to the registration, inspection, maintenance and security requirements of this chapter shall constitute a public nuisance and shall be subject to abatement in accordance with Chapter 8.50 (Property Nuisance).

SECTION 2. This Ordinance has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA guidelines, and has been found to be exempt pursuant to §15306 of the CEQA Guidelines (Information Collection) because it does not have the potential to create a physical environmental effect.

SECTION 3. The City Council declares that each section, subsection, paragraph, subparagraph, sentence, clause, and phrase of this Ordinance is severable and independent of every other section, subsection, paragraph, subparagraph, sentence, clause, and phrase of this Ordinance. If any section, subsection, paragraph, subparagraph, sentence, clause, or phrase of this Ordinance is held invalid, the City Council declares it would have adopted the remaining provisions of this Ordinance irrespective of the portion held invalid, and further declares its express intent that the remaining portions of this Ordinance should remain in effect after the invalid portion has been eliminated.

SECTION 4. The City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.

SECTION 5. The City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Shannon Sweeney

Prepared by: Shannon Sweeney Public Works Director/City Engineer

Todd Bodem

Approved by: Todd Bodem, City Administrator

<u>SUBJECT</u>: Additional funding request for 2022 Pavement Rehabilitation Project inspection services.

RECOMMENDATION:

That the City Council adopt Resolution No. 2023-16 which approves the increase in contingency for the 2022 Pavement Rehabilitation Project inspection services from the previously approved 15% to 30%.

DISCUSSION:

On October 11, 2022, the City Council approved Resolution No. 2022-86, authorizing the City to execute a contract with Filippin Engineering for inspection services on the 2022 Pavement Rehabilitation Project in the amount of \$50,840.00, with a 15% contingency of \$7,626.00 over the original contract amount.

This construction project has been fraught with challenges, including numerous rainstorms and the complexity of Frontier Communications' subcontractor installing conduit for fiber optic cable in the same location. The project inspector for this project helped to ensure that Frontier Communications' subcontractor fixed its subpar work and spent a considerable amount of time coordinating work between the cable contractor and the paving contractor. The inclement weather has caused the paving contractor to work late hours, and constantly adjust the schedule (the success of paving is very sensitive to weather conditions). In addition, the paving contractor spent a significant amount of time redoing work, tearing out ramps and sidewalks that did not meet specifications.

Understandably, all the items listed above resulted in more hours of inspection than originally planned. Filippin Engineering estimates that the cost to complete this project will be \$65,720.00, which is \$14,880.00 above the original contract price, and above the authorized contingency amount. Authorizing the contingency to 30% will enable the consultant to complete the section services needed by the City to accomplish a successful paving project.

FISCAL IMPACT:

At this time, total project costs are anticipated to be \$1,537,744.09 for construction and \$65,720.00 for inspection for a total of \$1,603,464.09. As of January 31, 2023, cash balance in all streets funds was \$1,900,024.92. Therefore, the increase of \$7,626.00 can be absorbed.

Note that approximately \$2,500 worth of in the inspector's time was directly related to coordination with Frontier Communications and therefore will be pulled from Frontier Communications' encroachment permit deposit to cover these costs.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY GUADALUPE INCREASING THE CONTINGENCY FOR THE 2022 PAVEMENT REHABILITATION PROJECT INSPECTION SERVICES CONTRACT FROM 15% TO 27% TO COVER AN ESTIMATED \$6100.80 OF ADDITIONAL UNANTICIPATED COSTS

WHEREAS, on October 11, 2022, the City Council approved Resolution No. 2022-86, authorizing the City to execute a contract with Filippin Engineering for inspection services on the 2022 Pavement Rehabilitation Project in the amount of \$50,840.00, with a 15% contingency of \$7,626.00 over the original contract amount; and

WHEREAS, unanticipated inspection costs occurred due to weather, coordinating multiple contractors, and replacement of subpar infrastructure; and

WHEREAS, the inspection services contractor estimates an additional \$7,626.00 over the original approved contingency; and

WHEREAS, allowing the inspector to continue providing inspection services on the 2022 Pavement Rehabilitation Project helps protect the City by ensuring a quality product.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Guadalupe as follows:

SECTION 1. The City Administrator is authorized to approve change orders to the inspection services contract associated with the 2022 Pavement Rehabilitation Project up to 30% of the bid price, if deemed necessary.

SECTION 2: That the Mayor is authorized to sign Amendment No. 1 to the Agreement for Consultant Services between the City of Guadalupe and Filippin Engineering (attached to the staff report for this item) on behalf of the City of Guadalupe.

SECTION 3: That the City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. AGREEMENT FOR CONSULTANT SERVICES BETWEEN THE CITY OF GUADALUPE AND FILIPPIN ENGINEERING, INC.

THIS AGREEMENT FOR CONSULTANT SERVICES (the "Agreement") is made and entered into this 11 day of October 2022, by and between the CITY OF GUADALUPE, a municipal corporation ("City") and Filippin Engineering, Inc., a California corporation ("Consultant").

In consideration of the mutual covenants and conditions set forth herein, the parties agree as follows:

Section 1. <u>Term of Agreement</u>. Subject to the provisions of <u>Section 19</u> (Termination of Agreement) of this Agreement, the term of this Agreement shall be for a period of one (1) year from the date of execution of this Agreement, as first shown above. Such term may be extended upon written agreement of both parties to this Agreement.

Section 2. <u>Scope of Services</u>. Consultant agrees to perform the services set forth in Exhibit A (Scope of Services) and made a part of this Agreement.

Section 3. <u>Additional Services</u>. Consultant shall not be compensated for any services rendered in connection with its performance of this Agreement which are in addition to or outside of those set forth in this Agreement or listed in <u>Exhibit A</u> unless such additional services are authorized in advance and in writing by the City Council or City Administrator of City. Consultant shall be compensated for any such additional services in the amounts and in the manner agreed to by the City Council or City Administrator.

Section 4. Compensation and Method of Payment.

(a) Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in Exhibit A (Compensation) and made a part of this Agreement.

(b) Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month. The invoice shall detail charges by the following categories: labor (by subcategory), travel, materials, equipment, supplies, subconsultant contracts, and miscellaneous expenses. City shall independently review each invoice submitted by Consultant to determine whether the work performed, and expenses incurred, are in compliance with the provisions of this

City Atty Rev 8'21

Agreement and Scope of Services. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event City disputes any charges or expenses, City shall return the original invoice to Consultant with specific items in dispute identified for correction and re-submission. All undisputed charges shall be paid in accordance with this Agreement and Scope of Services.

(c) Except as to any charges for work performed or expenses incurred by Consultant, which are disputed by City, City will cause Consultant to be paid within thirty (30) days of receipt of Consultant's invoice.

(d) Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

(e) Consultant shall have the right to suspend services if not paid in accordance with this Agreement.

Section 5. <u>Inspection and Final Acceptance</u>. City may inspect and accept or reject any of Consultant's work under this Agreement, either during performance or when completed, if the work is found to be defective or not in compliance with the defined Scope of Services. Acceptance of any of the Consultant's work by City shall not constitute a waiver of any of the provisions of this Agreement, including but not limited to, <u>Sections 15 and 16</u>, pertaining to indemnification and insurance, respectively. Consultant agrees to cooperate in any such inspection.

Section 6. <u>Ownership of Documents</u>. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, paper files, and other documents prepared, developed or discovered by Consultant in the course of providing any services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Consultant. Reuse of any materials outside the scope of this Agreement shall be at the sole risk of the City.

Section 7. Consultant's Books and Records.

(a) Consultant shall maintain any and all documents and records demonstrating or relating to Consultant's performance of services pursuant to this Agreement. Consultant shall maintain any and all ledgers, books of account, invoices, vouchers, canceled checks, or other documents or records evidencing or relating to work, services, expenditures and disbursements charged to City pursuant to this Agreement. Any and all such documents or records shall be maintained in accordance with generally accepted accounting principles and shall be sufficiently completed and detailed so as to permit an accurate evaluation of the services provided by Consultant pursuant to this Agreement. Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to the audits of public agencies and their expenditures.

(b) Any and all records or documents required to be maintained pursuant to this section shall be made available for inspection, audit and copying, upon reasonable notice during regular business hours, upon written request by City or its designated representative. Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Consultant's address indicated for receipt of notices in this Agreement. The City shall compensate the Consultant for all costs associated with providing these materials to the City.

(c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or destroyed due to dissolution or termination of Consultant's business, City may, by written request, require that custody of such documents or records be given to the requesting party and that such documents and records be maintained by the requesting party. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

Section 8. Status of Consultant.

(a) Consultant is and shall at all times during the terms of this Agreement remain a wholly independent Consultant and not an officer, employee or agent of City. Consultant shall have no authority to bind City in any manner, nor to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City.

(b) The personnel performing the services under this Agreement on behalf of Consultant shall at all times be under Consultant's exclusive direction and control. Neither City nor any elected or appointed boards, officers, officials, employees or agents of City, shall have control over the conduct of Consultant or any of Consultant's officers, employees or agents, except as set forth in this Agreement. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees or agents are in any manner officials, employees or agents of City.

(c) Neither Consultant nor any of Consultant's officers, employees or agents shall obtain any rights to retirement, health care or any other benefits which may

City Atty Rev 8/21

otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

Section 9. <u>Standard of Performance</u>. Consultant represents and warrants that it has the qualifications, experience and facilities necessary to properly perform the services required under this Agreement in a thorough, competent and professional manner. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. In meeting its obligations under this Agreement, Consultant shall employ, at a minimum, generally accepted standards and practices utilized by persons engaged in providing services similar to those required of Consultant under this Agreement.

Section 10. <u>Compliance With Applicable Laws. Permits and Licenses</u>. Consultant shall keep itself informed of and comply with all applicable federal, state and local laws, statutes, codes, ordinances, regulations and rules in effect during the term of this Agreement applicable to Consultant. Consultant shall obtain any and all licenses, permits and authorizations necessary to perform the services set forth in this Agreement. Neither City, nor any elected or appointed boards, officers, officials, employees or agents of City, shall be liable at law or in equity as a result of any failure of Consultant to comply with this section.

Section 11. <u>Nondiscrimination</u>. Consultant shall not discriminate, in any way, against any person on the basis of race, color, religious creed, national origin, ancestry, sex, age, disability, marital status or sexual orientation in connection with or related to the performance of this Agreement.

Section 12. <u>Unauthorized Aliens</u>. Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. sections 1101, et seq., as amended, and in connection therewith, shall not employ unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorney's fees, incurred by City.

Section 13. <u>Conflicts of Interest</u>. Consultant will comply with all conflict-ofinterest laws and regulations including, without limitation, the City's Conflict of Interest Code (on file in the City Clerk's Office). All officers, employees and/or agents of Consultant who will be working on behalf of the City pursuant to this Agreement, may be required to file Statements of Economic Interest with the Fair Political Practices Commission. Therefore, it is incumbent upon Consultant to notify that City of any staff changes relating to this Agreement.

City Atty Rev 8 21

A. In accomplishing the scope of services of this Agreement, all officers, employees and/or agents of Consultant, unless as indicated in Subsection B, will be performing a very limited and closely supervised function, and, therefore, unlikely to have a conflict of interest arise. No disclosures are required for any officers, employees, and/or agents of Consultant, except as indicated in Subsection B.

St-Initials

B. In accomplishing the scope of services of this Agreement, Consultant will be performing a specialized or general service for the City, and there is substantial likelihood that the Consultant's work product will be presented, either written or orally, for the purpose of influencing a governmental decision. As a result, Consultant shall be subject to Disclosure Category "1" of the City's Conflict of Interest Code.

Section 14. Confidential Information: Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the City Administrator, except as may be required by law.

(b) Consultant, its officers, employees, agents or subconsultants, shall not, without prior written authorization from the City Administrator or unless requested by the City Attorney of City, voluntarily provide declarations, letters of support, testimony at depositions, responses to interrogatories or other information concerning the work performed under this Agreement. A response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subconsultant of Consultant, provides any information or work product in violation of this section, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Consultant's conduct.

City Atty Rev 8/21

(d) Consultant shall promptly notify City should Consultant. its officers, employees, agents or sub consultants be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response. Consultant shall be compensated for all costs associated with complying with this section.

Section 15. Indemnification.

(a) City and its respective elected and appointed boards, officials, officers, agents, employees and volunteers (individually and collectively, "Indemnitees") shall have no liability to Consultant or any other person for, and Consultant shall indemnify, defend, protect and hold harmless Indemnitees from and against, any and all liabilities, claims, actions, causes of action, proceedings, suits, damages, judgments, liens, levies, costs and expenses of whatever nature, including reasonable attorney's fees and disbursements (collectively, "Claims") which Indemnitees may suffer or incur or to which Indemnitees may become subject by reason of or arising out of any injury to or death of any person(s), damage to property, loss of use of property, economic loss or otherwise occurring as a result of or allegedly caused by Consultant's performance of or failure to perform any services under this Agreement or by the negligent or willfully wrongful acts or omissions of Consultant, its agents, officers, directors, sub consultants or employees, committed in performing any of the services under this Agreement.

(b) If any action or proceeding is brought against Indemnitees by reason of any of the matters against which Consultant has agreed to indemnify Indemnitees as provided above, Consultant, upon notice from City, shall defend Indemnitees at Consultant's expense by counsel acceptable to City, such acceptance not to be unreasonably withheld. Indemnitees need not have first paid for any of the matters to which Indemnitees are entitled to indemnification in order to be so indemnified. The insurance required to be maintained by Consultant under <u>Section 16</u> shall ensure Consultant's obligations under this section, but the limits of such insurance shall not limit the liability of Consultant hereunder. The provisions of this section shall survive the expiration or earlier termination of this Agreement.

(c) The provisions of this section do not apply to Claims occurring as a result of the City's sole negligence or willfully wrongful acts or omissions.

City Atty Rev 8-21

(d) City agrees to indemnify Consultant for any such neglect or willfully wrongful acts committed by City or its officers, agents or employees.

Section 16. Insurance. Consultant agrees to obtain and maintain in full force and effect during the term of this Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work provided by Consultant, its agents, representatives, or employees in performance of this Agreement. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A-:VII. All insurance policies shall be subject to approval by City as to form and content. These requirements are subject to amendment or waiver, if so approved in writing by City Administrator. Consultant agrees to provide City with copies of required policies upon request. Prior to the beginning of and throughout the duration of the Work, Consultant and its subconsultants shall maintain insurance in conformance with the requirements set forth below. Consultant will use existing coverage to comply with these requirements. If that existing coverage does not meet the requirements set forth herein, Consultant agrees to amend, supplement, or endorse the existing coverage to do so. Consultant acknowledges that the insurance coverage and policy limits set forth in this section constitute the minimum amount of coverage required. Any insurance proceeds available to Consultant or its subconsultants in excess of the limits and coverage identified in this Agreement and which is applicable to a given loss, claim or demand, will be equally available to City.

Consultant shall provide the following types and amounts of insurance. Without limiting Consultant's indemnification of City, and prior to commencement of Work, Consultant shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to City:

A. Minimum Scope of Insurance: Coverage shall be at least as broad as:

(1) Insurance Services Office Form Commercial General Liability coverage (Occurrence Form CG 0001).

(2) Insurance Services Office Form No. CA 0001 covering Automobile Liability, including code 1"any auto" and endorsement CA 0025, or equivalent forms subject to written approval of City.

(3) Workers' Compensation insurance as required by the Labor Code of the State of California and Employers' Liability insurance and covering all persons providing services on behalf of the Consultant and all risks to such persons under this Agreement, along with a waiver of subrogation endorsement.

(4) Errors and omission liability insurance appropriate to the Consultant's profession.

City Atty Rev 8'21

B. Minimum Limits of Insurance: Consultant shall maintain limits of insurance no less than:

(1) General Liability Insurance: Consultant shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than \$1,000,000 per occurrence, \$2,000,000 general aggregate, for bodily injury, personal injury, and property damage, and a \$2,000,000 completed operations aggregate. The policy shall provide or be endorsed to provide that City and its officers, officials, employees, agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted. This insurance and any umbrella or excess liability insurance shall be maintained for a minimum of three years or as long as there is a statutory exposure to completed operations claims, with the City and its officers, officials, employees, and agents continued as additional insured.

(2) Automobile Liability: Consultant shall maintain automobile insurance at least as broad as Insurance Services Office form CA 00 01 covering bodily injury and property damage for all activities of the Consultant arising out of or in connection with Work to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than \$1,000,000 combined single limit for each accident.

(3) Workers' Compensation and Employer's Liability: Consultant shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least \$1,000,000) for Consultant's employees in accordance with the laws of the State of California, Section 3700 of the Labor Code. In addition, Consultant shall require each subConsultant to similarly maintain Workers' Compensation Insurance and Employer's Liability Insurance in accordance with the laws of the State of California, Section 3700 for all of the subConsultant's employees. Consultant shall submit to City.

(4) Errors and Omissions Liability: \$1,000,000 per claim as appropriate for the profession.

(5) Umbrella or excess liability insurance (if needed): Consultant shall obtain and maintain an umbrella or excess liability insurance that will provide bodily injury, personal injury and property damage liability coverage at least as broad as the primary coverages set forth above, including commercial general liability, automobile liability, and employer's liability. Such policy or policies shall include the following terms and conditions:

City Atty Rev 8/21

• A drop-down feature requiring the policy to respond in the event that any primary insurance that would otherwise have applied proves to be uncollectable in whole or in part for any reason;

Pay on behalf of wording as opposed to reimbursement;

· Concurrency of effective dates with primary policies;

• Policies shall "follow form" to the underlying primary policies; and

• Insureds under primary policies shall also be insureds under the umbrella licies.

or excess policies.

(6) Pollution liability insurance. Environmental Impairment Liability Insurance shall be written on a Consultant's Pollution Liability form or other form acceptable to City providing coverage for liability arising out of sudden, accidental and gradual pollution and remediation. The policy limit shall be no less than \$1,000,000 dollars per claim and in the aggregate. All activities contemplated in this Agreement shall be specifically scheduled on the policy as "covered operations." The policy shall provide coverage for the hauling of waste from the project site to the final disposal location, including non-owned disposal sites.

C. Other Provisions: Insurance policies required by this Agreement shall contain the following provisions:

(1) Notice of Cancellation: Each insurance policy required by this Agreement shall be endorsed and state the coverage shall not be suspended, voided, canceled by the insurer or other party to this Agreement, reduced in coverage or in limits except after thirty (30) days' prior written notice by certified mail, return receipt requested has been given to City.

(2) Primary/noncontributing: Coverage provided by Consultant shall be primary and any insurance or self-insurance procured or maintained by City shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and noncontributory basis for the benefit of City before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

(3) City's Rights of Enforcement: In the event any policy of insurance required under this Agreement does not comply with these requirements or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(4) Waiver of Subrogation: All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against City, its elected or

City Any Rev 8/21

appointed officers, agents, officials, employees and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City and shall require similar written express waivers.

(5) Enforcement of Contract Provisions (non estoppel): Consultant acknowledges and agrees that any actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.

(6) Requirements not Limiting: Requirements of specific coverage features or limits contained in this Section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Consultant maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

(7) Prohibition of Undisclosed Coverage Limitations: None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.

(8) Separation of Insureds: A severability of interests provision must apply for all additional insureds ensuring that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

(9) Pass through Clause: Consultant agrees to ensure that its subconsultants, subconsultants, and any other party involved with the project who is brought onto or involved in the project by Consultant, provide the same minimum insurance coverage and endorsements required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with consultants, subconsultants, and others engaged in the project will be submitted to City for review.

(10) City's Right to Revise Requirements: The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Consultant a ninety (90) day advance written notice of such change. If such change results in substantial additional cost to the Consultant, the City and Consultant may renegotiate Consultant's compensation.

City Atty Rev 8/21

(11) Self-insured Retentions: Any self-insured retentions must be declared to and approved by City. City reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by City.

(12) Timely Notice of Claims: Consultant shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Consultant's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

(13) Additional Insurance: Consultant shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the Work.

Section 17. <u>Assignment</u>. The expertise and experience of Consultant are material considerations for this Agreement. City has an interest in the qualifications of and capability of the persons and entities who will fulfill the duties and obligations imposed upon Consultant under the Agreement. In recognition of that interest, Consultant shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Consultant's duties or obligations under this Agreement without the prior written consent of the City Council. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement, entitling City to any and all remedies at law or in equity, including summary termination of this Agreement. City acknowledges, however, that Consultant, in the performance of its duties pursuant to this Agreement, may utilize sub consultants.

Section 18. <u>Continuity of Personnel</u>. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff assigned to perform the services required under this Agreement, prior to any such performance.

Section 19. Termination of Agreement.

(a) City may terminate this Agreement, with or without cause, at any time by giving thirty (30) days' written notice of termination to Consultant. In the event such notice is given, Consultant shall cease immediately all work in progress.

(b) Consultant may terminate this Agreement at any time upon thirty (30) days' written notice of termination to City.

City Atty Rev 8/21

(c) If either Consultant or City fail to perform any material obligation under this Agreement, then, in addition to any other remedies, either Consultant or City may terminate this Agreement immediately upon written notice.

(d) Upon termination of this Agreement by either Consultant or City, all property belonging exclusively to City which is in Consultant's possession shall be returned to City. Consultant shall furnish to City a final invoice for work performed and expenses incurred by Consultant, prepared as set forth in <u>Section 4</u> of this Agreement. This final invoice shall be reviewed and paid in the same manner as set forth in <u>Section 4</u> of this Agreement.

Section 20. <u>Default</u>. In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default and may terminate this Agreement immediately by written notice to Consultant.

Section 21. <u>Excusable Delays</u>. Consultant shall not be liable for damages, including liquidated damages, if any, caused by delay in performance or failure to perform due to causes beyond the control of Consultant. Such causes include, but are not limited to, acts of God, acts of the public enemy, acts of federal, state or local governments, acts of the City, court orders, fires, floods, epidemics, strikes, embargoes, and unusually severe weather. The term and price of this Agreement shall be equitably adjusted for any delays due to such causes.

Section 22. <u>Cooperation by City</u>. All public information, data, reports and maps as are existing and available to City as public records, and which are necessary for carrying out the work as outlined in <u>Exhibit A</u>, shall be furnished to Consultant in every reasonable way to facilitate, without undue delay, the work to be performed under this Agreement.

Section 23. <u>Notices</u>. All notices required or permitted to be given under this Agreement shall be in writing and shall be personally delivered, or sent by telecopier or United States mail, postage prepaid, addressed as follows:

To City:	City Administrator City of Guadalupe 918 Obispo Street Guadalupe, CA 93434
To Consultant:	Gino Filippin Filippin Engineering, Inc. 354 S. Fairview Ave., Suite D Goleta, CA 93117

City Aity Rev 8-21

Notice shall be deemed effective on the date personally delivered or transmitted by facsimile or, if mailed, three (3) days after deposit of the same in the custody of the United States Postal Service.

Section 24. <u>Authority to Execute</u>. The person or persons executing this Agreement on behalf of the Consultant represents and warrants that they have the authority to so execute this Agreement and to bind Consultant to the performance of its obligations hereunder.

Section 25. <u>Binding Effect</u>. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

Section 26. <u>Modification of Agreement</u>. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

Section 27. <u>Waiver</u>. Waiver by any party to this Agreement of any term, condition or covenant of this Agreement shall not constitute a waiver of any other term, condition or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision, nor a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any provisions of this Agreement.

Section 28. Law to Govern: Venue. This Agreement shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the parties, venue in state trial courts shall lie exclusively in the County of Santa Barbara. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in Los Angeles.

Section 29. <u>Attorney's Fees, Costs and Expenses</u>. In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing party in such litigation or other proceeding shall be entitled to any award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

Section 30. <u>Entire Agreement</u>. This Agreement, including the attached exhibits, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Consultant and City prior to the execution of this Agreement. No statements, representations or other agreements, whether oral or written, made by any party which are not embodied herein shall be valid and binding. No amendment to this Agreement

City Atty Rev 8 21

shall be valid and binding unless in writing duly executed by the parties or their authorized representatives.

Severability. If a term, condition or covenant of this Agreement is Section 31. declared or determined by any court of competent jurisdiction to be invalid, void or unenforceable, the remaining provisions of this Agreement shall not be affected thereby, and the Agreement shall be read and construed without the invalid, void or unenforceable provision(s).

Section 32. Preparation of Agreement. This Agreement is the product of negotiation and preparation by and among the parties and their respective attorneys. The parties, therefore, expressly acknowledge and agree that this Agreement shall not be deemed prepared or drafted by one party or another, or any party's attorney, and will be construed accordingly.

4. COST PROPOSAL

We have estimated the cost of our services based on our understanding at this time of the scope and complexity of the work, as outlined in the Scope of Work in the RFP. Our services will be performed on a time and materials to a maximum basis, given the total duration of 40 WDs, from October 2022 through January 2023. If actual time is less, our costs will also be less. During the performance of our services, the need for additional services will be monitored and communicated to the City by the Program Manager.

We have estimated our services based on the following:

- One full time inspector for the duration of the project at 8 hours/day, 5 days/week.
- FE complies with all prevailing wage requirements for this assignment for inspector time.

Approved by: Todd Bodem, City Administrator

<u>SUBJECT</u>: La Guardia Townhomes Conditions of Approval amendment.

RECOMMENDATION:

That City Council approve an amendment to the La Guardia Townhomes Conditions of Approval.

DISCUSSION:

On July 26, 2022, the City Council held a public hearing and adopted Resolution No. 2022 – 629 approving 2022 – 001 – GPZ for a land use designation amendment and 2022 – 002 – BR, including DR findings, CEQA Class 32 exemption, and Conditions of Approval for townhomes for the LaGuardia Townhomes project. After adoption of the Conditions of Approval, the Fire Department identified the need for a fire hydrant on La Guardia to meet fire code regulations. This request was not expected to be difficult, as it was assumed that there was already a water main running down La Guardia.

There is no water main in La Guardia. So, the developer addressed the hydrant request by proposing to install a 208 foot 6-inch diameter hydrant run from the water main on 11th St. through the private property to La Guardia. This proposal would result in a dedicated public hydrant run through private property. While this proposal would satisfy the Fire Department's request for a fire hydrant, the 208 feet of 6-inch diameter water line would be more useful as a water main underneath La Guardia than a hydrant run on private property. This water main would be even more useful to the overall water distribution system if it connects the water main under Gularte to the parallel water main 630 feet away at the end of La Guardia cul-de-sac. The developer is already required as a Condition of Approval to install a sidewalk along the entire length of La Guardia. The best time to install the 630 feet of water main is under the sidewalk before it is built.

Since the developer is already obligated to the original 208 feet of water main. An additional 422 feet of water main will benefit the City, and therefore, City staff asked the developer if he would be willing to install this extra 422 of water main under La Guardia in exchange for a reduction in the otherwise required water connection fees for this public improvement.

In addition, the developer is responsible for undergrounding the electrical and communication lines the front the property. On the February 21, the developer received an email from PG&E recommending

against undergrounding these overhead wires at this time because they are part of an unelected milelong overhead primary, secondary, and communication wire run and new down guy wires would be required. Due to PG&E's recommendation, the City is willing to waive this requirement.

The Planning Department has calculated the water connection fees for this property at \$65,898. The value to the City for the developer to install the additional waterline is approximately that amount (422 feet x 150/ft). The developer recognizes the cost savings associated with not undergrounding the power lines, and is willing to pay \$13,998 in connection fees if that condition is waived. The result is that \$51,900 is waived and developer pays \$13,998 of water connection fees.

The developer has agreed to this additional Condition of Approval:

"Applicant shall install a 6-inch water main from the water main on Gularte to the water main at the end of La Guardia, including valves and appurtenances per City of Santa Maria standards and to the satisfaction of the City Engineer, and a hydrant off of this main in a location satisfactory to the Fire Department. In exchange, the City will waive \$51,900.00 of water connection fees."

RESOLUTION NO. 2023-17

A RESOLUTION OF THE CITY COUNCIL OF THE CITY GUADALUPE APPROVING AN AMENDMENT TO THE LA GUARDIA TOWNHOMES CONDITIONS OF APPROVAL

WHEREAS, on July 26, 2022, the City Council held a public hearing and adopted Resolution No. 2022 – 629 approving 2022 – 001 – GPZ for a land use designation amendment and 2022 – 002 – BR, including DR findings, CEQA Class 32 exemption, and Conditions of Approval for townhomes for the LaGuardia Townhomes project; and

WHEREAS, after adoption of the Conditions of Approval, the Fire Department identified the need for a fire hydrant on La Guardia to meet fire code regulations, but no water main exists in La Guardia on which to connect a hydrant; and

WHEREAS, a water main in the public right-of-way on La Guardia serves the City more than a public hydrant run crossing private property, and will facilitate additional development along this street; and

WHEREAS, PG&E recommends against the condition requiring the developer to underground communication and power wires adjacent to the property.

WHEREAS, the required water connection fees for this property is \$65,898, but the value to the City for the developer to install the additional waterline is approximately that amount (422 feet x $\frac{150}{ft} = \frac{63,300}{and}$), and the developer recognizes the cost savings associated with not undergrounding the power lines, and is willing to pay \$13,998 in connection fees if that condition is waived, which the City is willing to do in light of PG&E's recommendation; and

WHEREAS, the result is that a total of \$51,900 of the required connection fees would be waived and developer would pay at total of \$13,998 for water connection fees.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Guadalupe as follows:

- **SECTION 1:** That a total of \$51,900 of the required water connection fees is hereby waived in light of the value to the City for the additional 422 of waterline under La Guardia.
- **SECTION 2:** That the LaGuardia Townhomes Project Conditions of Approval be amended as provided in Amendment No., 1 to the LaGuardia Townhomes Conditions of Approval, attached hereto as Exhibit 1.
- **SECTION 2:** That the Director of Public Works is authorized to sign Amendment No. 1 on behalf of the City of Guadalupe.
- **SECTION 3:** That the City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.

REPORT TO THE GUADALUPE CITY COUNCIL Agenda of March 14, 2023

Todd Bodem

Prepared by: Todd Bodem, City Administrator

SUBJECT: Approval of resolution to authorize staff to submit a application package for state funding the Royal Theatre renovation project and the community services center at Escalante Meadows to the California Arts Council (CAC).

RECOMMENDATION:

It is recommended that the City Council adopt Resolution No. 2023-18 approving City staff to submit an application package to CAC, which will allow CAC to release 8,000,000 in project funds, \$5,000,000 of which will be used for the Royal Theater renovation project, and the remaining \$3,000,000 will be disbursed to the Housing Authority of Santa Barbara County for the community center as Escalante Meadows.

BACKGROUND:

Constructed in 1939, the Royal Theater operated as an active movie theater until closed in 1989. Following its closure, the building was intermittently used for a variety of purposes including a performing arts theater and public meeting space until 2011. In 2011 it was red tagged due to a minor interior electrical fire. The former Redevelopment Agency of the City of Guadalupe (RDA) purchased the property in 2001 and with the dissolution of the RDA ownership transferred to the Successor Agency (SA) in 2012. In accordance with state law, the SA adopted a Long-Range Property Management Plan (LRPMP) to guide the disposition of the property. The LRPMP stipulates that the theater should be transferred to the City and ultimately the theater should be renovated as some form of Public Performing Arts Center.

In September of 2020, the City hired Carole Denardo to complete a historic resource inventory and evaluation of the Royal Theatre building at 848 Guadalupe Street to determine if the Royal Theater meet the criteria to be both a federal and state historical property. The report was submitted to the City in February 2021 and indicated the Royal Theatre building meets the eligibility standards for the National Register/California Register.

On February 25, 2021, the City Council approved Carole Denardo to complete the application for submission to the National Register, allowing the Royal Theatre building to be listed on the Historical registry for both the federal and state. This was successfully complete in March 2022.

The City was subsequently successful in obtaining funding for the construction phase of the project from the federal Economic Development Administration (EDA) in the amount of \$4,889,121.

The City was also successful in having \$5,000,000 for the Royal Theater renovation project included in the year's State Budget due to the support of Senator Monique Limón. The budget language stated CAC would be the pass- though state angency to disburse and manage these funds. On February 28, CAC provided an application package to the City that required all documents be submitted to CAC by **March 31, 2023**, so the project scope can be evaluated, and a Grant Agreement can be developed.

Note:

Due to the way the language in the authorizing legislation, the City will receive the funds, and a contract, for two Guadalupe projects for a total of \$8,000,000. The legislation language states:

"(G) \$8,000,000 to the City of Guadalupe and Housing Authority of Santa Barbara County (HASBARCO) FOR THE RENOVATAION OF THE HISTORICAL Royal Theatre and construction of community services center."

Based on the above language CAC has indicated they will be disbursing \$8,000,000 to the City of Guadalupe, of which, \$3,000,000 will then be disbursed to HASBARCO for the construction of the community center at Escalate Meadows.

DISCUSSION:

The City is also using bond funds transferred to the City (as successor agency for the City's former redevelopment agency) as a match to the EDA funds. The City is also in the process of applying for tax credits, which, if received, will be available to reimburse the City for the bond funds (or for other purposes subject to the direction of the City Council/Successor Agency Board. These two additional funding sources should ensure that any cost increases will have an additional source of funds for contingency and operational costs.

To allow the City to access the CAC funds, the City will need to complete the award/contract package for the total grant in the amount of \$8,000,000. The HASBCARCO will submit to the City their \$3,000,000 award/contract package to the City, and the City will include both projects into one package with two projects totally \$8,000,000. Once the contract is signed and the \$8,000,000 is disbursed to the City, the City Attorney will develop a contract agreement for the HASBCARCO to sign ensuring that it will be responsible for using the funds pursuant to the state and CAC's requirements (and indemnifying the City if it fails to comply with these requirements). Once that agreement is signed, the City will disburse the \$3,000,000 to HASBCARCO.

FISCAL IMPACT:

\$8,000,000 in State funds will be *advanced* to the City once the contract is signed and the funds request has been submitted to CAC. The City will be able to use \$5,000,000 of these funds in a similar was to a construction brigde loan. The City can pay for all project costs and have the funds

repenished with EDA reimbursements, until a EDA are expended. The remaining \$3,000,000 in funds will be disbursed to HASBCARCO for the community services center at Escalante Meadows after a future date.

Agenda Item No. 7H

REPORT TO THE GUADALUPE CITY COUNCIL Agenda of March 14, 2023

Todd Bodem

Prepared by: Todd Bodem, City Administrator

<u>SUBJECT</u>: Voluntary Lot Merger Application for Royal Theater Renovation Project

RECOMMENDATION:

It is recommended that the City Council approve, by motion, the submission of an application to voluntarily merge three separate lots owned by the City that are part of the proposed Royal Theater renovation project into one lot, and authorize the Mayor to sign the application on behalf of the City.

BACKGROUND:

The City's former Redevelopment Agency of the City of Guadalupe (RDA) purchased the property where the Royal Theater is located and two adjacent lots in 2001 with the intention of redeveloping these properties into a community performing arts center. With the dissolution of the RDA, ownership transferred to the Successor Agency (SA) in 2012. In accordance with state law, the SA adopted a Long-Range Property Management Plan (LRPMP) to guide the disposition of the property. The LRPMP stipulates that the theater should be transferred to the City and ultimately the theater should be renovated as some form of performing arts center.

The City has been making progress on this project. The City has used former RDA bond funds to pay for design plans for the renovation project, and has obtained funding for the construction phase of the project from the federal Economic Development Administration (EDA) in the amount of \$4,889,121, and has also been successful in having \$5,000,000 included in the year's State Budget that it will receive from the California Arts Council. The City is also seeking to obtain tax credits to provide further revenues for this project.

DISCUSSION:

The design plans for the project involve construction of additions to the existing Royal Theater structure that would have to be constructed across the currently existing property lines of the two adjacent lots, which is not allowed under the California Building Code. For that reason, it is necessary to merge these lots into one lot prior to the commencement of construction. Under the Subdivision Map Act, there are three ways that this can be done: (1) by grant deeds (which is only

available to public entities under the Act); (2) by a lot line adjustment; or (3) by a voluntary merger. City staff determined that the voluntary merger process as the best overall option.

The owner of properties to be voluntarily merged must sign an application for the voluntary merger in order to commence the process. Since the City owns the lots in question, the City Council must approve submission of the voluntary merger application. Staff recommends that the City Council approve submission of the voluntary merger application, and also, that it authorize the Mayor to sign the application on behalf of the City.

FISCAL IMPACT:

No impact to the general fund. Funds to cover staff costs related to the application will be paid by the former RDA bond funds.

Public Works/Engineering Report February 2023

Development

151 Obispo

On February 13, the two meters, 1-1/2 and 2-inch, on this site, were downsized to 1 1inch meter, meeting the condition of approval regarding the undersized sewer main downstream of this site. On February 2, the business owners shared information on the new sidewalk installation. City staff are scheduled to meet with the owners onsite on March 8 to discuss moving forward on this item.

<u>Pasadera</u>

The City assisted Pasadera in moving forward on the installation of the water line crossing on Highway 166 at Flower Street by submitting the encroachment permit application to Caltrans under the City's name on February 7. Caltrans issued the encroachment permit for this work on February 15.

City staff worked with the development engineer on clarifying the details of the list of veterans' names to be applied to streets and parks in the Pasadera development. This list of names was approved by City Council on February 28.

<u>Other</u>

In February, Line Works, a subcontractor to Frontier Communications, continued installing conduit for high-speed Internet fiber in the neighborhood west of Pioneer Street. Most of the work was substandard and needed to be redone. City staff spent considerable amount of time in February coordinating this work and attempting to ensure that the project does not have long-term negative ramifications on City infrastructure.

City staff reviewed three encroachment permit applications on February 22, 5 applications on February 27, and 2 on February 28.

General

Special projects

Public Works staff worked on several special projects requested by others along with normal tasks of emptying streets trash cans twice a week, daily street inspection, bulky trash pickup, and weekly cleaning of the pedestrian bridge in the month of February including:

- February 1: Streets staff assisted water staff in digging out meter boxes in preparation for new meters. Streets staff assisted wastewater staff in reconnecting piping in the effluent spray field.
- February 2: streets staff assisted water department staff in digging out meter boxes in preparation for new meters. Streets staff assisted wastewater staff in reconnecting piping in the effluent spray field. Coordinated with cable contractor, who was operating without adequate traffic control.
- February 3: Streets staff assisted wastewater staff in reconnecting piping in the effluent spray field and coordinated with a plumber to repair facility piping.
- February 6: streets staff assisted water department staff in digging out meter boxes in preparation for new meters.
- February 15: Weeding on both sides of Obispo Street.
- February 17: Meeting with roofing contractor to get ideas on how to approach City Hall roof replacement.
- February 20: Holiday.
- February 21: Coordinate work with contractor trimming trees on Guadalupe Street.
- February 22: Meeting with railroad staff to discuss 11th and railroad project.
- February 23: Fall protection awareness and lockout tag out safety training for all public works staff. Storm preparation.
- February 27: Storm cleanup.

The Public Works Director participated in the following meetings in February:

- February 1: Santa Barbara Transit Advisory Committee (SBTAC) meeting.
 Weekly 2022 pavement rehabilitation project field meeting. Weekly effluent pump station field meeting.
- February 2: Transportation Technical Advisory Committee (TTAC) meeting. Central Coast Community Energy (3CE) technical advisory committee meeting. Central Park renovation project monthly progress meeting.
- February 3: Low Carbon Transit Operations Program (LCTOP) meeting with SBCAG. Waste water treatment plant inspection by Regional Water Quality Control Board

- February 6: meeting with consultant to discuss City website content for Public Works department. Integrated Regional Water Management (IRWM) cooperating partners meeting. Meeting with consultant to discuss progress on this water Master plan and associated documents.
- February 8: Central Coast Trash Amendment Collaborative meeting.
- February 9: American Public Works Association Public Works Director forum.
- February 10: 2022 pavement rehabilitation project field meeting. EconAlliance meeting to discuss broadband progress.
- February 13: meeting to discuss progress on resiliency plan. CalOES/FEMA meeting.
- February 14: Guadalupe/PG&E State of the Utility meeting.
- February 15: 2022 pavement rehabilitation project field meeting. Follow-up discussion on 3CE technical assistance for fleet transition
- February 17: meeting to discuss progress on electric bus with Proterra, bus manufacturer.
- February 20: Holiday.
- February 21: ARPA project meeting. Meeting with City of Santa Maria, Caltrans, and SBCAG to discuss capacity issues on Highway 166.
- February 22: LCTOP meeting. Coordination meeting with wastewater treatment plant adjacent landowner. Meeting with railroad to discuss upcoming project at 11th and the railroad. Meet with Clay's.
- February 23: Central Coast Water Authority (CCWA) board meeting. Meeting with attorney consultant to discuss cell tower lease agreement. 3CE transportation electrification working group meeting.
- February 24: Central Park 50% design review meeting with design team. Coordination meeting with electric bus manufacturer, Proterra.
- February 27: meeting with AI Correale from USDA regarding status of our grant application for the Leroy Park phase II project. There were only three outstanding items for our application to be considered complete, all three in progress.
- February 28: joint regional water efficiency program meeting with regional water agencies.

Parks

<u>Central Park</u>

On February 23, the design consultant for the Central Park renovation project, Pacific Coast Land Design, delivered 50% design drawings and an updated cost estimate for City staff review. On February 24, the consultant delivered cut sheets for the equipment being considered in the design for City input. A monthly progress meeting was held on February 2. The consultant discussed the design and cost estimate with the Public Works

Director on February 24. City staff is scheduled to meet on March 1 to review drawings and submit comments. The consultant is preparing to present the 50% design to the Recreation and Parks Commission in April.

Leroy Park Phase II

On January 31, City staff submitted the grant application for the \$1.7 million earmarked for Leroy Park phase II, which is the addition of the multipurpose building to the community center at Leroy Park. One known outstanding issue was the fact that the federal environmental paperwork, called NEPA, completed for the entire project for the first grant, which was administered by the Housing and Urban Development agency, was not sufficient for United States Department of Agriculture (USDA), which is the federal agency administering the phase II grant. The program manager from USDA indicated that the supplement to our existing meet the would be sufficient, and all of it could be done by city staff except for the biological resources supplement. In February, City staff reached out to the consultant that completed the original NEPA, NCE, to see if they would be willing to complete the biological resources supplement being requested. They agreed. This supplement is scheduled to be completed in March. The other two remaining elements, some financial information and the architect's report, are in progress. The City is on track to finalize this grant by the September 2023 deadline.

Streets

2022 Pavement Rehabilitation Project

Construction on this project began on December 5. Concrete work was scheduled to be completed during the month of December, with pavement rehabilitation scheduled for the month of January. However, significant rain events the last week of December and continuing through February have greatly impacted the schedule. The consultant has requested and staff have approved numerous rain days, which will extend this project well into March. This project has required significant staff attention due to several curb ramp redesigns, unanticipated underground conditions, rescheduling due to rain, the holidays, supply chain issues (the asphalt plant shut down because of equipment failure on a critical business day), and trying to accommodate the installation of conduit and fiber optics for high-speed Internet in the same location so that brand-new asphalt will not need to be torn up just after installation. To add to the challenge, the subcontractor to Frontier Communications performed subpar work, much of which needs to be redone to meet City standards or even their own plans. Most of the overlay portion of the project was completed the week of February 27, and the full depth reclamation on Pioneer and Santa Barbara Streets is scheduled for the week of March 6.

Measure A POP

The Measure A Program of Projects (POP) for the upcoming 5 years was developed on February 17. This POP is a requirement for receiving these funds for street maintenance and repair.

Transit

EV buses

Staff continues to work with Proterra on details associated with the electric bus. Current estimate is that this bus will be ready for delivery at the beginning of April. However, since the charger for the bus will not be available until August, and it is not recommended to keep the battery uncharged, the City is planning to keep the bus at the manufacturer's facility for a storage fee until the charger is installed.

State of Good Repair

On February 7, submitted State of Good Repair report for Fiscal Year 21 – 22. \$4,440.58 in State of Good Repair funding was applied to new bus shelters installed in 2022.

Water

<u>AMI</u>

City staff continues to replace manual read water meters with touch read meters as the first phase of converting its water meter reading system to Advanced Metering Infrastructure (AMI). 503 meters need to be replaced. Staff replaced 96 of these meters in January and 50 meters in February. Water staff developed an innovative way to support the meter reading device in the meter box lid to reduce tampering and facilitate efficient meter reading.

State Water

On February 22, CCWA project participants were informed that the State Water allocation for 2023 has increased from 30% to 35%. The higher State Water flows the City initiated in January in an attempt to maximize the availability of State Water resulted in some taste and odor complaints due to the presence of geosmin, a harmless but offensive tasting algal byproduct that sometimes occurs in surface water. In response to the receipt of five taste and odor complaints, the City reduced the State Water flow from 350 gpm to 300 gpm to shift the water blend delivered to customers to more local groundwater. City staff will continue to monitor water palatability and State Water availability to maximize the use of our existing water supply with the acceptability of water delivered to our customers.

<u>Groundwater</u>

Additional sizable rainstorms in February continue to augment the volume of our developed water supply behind Twitchell Dam, which rose from 70,000 acre-feet in January to over 100,000 acre-feet in February. This water is released after the rainy season to augment groundwater supply.

Pasadera Well

The spare motor for this well was delivered on February 2 and is stored in the same housing as the well itself.

Bonita Tank Demolition

In February, a draft RFQ was developed for this project. Some additional details need to be ironed out prior to issuing this, such as the fate of existing-on-site piping. This RFQ is scheduled to be issued in March.

Distribution System Operations

On February 27, the paving contractor broke a water service line on Olivera Street while performing contracted work on this street. City staff isolated the waterline and facilitated the repair, which was completed by the paving contractor. The service line failure was the result of dissimilar metal corrosion on the service line.

Wastewater

<u>Regulatory</u>

No sewer system overflows occurred in February 2023.

City staff completed the 2022 volumetric annual reports documenting the volume of recycled water produced by the wastewater treatment plant. This report was submitted on February 7.

During the month of February, the City continued to discharge undisinfected treated effluent to the river. The discharge was discontinued for about 3 days in the middle of the month, until the large rainstorms occurred on February 24. At that point, rainwater refilled the holding ponds and the City was unable to pump down the ponds because one of our permit conditions is that we are not allowed to pump when it rains. Invoices and quotes for property damage associated with the flood were submitted as an insurance claim for property damage to JPIA in the month of February.

City staff and its consultant, MKN, continued to work on various documents associated with its wastewater master plan and requested by the Regional Water Quality Control Board (Board). The Off-specification Contingency Plan was completed and submitted to the Board prior to the due date of March 1. Draft technical memo #1, discussing the appropriateness of the effluent sample point, was reviewed by staff and expected to be finalized the beginning of March.

Treatment Plant

Staff fixed the sludge pump on February 9. The old pump was not moving sufficient sludge to maintain proper treatment levels. The new pump significantly improves process.

<u>Aerators</u>

Background: In December, City staff purchased two replacement aerators for the wastewater treatment plant process. These aerators were scheduled for delivery in January. At the end of January, City staff was informed that these aerators were on backorder until at least the end of February. Because these aerators are such a critical element of our treatment process, staff contacted Nipomo Community Services District who has two spare aerators. They have agreed to let us borrow the aerators until ours arrive. Update: the borrowed aerators were installed on February 3. One of the two new aerators was delivered on February 17. When staff asked the vendor for the status of the other aerator, the vendor said that they thought it was a duplicate order and cancelled the order for the second aerator. That order has now been reinstalled, and the second aerator is expected in April.

Effluent Pump Station Rehabilitation

The contractor completed all major work and submitted a written request to PG&E on February 2 to activate electrical power for the site. On February 6, the contractor received response back from PG&E acknowledging a request but not giving a start-up date. By February 14, the contractor still had not received a schedule for startup. City staff elevated this issue to its account representative due to the fact that failure to operate the pump station was resulting in continuation of discharge from the holding ponds to the river. This action was successful in getting PG&E to act, as PG&E staff was on-site on February 17 to activate electrical power. The pump station was started up on that day. Substantial completion walk-through is scheduled for March. This project will not be fully completed until the flowmeter is installed, which can only occur once the ponds are lowered by a minimum of 2 feet. As pump station cannot pump more than 1 inch per day in the absence of rain, flowmeters not expected to be installed until April.

Highway 1 Lift Station Replacement Project

Bids were opened for this project on February 7. Bids ranged from \$1,432,650.00 to \$2,788,000.00, a bit over the engineer's estimate for this project of \$1,150,000.00. The Notice of Award was approved by City Council on February 28.

Pioneer Lift Station Replacement Project

The encroachment permit application for this project was submitted to Caltrans on February 27.

CITY ADMINISTRATOR'S REPORT

March 14, 2023

(Information below may be subject to change)

1. <u>Reminder: Chevron Property Tour</u>

The City Administrator spoke to Jeff Moore from Chevron recently. They are pleased to provide a **\$90,000** traffic safety grant for the city's 2022-2023 fiscal year budget.

Jeff said he can probably get a check cut for distribution in March if we get the letter request out soon.

Chevron will also host for us and other members of city government a tour of their Guadalupe Restoration Project site on Wednesday, March 15, at 1 p.m. (*hard date, can't change*). He intends to send the city council, staff, and dunes center folks invite soon.

2. Royal Theater Background Progress

Aside from the renovation of the Royal Theater, and associated grant received for a combined \$10M, there are several other agreements, appraisals and document clean up needed. City staff is working on this with legal consultants. It's complicated but staff will get it done.

ALSO: For the California Arts Council (CAC) funding of the Royal Theatre they are expecting a Disaster Management Plan to be included in the closeout documents. Staff is checking with CAC to see if they have any guidance on what they would want in this type of plan and will let us know what we hear back. This closeout requirement would be required once the performing art center has a certification of occupancy.

Most plans of this type would cover four major topics: Mitigation, preparedness, response, and recovery.

This plan should be done in coordination with the City's Public Safety.

3. <u>City Website Update</u>

The City website consultant has completed the first round of content from Administration/Police & Fire Departments/Human Resources/Public Works/Recreation and Parks/Finance. Staff met with Building and Planning, and they said they needed a few weeks before they get the designer the material and that should start coming in this week. Finance has been a bit delayed due to the Finance Director transition and Tyler integrations. As soon as he can get the information from Planning and Building, the consultant can finish off the

baseline information and do a 2nd round review at a manager meeting so each department can see what they have and what they still need to get to the consultant.

Elected: We still need images of local officials. Staff would ask the Mayor, City Council, City Clerk, and Clerk Treasurer be available in your '*Sunday best'* at 4:30 p.m. prior to the March 28th City Council meeting. It will be on location in the chambers —estimating 1.5 hours based on staff project description individual and group photos. These will be included in the new website alongside your bios.

Reminder, please send the City Administrator your bios as soon as possible.

The new website should be ready to launch by no later than May/June 2023.

4. <u>City Administrator Communication with Community Business</u>

The City Administrator has taken the liberty continue to carve out part of his day, each day, to connect with the local businesses. Along with these trips, he is surveying the community for possible degrading areas and reporting it appropriately.

5. <u>Team Building</u>

The managers are planning a team building exercise on March 16, for a 6-hour session, talking about the 'hard' questions.... more to come.

Topics (not in order):

- Communication skills
- Emotional intelligence
- Leadership and management skills
- Embracing a change
- Hard Conversations Training

6. Operation Night Tow

Police Chief Michael Cash is putting together an enforcement operation in response to Mayor Pro Tempore Costa Jr. request about trailers parked along the curb. This will also address 72 parking violations. This is so you don't have to do any paperwork. Chief Cash will present at a later Council meeting during the Public Safety Directors Report.

7. The City and Regional Planning Department at Cal Poly San Luis Obispo

The City and Regional Planning Department at Cal Poly contacted the City and would welcome an opportunity to bring a community planning studio or an urban design studio to our city.

Each year, city and regional planning students work with California communities to develop large-scale community-wide plans, specific plans, and urban design plans. The quality of their student work is high and gets increasingly complex through their studio sequence.

Currently, they are specifically looking for opportunities for several studios:

• Community-wide planning studios will be conducted in the Fall and Winter Quarters of 2022-23. Students in the undergraduate and graduate programs will develop

background information, conduct field research, engage the public, and create a community-wide plan.

• Urban design studios will be conducted in Spring Quarter 2023, where third-year undergraduate and first-year masters students will engage in a district design or specific plan scale effort.

Most of their studios receive modest sponsorship, which defrays travel costs and other expenses. Since Guadalupe are in an economically or environmentally challenged community, though, they may be able to provide a pro bono studio. They have had great success with many communities in the past. Members of the public have enjoyed engaging the students with their civic aspirations. The products of their past projects have ranged from helpful new background information for the city to formally adopted, award-winning plans.

They are asking if we have projects that might be suitable for student involvement. Staff is working with our planners to discuss possibilities and then see if council is interested. If council has any ideas, please let the City Administrator know....more to come.....

8. GBA Meeting (Parking)

As you know, the parking lot next to the Gym (Alandis property) was blocked off by concrete barriers which will not allow for parking. The City Administrator attended the March 6, 2023, GBA meeting. The group talked about how the GBA can help initiate the conversations about the parking issues suggested to be spearheaded by business owners. A Dunes Center Board person in attendance is going to talk with her Board about seeing if the Far Western could be used as parking. The Trust Pro Manager (Steve) said he is a friend of the Alandis property owner(s) and will work with the owners of the Guadalupe Social Club to see about a mutual parking solution on the adjacent property. It was mentioned to them that the city plaza parking lot can be used for parking, not a long walk. The City Administrator told them that they can park in our 50 x 330-foot Al's union lot.... they were appreciative of city's quick action in granting the parking there.

City staff is working to install a public parking sign so people know where to they can park at the public parking plaza.

The conversation then morphed into other city topics and positive conversation including recreation.

Overall, it was a good meeting, always giving great kudos to our Mayor and City Council. Staff will be represented at meetings forward to inform the GBA of City happenings. Next meeting is April 3.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Prepared by: Larry Appel, Contract Planning Director

Todd Bodem

Approved by: Todd Bodem, City Administrator

SUBJECT: Amendments to the Adopted 2042 General Plan Land Use Diagram

EXECUTIVE SUMMARY:

The 2042 General Plan was adopted unanimously by the City Council on November 22, 2022. Along with the text, the Council also adopted a new Land Use Diagram (Map) which identified the uses on all parcels within the boundaries of the city. In order to complete the general plan process, it is necessary to prepare a consistency rezone to ensure that those properties that received new land use designations also have a zoning designation that is consistent with the General Plan. It was during that research that staff identified 11 properties that had been mislabeled on the diagram. Staff is requesting that Council correct those parcels prior to taking action on the Consistency Rezone project. Once approved, staff will have the land use diagram updated.

RECOMMENDATION:

It is recommended that the City Council:

- 1) Receive a presentation from staff; and
- 2) Conduct a public hearing; and
- 3) Adopt Resolution No. 2023-15 adopting amendments to the 2042 Guadalupe General Plan Land Use Diagram, Exhibit 1

DISCUSSION:

This amendment to the adopted 2042 General Plan is necessary to correct the land use designations on eleven parcels within the city. The parcels will be discussed briefly below.

1000 Block Westside of Guadalupe Street

When the diagram was prepared, it misidentified parcels along the westside of the street that included the Veteran's Building, The Yellow House, Guadalupe Cultural Center and the Dunes Center. All of these were shown as High Density Residential (HDR). These parcels, except for the Veteran's Building and Fire Department, are recommended to be designated as Downtown Mixed Use (MIX), which is consistent with property across the street as well as the rest of the downtown

area. We recommend that the Veteran's building and Fire Department be designated Public Facility, like all other public buildings in the city.

4600 Block Northside of Seventh Street

There are four homes and one vacant lot on this street that were previously designated as Low Density Residential (LDR) but were mistakenly changed to HDR. This amendment returns those parcels to LDR.

303 Obispo Street

This parcel is owned by the city and contains two large water tanks. During the general plan update, staff identified a number of properties in town like city hall, schools, etc. that had previously been designated Open Space. All those properties had their designations changed to Public Facility. This property (303 Obispo Street), however, was designated General Industrial (which is the designation for properties that are around it). This property should have been designated Public Facility as the uses onsite are more closely aligned with this designation.

Little House / CAPSLO

This property contains the Little House by the Park as well as a Head Start program. The previous designation mislabeled it and another parcel to its east as Open Space. These mislabeled parcels from the 2002 General Plan were partially changed. Staff knew the two uses onsite were not appropriate for Open Space, so this property was designated Public Facility as that seemed to fit the two uses. Staff had been aware that the owners were looking to add another use in the future which would not have been consistent with Public Facility. In order to allow the current uses to remain consistent, and allow a possible new use on the vacant portion of this site, staff is recommending that the property be amended to General Commercial.

CEQA REVIEW:

This amendment has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA Guidelines, and has been found to be exempt pursuant to Section 15306 of the CEQA Guidelines (information collection) because it does not have the potential to create a physical environmental effect.

PUBLIC NOTICE:

Staff posted the required Public Hearing Notice in three locations around City Hall as well as providing mailed notices to property owners within 300 feet of properties that are proposed for amended land use designations.

RESOLUTION NO. 2023-15

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GUADALUPE, CALIFORNIA, AMENDING THE 2042 GENERAL PLAN LAND USE DIAGRAM

WHEREAS, pursuant to California Government Code Section 65300, each city and county in California must adopt a comprehensive, long-term general plan addressing the physical development of the county or city, and any land outside its boundaries which in the agency's judgment bears relation to its planning; and

WHEREAS, pursuant to California Government code Section 65302 a general plan shall consist of statements and diagrams addressing communitywide development goals and/or objectives and policies and programs to achieve those goals and/or objectives relating to seven mandatory elements: land use, circulation, housing, conservation, open space, noise, safety, plus the following additional non-mandatory elements: environmental justice, air quality, economic development, community design/historic preservation, and public facilities; and

WHEREAS, the land use diagram was adopted on November 22, 2022 which replaced the original land use map adopted with the 2002 General Plan; and

WHEREAS, after adoption of the land use diagram and during the consistency rezone process, staff determined that certain parcels had received incorrect designations so the City Council is being asked to amend the diagram to correct the mistakes prior to approving the consistency rezone ordinance (Exhibit 1); and

WHEREAS, after the land use diagram has been amended, the consistency rezone can be considered to complete the re-designation of land use and zoning of various parcels within the city; and

WHEREAS, on March 2, 2023, the City mailed notice of the City Council's hearing on the 2042 General Plan amendment to all properties within 300 feet of the effected parcels, pursuant to Government Code § 65091(a)(4); and

WHEREAS, notice of the City Council's hearing on the amendments to the 2042 General Plan Land Use Diagram was posted to the City's website on March 2, 2023; and

WHEREAS, notice of the City Council's hearing on the 2042 General Plan was posted at least 72hours prior to the Council hearing as part of the City Council's meeting agenda as required by the Brown Act.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Guadalupe does hereby find and determine as follows:

SECTION 1. The City Council hereby finds that the above recitals are true and correct and incorporated herein by reference as if set forth in full.

SECTION 2. The 2042 General Plan amendment attached hereto as Exhibit 1 is essential for the preservation of public health, safety, and general welfare and is in compliance with all applicable procedures required by state law and the City of Guadalupe.

SECTION 3. The 2042 General Plan, as amended by Exhibit 1 comprises an integrated, internally consistent and compatible statement of policies in compliance with Government Code § 65300.5.

- **SECTION 4.** The City Clerk shall certify as to the adoption of this Resolution.
- **SECTION 5.** That the City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.

PASSED, APPROVED, AND ADOPTED at a regular meeting of the City Council of the City of Guadalupe held this 14th day of March 2023 by the following vote:

MOTION:

AYES: NOES: ABSENT: ABSTAINED:

I, Amelia M. Villegas, City Clerk of the City of Guadalupe DO HEREBY CERTIFY that the foregoing Resolution, being **Resolution No. 2023-15**, has been duly signed by the Mayor and attested by the City Clerk, all at a regular meeting of the City Council, held March 14, 2023 and that same was approved and adopted.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Prepared by: Larry Appel, Contract Planning Director

Todd Bodem

Approved by: Todd Bodem, City Administrator

SUBJECT: Property rezones to achieve consistency with the adopted 2042 General Plan Land Use Diagram and other amendments to the zoning ordinance (Chapter 18)

EXECUTIVE SUMMARY:

The 2042 General Plan was adopted unanimously by the City Council on November 22, 2022. Along with the text, the Council also adopted a new Land Use Diagram (Map) which identified the uses on all parcels within the boundaries of the city. An immediate follow up to the General Plan adoption is the need for a consistency rezone to ensure that those properties that received new land use designations also have a zoning designation that is consistent with the General Plan. Staff identified 175 parcels that required a consistency rezone. In addition, the ordinance includes amendments to the Zoning Ordinance to improve and update it.

RECOMMENDATION:

It is recommended that the City Council:

- 1) Receive a presentation from staff; and
- 2) Conduct a public hearing; and
- Adopt Ordinance No. 2023-509 amending the zoning designations on various properties identified in Exhibit 1, and amending various sections of the zoning ordinance (Chapter 18).

BACKGROUND:

When the 2042 General Plan was adopted, it changed a number of property's land use designations. When that occurred, in many cases the zoning designation of those parcels was no longer compatible or consistent with the land use designation. It is not possible for staff to issue any permits on properties where the land use designation is inconsistent with the zoning designation. That is why it is has been a priority of staff to bring this consistency rezone to Council as soon as possible. The adopted 2042 General Plan included Chapter 11 which contained 42 programs from the various elements that need to be implemented within three years. **Program**

LU-1.1.3 required that planning staff amend the zoning ordinance "to allow a fuller mix of commercial and urban residential uses in the Downtown, consistent with the new mixed-use designation created in the Land Use Element." In many areas of the zoning ordinance, no changes have been made since it was initially adopted by the city in 1980. At that time, it addressed the needs of the community. Now over 40 years later, there are various chapters that are considerably out of date. This staff report will describe the various amendments to the zoning ordinance that will correct those deficiencies as well as address **Program LU-1.1.3**.

DISCUSSION:

Consistency Rezone

The first part of this report deals with the consistency rezone of 175 parcels throughout the city. The parcels are listed in **Exhibit 1** which provides the Assessor's Parcel Number (APN), General Plan designation, current zoning, acreage, proposed zoning, and address. **Exhibit 2** is a map used by a consultant to prepare the legal noticing list. The highlighted parcels (in yellow) identify each of the properties that required the consistency rezone. If this ordinance is approved for first reading, then a second reading will be scheduled for March 28, 2023. Thirty days later, April 27, 2023, the 175 parcels will have consistency with the adopted Land Use Designations. At that point these parcels will be allowed to process applications and approve permits.

Mixed Use (MIX) Chapter 18.35

The 2042 General Plan eliminated almost all properties that had a designation of General Commercial in favor of a new designation of Downtown Mixed Use. The two remaining parcels include the church just north of the cemetery and the small shopping center on West Main. The corresponding zoning designation is also Mixed Use (MIX). The general plan assumed that the city would expand the uses in the MIX zone district to make the downtown a more viable area for commercial retail uses as well as expanding residential opportunities. Staff carried over the uses from the General Commercial (G-C) zone district to the MIX district. It also made it clear that residential uses, up to 30 units per acre, would be encouraged in this designation.

General Commercial (G-C) Chapter 18.36

Some minor changes have been made including the purpose of the district, the permitted use list as well as the conditional use list. Staff has replaced Planning Commission with City Council in this district as well as other sections of the ordinance.

Off-street parking Chapter 18.60

In the last few years, the state has made it clear to local agencies that they are very serious in their attempts to increase housing stock in California. One of the ways they are doing this is by removing the authority of a local agency in the area of on-site parking. This has been true for Accessory Dwelling Units, Junior Accessory Dwelling Units, and now with SB 9 where owners of single family lots are permitted to split the property and develop up to four units where there was only one in the past. At the same time the state is eliminating the requirement for parking. With this in mind and with the recent three new businesses in the 900 Block of Guadalupe Street where Council agreed that the uses were similar to others in that zone district without the need for a conditional use permit or on-site parking, staff has crafted a possible exemption for parking

within the MIX zone district. It still says that parking is required, if space is available. But when space isn't available, there is a Finding that can be made to lessen or eliminate the requirement for parking.

The Land Use Element of the General Plan provided calculations to show that the city could meet its Regional Housing Needs Allotment (RHNA) housing requirements in part by providing higher density units in the upper floors of buildings within the MIX zone district. Without the relaxation or elimination of the parking requirements for this zone district, future development and redevelopment of the downtown area is unlikely. It has been a goal of the city for any years to revitalize the downtown corridor. For this reason, staff strongly recommends that this provision as well as the supporting Finding be included within the ordinance amendment.

Design Review Chapter 18.73

This chapter has a number of important changes proposed. Beginning in Applicability, the chapter recognizes the Downtown Mixed Use rather than the old Central Business District. Under Section 18.73.030, Exceptions and exemptions, the current ordinance states that if a CUP is being processed by Council and there is also a Design Review application, that only the CUP is to be considered by Council. Staff is recommending that the Findings of the Design Review be added to the CUP Findings within the CUP Resolution. Two changes have been made globally and are included in this chapter. The ordinance refers to "fees" where in fact almost all funds submitted for processing applications are in the form of a deposit. The other change is showing that the City Council is the decision maker for all discretionary projects. The Planning Commission has been removed since it has not been a part of the planning process for many years.

A new section has been added - Similar uses and slight modifications (Section 18.73.070). This section has been borrowed from Santa Maria. It provides a way of streamlining planning for minor changes to approved projects without needing to return to City Council. The Procedure section (Section 18.73.100) has been expanded and edited to meet the current permit processing procedures. The issue of parking for projects within the MIX zone is identified within the Components of Review where it mentions the need for a special Finding to be made. The new Findings added under (Section 18.73.110.N) states, *"The proposed development is an asset to the community through the provision of needed housing units along with expanded commercial/retail services."* The City Council will have an opportunity to approve the Findings, including the parking reduction/elimination for each discretionary project.

Finally, the Appeals section (Section 18.73.120) has been amended to reflect that minor design review is approved by the Director and therefore is appealable to the City Council. But final decisions of the City Council have no further ability to be appealed through the city and must be handled through the California Code of Civil Procedure Section 1094.6 for judicial review.

Conditional/Administrative Use Permits and Variances (Chapter 18.72)

This chapter has been updated much in the same way as the design review has been updated, as noted above. The Findings section includes added a new one that covers the situations where the City Council only processes a CUP when a Design Review has also been required. An appeals section has been added along with a Similar Use section, just like in the Design Review chapter

The Variance section has been updated to include a number of upgrades that were also made to the Design Review and CUP Chapters. Additional Findings have been added to ensure that when a Variance is being considered it is an appropriate action of the City Council. Staff also added a section for Appeals of the Variance (Section 18.72.170).

Under Article III, an expiration date has been added to say that use permits and variances need to be activated no longer than one year after approval, unless a time extension is granted. A time extension section has been added to address situations where the use couldn't be activated in the permitted time limit. Although the expiration is "automatic" unless extended, a hearing must be held before the City Council to allow the permittee to show cause why the permit should not be expired. According to the City Attorney, this is a legal requirement in order to comply with "due process."

Under the Administrative Use Permit section (Article IV), the only change is the addition of an appeal of the Director's decisions. City Council would handle any appeals.

Single-Family (Low-Density) Residential District (R-1) Chapter 18.20

There were two changes to this section. The Land Use Element increased densities on the three residential designations (low, medium, and high density). Upon completion of these Title 18 amendments, all residential zoning densities will harmonize with the General Plan. This zone district now shows that R-1 zoning has an overall density of 1-12 units per acre rather than five per acre. It also acknowledges the ability to develop an ADU and/or JADU.

<u>Single-Family (Medium-Density) Residential District (R-1-M) Chapter 18.24</u> This zone district has the same revisions as noted in the R-1 section, and allowing up to 12 units per acre.

<u>Multiple Dwelling (Medium-Density) Residential District (R-2) Chapter 18.28</u> The density of this zone district now allows from 12-20 dwelling units with a minimum of 2,178 square feet of land for each unit. It also acknowledges the ability to have multiple ADUs and JADUs.

Multiple Dwelling (High-Density) Residential District (R-3) Chapter 18.32

The density of this zone district now allows from 21-30 dwelling units with a minimum of 1,452 square feet of land for each unit. It also acknowledges the ability to have multiple ADUs and JADUs.

Commercial Recreation (CR) Chapter 18.42

This zone district has been amended in order to address the possibility of a future Hostel in town. By including this use now, it won't require the owner to process a use determination in the future before the City Council.

CEQA REVIEW:

This amendment has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA Guidelines, and has been found to be exempt pursuant to Section 15306 of the CEQA Guidelines (information collection) because it does not have the potential to create a physical environmental effect.

PUBLIC NOTICE:

Staff posted the required Public Hearing Notice in three locations around City Hall as well as providing mailed notices to property owners within 300 feet of the 175 properties that are proposed for consistency rezonings.

ORDINANCE NO. 2023-509

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GUADALUPE, CALIFORNIA, AMENDING SECTIONS OF CHAPTER 18 (ZONING ORDINANCE) TO ACHIEVE CONSISTENCY WITH THE RECENTLY ADOPTED 2042 GUADALUPE GENERAL PLAN

The City Council of the City of Guadalupe, State of California, does ordain as follows:

WHEREAS, pursuant to California Government Code Section 65300, each city and county in California must adopt a comprehensive, long-term general plan addressing the physical development of the county or city, and any land outside its boundaries which in the agency's judgment bears relation to its planning; and

WHEREAS, pursuant to California Government code Section 65302 a general plan shall consist of statements and diagrams addressing communitywide development goals and/or objectives and policies and programs to achieve those goals and/or objectives relating to seven mandatory elements: land use, circulation, housing, conservation, open space, noise, safety with the additional non-mandatory elements: environmental justice, air quality, economic development, community design/historic preservation, and public facilities; and

WHEREAS, on November 22, 2022, the Guadalupe City Council adopted the 2042 General Plan and land use diagram by Resolution No. 2022-104 and as amended by Resolution No. 2023-15; and

WHEREAS, in order to complete the planning process it is necessary to bring certain properties' zone designations under Chapter 18 of the Guadalupe Municipal Code (zoning ordinance) into consistency with the recently adopted General Plan and amendment; and

WHEREAS, this ordinance also will amend various zoning districts and procedural regulations in order to be found consistent with the adopted General Plan.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GUADALUPE DOES ORDAIN AS FOLLOWS:

SECTION 1. Chapter 18.35 of the Guadalupe Municipal Code is hereby amended to read as follows:

Article I. Conditional Use Permits

18.72.010 Applicability Issuance conditions.

Conditional use permits shall be issued only for the uses or purposes for which such permits are required. The Planning Commission shall impose such conditions as it deems necessary to serve the purposes of this title, and may require tangible guarantees or evidence that such conditions are being or will be complied with. (Ord. 189 Art. 5 §2, 1980) Uses permitted subject to conditional use permit are those uses necessary for the development of the community, having inherent qualities or characteristics which, unless provided for, would cause such uses to be incompatible or inharmonious with adjacent or nearby permitted uses.

18.72.020 Application—Information required-

Application for a conditional use permit shall be made in writing by the owners of the property, lessee, purchaser in escrow, or optionee with the consent of the owners. The application shall include a plot plan drawn to scale showing property involved and improvements proposed, contiguous property lines and improvements, and plans showing in detail the proposed use to be made of the land or building. (Ord. 189 Art. 5 §2, 1980)

The applicant shall submit an application that meets the requirements of the City's planning application packet, but at a minimum, consisting of the following:

A. A completed planning application form, including a written project description discussing all existing and proposed structures and uses.

B. The required application deposit.

C. Four plan sets, including a site plan, floor plans, a roof plan, and complete set of elevations.

D. Landscape plans, if applicable and deemed necessary by planning staff.

E. Site photos including photos from any street frontage.

F. One set of mailing labels with the addresses of property owners within a 300-foot radius of the subject property, and adequate first-class postage for a single mailing to these recipients.

18.72.030 Application <u>Deposit</u> Fee.

A fee <u>deposit</u> set by a resolution shall accompany the application. Conditional use permits issued for a specified period of time may be extended for an additional term period <u>of time</u> without additional fee <u>deposit</u>.

18.72.040 <u>Procedure Application Public hearing date set</u>.

Upon receipt of the application for a conditional use permit, the secretary of the Planning Commission shall set a date for public hearing on the application; notice of such hearing shall be given as provided in Chapter 18.12 of this title. (Ord. 189 Art. 5 §2, 1980)

The procedure for requesting and obtaining a Conditional Use Permit is as follows:

A. The applicant fills out a permit application for conditional use and submits the required application deposit.

B. Staff reviews the application materials, conducts a preliminary review of the project's compliance with Zoning Code requirements, and determines if the application is complete for processing or if additional materials are needed. If the application is deemed incomplete for processing, an Incomplete Letter shall be transmitted no later than 30 days after receiving the application materials.

C. Once application is complete, staff prepares a staff report and resolution which contains findings and conditions of approval. The project is then placed on the agenda for the next available City Council meeting. Plan sets associated with the request would be included in each Councilmember's packet for review prior to the meeting.

D. During the City Council's consideration of the request, the applicant and their architect or agent would present the project and field any questions from the Council. If the design is acceptable as proposed or with minor changes or revisions that are of the nature that they could be verified by staff without the need for returning to the Council, the Conditional Use Permit may be approved or conditionally approved. If more substantive revisions are deemed necessary, the Council's comments at the meeting shall be conveyed to the applicant, who would then have the responsibility for addressing these comments through the preparation of revised plans and reconsideration at a future Council hearing.

18.72.050 <u>Components of review.</u>

The City Council shall consider the following design components when considering an application for a Conditional Use Permit:

A. Overall design of new or enlarged structures and the architectural style.

B. Physical and design relation with existing and proposed structures on the same site and in the immediately affected surrounding area.

C. Site layout, orientation, and location of buildings, and relationship with open areas and topography.

D. Colors, types, and variation of building materials.

E. Height, bulk, scale and area coverage of buildings and structures and other site improvements.

F. Potential interference with existing scenic views.

G. Height, materials, colors, and variations in boundary walls, fences, or screen planting.

H. Location and type of existing and proposed landscaping.

I. Reduction or elimination of on-site parking within the MIX zone district, only after the Director makes Finding N (Section 18.73.100.N).-

18.72.060 <u>Notice to adjacent properties Public hearing</u> Planning Commission determination.

A. After the conclusion of the public hearing, the Planning Commission shall determine whether or not the establishment, maintenance or operation of the use which is applied for will, under the circumstances of the particular case:

<u>1. Be consistent with the General Plan;</u>

2. Be detrimental to the health, safety, morals, comfort and general welfare of the persons residing or working in the neighborhood of such proposed use, or whether it will be injurious or detrimental to property and improvements in the neighborhood or to the general welfare of the City.

B. If the Commission finds that the conditions mentioned in subsection (A)(2) above will not result from the particular use applied for, it may grant the conditional use permit. (Ord. 189 Art. 5 §2, 1980)

A. For all Conditional Use Permits, notice of a pending Conditional Use Permit application shall be mailed to adjacent property owners within a 300-foot radius of the proposed development. Notices shall be mailed out at least 10 calendar days in advance of the meeting at which the City Council will consider the Conditional Use Permit. Minor Design Review Permit applications shall not require mailed notices to be sent.
 B. For Conditional Use Permits, at least 10 calendar days prior to the meeting at which the City Council will consider the Conditional Use Permit, at least three notices of the pending application shall be posted in a publicly accessible location on City property, with such notice maintained on site until the day after the City Council meeting.

18.72.070 Decision maker.

<u>Conditional Use Permits will be considered by the City Council. The Council may approve, conditionally</u> <u>approve, or deny a Conditional Use Permit.</u>

18.72.080 Public hearing—<u>City Council Findings</u> Planning Commission determination.

A. After the conclusion of the public <u>hearing comment period for the project hearing</u>, the <u>City Council</u> <u>Planning Commission</u> shall determine whether or not the establishment, maintenance or operation of the use which is applied for will be consistent with the Findings below, under the circumstances of the particular case:

1. <u>The project or use shall Bb</u>e consistent with <u>applicable provisions of</u> the General Plan <u>and Zoning</u> <u>Ordinance</u>;

2. <u>The project or use shall not Bb</u>e detrimental to the health, safety, morals, comfort and general welfare of the persons residing or working in the neighborhood of such proposed use, or whether it will be injurious or detrimental to property and improvements in the neighborhood or to the general welfare of the City.

3. Should the Zoning Ordinance require both a CUP and Design Review, Section 18.73.030.A states that only the CUP shall be processed by the City Council. However, in such cases, the Findings for Design Review (Section 18.73.100) shall be required as part of the CUP approval process.

B. If the <u>Council Commission</u> can make the Findings above, finds that the conditions mentioned in subsection (A)(2) above will not result from the particular use applied for, it may grant the conditional use permit.

18.72.090 Appeals of final action of City Council.

<u>The City Council's decision concerning any matter it considers under this Title is final and is subject to</u> the time limits set forth in California Code of Civil Procedure Section 1094.6 for judicial review.

18.72.100 Similar use and slight modification

Uses which the Planning Director determines to be similar to the permitted uses in each district and which fall within the intent and purpose of the district, and that will not be obnoxious or detrimental to the public welfare, and compatible with adjoining land uses, and which are of a comparable nature and of the same classes as the uses enumerated for said district, shall be allowed as permitted uses therein. The Planning Director may also consider and render decisions on matters of slight modification and minor adjustment deemed necessary in connection with the efficient administration of this title. Whenever the lawfulness of such a determination is called in question in any manner, the same shall be submitted to the City Attorney whose decision shall be determinative.

Article II. Variances

18.72.060110 Variance Application—Contents and deposit fee.

A. Applications for a variance shall be made in writing by a property owner, lessee, purchaser in escrow, or optionee with the consent of the owners on a form provided <u>online or</u> by the Planning <u>Department</u> Commission. The application shall include a plot plan drawn to scale, showing property involved and improvements, dimensions, <u>other structures within 50 feet of property lines</u>, the details of the variance requested, <u>site photos</u>, and evidence <u>showing</u> that the Findings in Section 18.72.080 can be made.:

1. The granting of the variance will not be contrary to the intent of this title or to the public safety, health and welfare; and

<u>2.</u> Due to special conditions or exceptional characteristics of the property, or its location, the strict application of this title would result in difficulties and unnecessary hardship.

B. A fee <u>deposit</u> as set by resolution shall accompany the application.

18.72.070120 Certain uses not allowed.

The use of lands or buildings not in conformity with the regulations specified for the district in which such lands or buildings are located may not be allowed by the granting of a variance from the strict application of the terms of this title.

18.72.080 Application Contents and fee.

A. Applications for a variance shall be made in writing by a property owner, lessee, purchaser in escrow, or optionee with the consent of the owners on a form provided by the Planning Commission. The application shall include a plot plan drawn to scale, showing property involved and improvements, dimensions, the details of the variance requested, and evidence showing that:

2. Due to special conditions or exceptional characteristics of the property, or its location, the strict application of this title would result in difficulties and unnecessary hardship.

B. A fee as set by resolution shall accompany the application. (Ord. 189 Art. 5 §3, 1980)

18.72.130 Procedure

A variance shall be processed in the same manner as a Conditional Use Permit as identified in Section 18.72.040.

18.72.090140 Notice to adjacent properties Application Public hearing date set.

Upon receipt of an application for a variance, the secretary of the Planning Commission shall set a date for a public hearing on the application. The hearing shall be held within 45 days after the filing of the application. Notice of such hearing shall be given as set forth in Chapter 18.12 of this title. (Ord. 189 Art. 5 §3, 1980)

A. For all Variance applications, notice of a pending application shall be mailed to adjacent property owners within a 300-foot radius of the proposed development. Notices shall be mailed out at least 10 calendar days in advance of the meeting at which the City Council will consider the Variance.

B. At least 10 calendar days prior to the meeting at which the City Council will consider the Variance, at least three notices of the pending application hearing shall be posted in a publicly accessible location on City-controlled property, with such notice maintained on site until the day after the City Council meeting.

18.72.100150 Public hearing—<u>City Council Planning Commission</u> recommendations.

Variances will be considered by the City Council. The Council may approve, conditionally approve, or deny a Variance. After the conclusion of the public hearing, the Planning Commission shall recommend to the City Council that it grant or deny a permit to modify the application of the restrictions established by this title. The commission may recommend a change or modify the extent of the variance requested, and may recommend conditions of approval of variance. (Ord. 189 Art. 5 §3, 1980)

18.72.060160 Application Required Findings Grant conditions.

Applications for variances from the strict application of the terms of this title may be made, and variances granted, when the following circumstances are found to apply:

A. That any variance granted shall be subject to such conditions as will assure that the adjustment thereby authorized shall not constitute a grant of special privilege inconsistent with the limitations upon other properties in the vicinity and district in which the subject property is situated;

B. That because of special circumstances applicable to subject property, including size, shape, topography, location or surroundings, the strict application of the Zoning Ordinance is found to deprive subject property of privileges enjoyed by other properties in the vicinity and under identical zone classification.

C. The granting of the variance will not be contrary to the intent of this title or to the public safety, health and welfare; and

D. Due to special conditions or exceptional characteristics of the property, or its location, the strict application of this title would result in difficulties and unnecessary hardship.

18.72.110 City Council hearing and modification authority.

 a public hearing on the application. Such hearing shall be held within 45 days after the action of the Planning Commission. Notice of the hearing shall be given as set forth in Chapter 18.12 of this title.

B. After conclusion of the public hearing, the City Council shall grant or deny a permit to modify the application of the restrictions established by this title. (Ord. 189 Art. 5 §3, 1980)

<u>18.72.170</u> Appeals of final action of City Council.

<u>The City Council's decision concerning any matter it considers under this Title is final and is subject to</u> the time limits set forth in California Code of Civil Procedure Section 1094.6 for judicial review.

Article III. Use Restrictions

18.72.120180 Time of issuance—Effective date.

No conditional use permit or granting of a variance shall have any force or effect until the applicant thereof actually receives such permit designating the conditions of its issue thereon, and signed by the secretary of the Planning Commission or City Clerk. No permit shall be issued until the time for filing an appeal from the decisions of the <u>City Council Planning Commission</u> has expired, <u>Prior to issuance of a Zoning Clearance</u>, the applicant shall have signed and returned to the City, an Agreement to Comply with conditions of approval. or, in event of such appeal, after the final determination thereof by the City Council.

18.72.130190 Expiration date.

Any conditional use permit or variance granted in accordance with the terms of this title shall expire if not initiated within one year from the date of the approval thereof, or within any shorter or longer period of time if so designated by the City Council, unless the applicant applies for and obtains an extension from the City Council. Initiation of a conditional use permit or variance may be accomplished by obtaining issuance of building and/or grading permits. For any conditional use permit or variance that is timely initiated, it shall expire within one year if there have been no inspections for issued building and/or grading permits. The City Council shall hold a hearing to confirm the expiration of the conditional use permit of variance to allow the applicant an opportunity to show cause why the conditional use permit or variance and may impose additional conditions for doing so.

18.72.140200 Revocation conditions.

Any conditional use permit or variance granted in accordance with the terms of this title may be revoked by the City Council in the manner hereinafter set forth if any of the conditions or terms of such permits are violated.

18.72.210 Appeal of final action of City Council

<u>The City Council's decision concerning any matter it considers under this Title is final and is subject</u> to the time limits set forth in California Code of Civil Procedure Section 1094.6 for judicial review.

18.73.120220 Time extension.

The City Council may grant up to two (2) one-year extensions for good cause. A request for an extension shall be made in writing with appropriate fees and filed sufficiently in advance of the expiration date to allow the request to be considered at a regular meeting of the City Council.

Article IV. Administrative Use Permits

18.72.150230 Issuance conditions.

Administrative use permits (AUP) when required or allowed by this code shall be issued only if the findings identified in Section 18.72.160 can be made. The Planning Director or designee shall impose such conditions as deemed necessary to serve the purposes of this title, and may require tangible guarantees or evidence that such conditions are being or will be complied with.

18.72.160230 Application—Property owner(s).

Application for an AUP shall be made in writing by the property owner(s).

18.72.170240 Application fee.

A fee shall be required to process an AUP in an amount established by resolution of the City Council and updated from time to time.

18.72.180250 Application—Director determination.

Upon receipt of the application for an administrative use permit and payment of the application deposit, the Planning Director or designee shall evaluate the request and determine if the findings listed in Section 18.72.160 can be made to approve the request.

18.72.190260 Findings for approval.

In order to approve an administrative use permit, the Planning Director or designee shall make specific findings that granting the administrative use permit will not be detrimental to public health and safety, introduce unreasonable adverse impacts to the immediate neighbors, and would not overburden sewer and water services, or overburden traffic flow or parking.

18.72.200270 Administrative hearing.

Prior to issuing an administrative use permit under this chapter, the Planning Director or designee shall cause an administrative hearing to be noticed and held in the following manner:

A. Notice of Hearing. Notice of a public hearing shall contain the information required by Government Code Section 65094 and any additional information the Director deems appropriate. In addition, the notice shall declare that the application for the administrative use permit will be acted on without a public hearing if no request for a hearing is made.

B. Method of Notice/Distribution. Notice of public hearings shall be given as provided by Government Code Section 65091.

C. Public Hearing. A public hearing on an administrative use permit shall occur only when a hearing is requested by the applicant or other interested person(s). This request shall be made in writing to the Planning Director or designee no later than 7 days after the date of the public notice. In the event a public hearing is requested, the hearing on the administrative use permit shall be held on the date and time as defined in the public notice. At the request of the project applicant and/or at the discretion of the Planning Director or designee, a public hearing may be continued from time to time, but notice of the further hearings may be required to be provided again in the same manner as provided by subsection A. All costs associated with noticing shall be borne by the property owner.

D. Conduct of Hearing. At the public hearing, interested persons may present information and testimony relevant to a decision on the proposed AUP.

E. Final Decision. Immediately after the conclusion of public testimony in the case of a public hearing, or no sooner than the date of the meeting specified in the public notice required by subsection A, the Planning Director or designee shall announce the final decision, continue the decision to a future date, or announce that the matter will be referred to the City Council for a final decision.

18.72.280 Appeal of Director decision by City Council

Appeals of any Director final decision under this AUP section shall conform to the requirements of Chapter 18.80 requiring a hearing by the City Council. The City Council's decision concerning any matter it considers under the Title is final and is subject to the time limits set forth in California Code of Civil Procedures Section 1094.6 for judicial review.

	Council

18.73.120130 Expiration and extension.

18.73.010 Applicability.

A. A Design Review Permit is required for any development, including either or both structural development and grading, on properties in the City's <u>Downtown Mixed Use District</u> Central Business <u>District</u> (as defined in the General Plan) or on properties with frontage along Guadalupe Street or Main Street, unless the proposed development would not be visible from these streets, for example, if blocked by a sound wall or other intervening structure.

B. Regardless of location, the following types of development projects shall require a Design Review Permit:

1. All new structures fronting a public street or visible from a public street on properties zoned general commercial, service commercial, neighborhood commercial, <u>mixed use</u>, or similar commercial zoning.

2. All new structures fronting a public street or visible from a public street on properties zoned general industrial, industrial commercial, light industrial, or similar industrial zoning.

3. Additions to nonresidential structures in any commercial, industrial, or mixed use zoning district that involve any exterior alterations to 2nd and/or 3rd stories.

4. Additions to nonresidential structures in any commercial, industrial, or mixed use zoning district that would be visible from a public street or view point and that exceed 120 square feet in size.

5. All new wireless communications facilities.

6. New multifamily residential developments exceeding 3 units or additions to existing multifamily developments where the addition would result in a total of 3 or more units on a given property.

7. All garage conversions.

8. Any development or remodeling of structures that have been officially designated historical landmarks by the City or the State.

9. Remodeling projects of the types and locations specified in this list, if the remodeling involves exterior alterations that would be visible from any public street or other public area.

10. Any other project not otherwise on this list that, in the opinion of the Planning Director or City Planner, would benefit from design review because of its visibility, scope, or historic merit, or potential for deprivation of private property rights of other landowners.

C. In addition, City-sponsored capital improvement projects may be referred to the Planning Commission City Council or design review in an advisory capacity. Projects eligible for advisory review would include development within any City-owned park or open space. The decision on whether to refer a City-sponsored project for advisory design review would be made by the Planning Director or City Planner after consideration of the project's potential for aesthetic impacts and the potential benefit of input on project design.

18.73.020 Minor Design Review Permits for certain small projects.

A Minor Design Review Permit is required for any small project. A small project is defined as any new structure of less than 300 square feet, or an addition to an existing structure that adds less than 500 square feet of development or adds less than 10% of the size of the main structure, whichever is greater. Other projects that are at a similarly small scale, as determined by the Planning Director or City Planner, may be processed with a Minor Design Review Permit.

18.73.030 Exceptions and exemptions.

A. A separate Design Review Permit is not required for those projects that require approval(s) under the jurisdiction of the <u>City Council Planning Commission</u> (for example Conditional Use Permits) where the design of the project or development would be a part of the <u>City Council's Planning Commission</u>'s

consideration of the request. <u>However, the Design Review Findings (Sec. 18.73.100) shall be incorporated</u> into the CUP Resolution.

B. Notwithstanding the requirements set forth in Sections 18.73.010 and 18.73.020, the following projects do not require a Design Review Permit:

1. Interior alterations of structures other than historical landmarks, as long as such alterations do not result in any changes to the exterior of the building.

2. Structures or additions to existing structures on lots zoned single-family residential in areas outside of the <u>Downtown Mixed Use District</u> Central Business District or which are located on streets other than Guadalupe Street or Main Street.

3. New structures in any commercial, industrial, or mixed use zoning district less than 200 square feet in size, unless such structure(s) because of the visual sensitivity of the site combined with its proposed location, architectural style, or would, in the opinion of the Planning Director or City Planner, result in a potential visual impact.

18.73.040 Application—Information required.

The applicant shall submit an application that meets the requirements of the City's planning application packet, but at a minimum, consisting of the following:

A. A completed planning application form, including a written project description discussing all existing and proposed structures and uses.

- B. The required application <u>deposit</u> fee.
- C. <u>Eight Four</u> plan sets, including a site plan, floor plans, a roof plan, and complete set of elevations.
- D. Landscape plans, if applicable and deemed necessary by planning staff.
- E. Site photos including photos from any street frontage.

F. <u>Two One</u> sets of mailing labels with the addresses of property owners within a 300-foot radius of the subject property, and adequate first-class postage for a single mailing 2-mailings to these recipients. A 3rd or 4th review would require additional mailing labels and postage.

18.73.050 Application **Deposit Fee**.

A <u>deposit</u> fee set by City Council resolution shall accompany the application. This fee shall permit up to 2 rounds of review by the Planning Commission, and a separate fee set by City Council resolution shall be charged for any 3rd or 4th round of review by the Planning Commission. Separate fees may be established by City Council resolution for small projects as defined in Section 18.73.020.

18.73.060 Decision maker.

Design Review Permits will be considered by the <u>City Council Planning Commission</u>. The <u>Council</u> <u>Commission</u> may approve, conditionally approve, or deny a Design Review Permit. <u>Minor Design Review</u> permits shall be considered by the Planning Director for final action, with appeals heard by City Council.

18.73.070 Similar uses and slight modifications.

Uses which the Planning Director determines to be similar to the permitted uses in each district and which fall within the intent and purpose of the district, and that will not be obnoxious or detrimental to the public welfare, and compatible with adjoining land uses, and which are of a comparable nature and of the same classes as the uses enumerated for said district, shall be allowed as permitted uses therein. The Planning Director may also consider and render decisions on matters of slight modification and minor adjustment deemed necessary in connection with the efficient administration of this title. Whenever the

lawfulness of such a determination is called in question in any manner, the same shall be submitted to the City Attorney whose decision shall be determinative.

18.73.070080 Notice to adjacent properties.

A. For all regular Design Review Permits, notice of a pending Design Review Permit application shall be mailed to adjacent property owners within a 300-foot radius of the proposed development. Notices shall be mailed out at least 10 calendar days in advance of the meeting at which the <u>City Council Planning</u> Commission will consider the Design Review Permit. Minor Design Review Permit applications shall not require mailed notices to be sent.

B. For both regular Design Review Permits and Minor Design Review Permits, at least 10 calendar days prior to the meeting at which the <u>City Council Planning Commission</u> will consider the Design Review Permit <u>or the Director will consider a Minor Design Review permit</u>, at least <u>three one</u> notices of the pending <u>Design Review Permit</u> application shall be posted in a publicly accessible location on <u>City-controlled</u> property, with such notice maintained on site until the day after the <u>City Council Planning Commission</u> meeting.

18.73.<u>080090</u> Procedure.

The procedure for requesting and obtaining a Design Review Permit is as follows:

A. An applicant requesting a zoning clearance is notified by City staff, after reviewing the project's location and description, that a Design Review Permit is required prior to consideration of the zoning clearance.

<u>BA</u>. The applicant fills out a permit application for design review and submits the required application $\frac{\text{deposit fee}}{\text{deposit fee}}$.

CB. Staff reviews the application materials <u>within the first 30 days</u>, conducts a preliminary review of the project's compliance with Zoning Code requirements, and determines if the application is complete or if additional materials are needed. <u>If additional materials are needed</u>, an <u>Incomplete Letter shall be</u> transmitted no later than 30 days after receiving the application materials.

DC. Once application is complete, <u>staff prepares a staff report and resolution which contains findings</u> and conditions of approval. The project is then the request is placed on the agenda for the next available <u>City Council Planning Commission</u> meeting. Plan sets associated with the request would be included in each <u>Councilmember's Commissioner's</u> packet for review prior to the meeting.

ED. During the <u>City Council's Planning Commission's</u> consideration of the request, the applicant and their architect or agent would present the project and field any questions from the <u>Council Commission</u>. If the design is acceptable as proposed or with minor changes or revisions that are of the nature that they could be verified by staff without the need for returning to the <u>Council Commission</u>, the Design Review Permit may be approved or conditionally approved. If more substantive revisions are deemed necessary, the <u>Council's Commission's</u> comments at the meeting shall be conveyed to the applicant, who would then have the responsibility for addressing these comments through the preparation of revised plans and reconsideration at a future Council hearing.

FE. If on a 4th review of the project by the Planning Commission, the applicant's design is still not acceptable or conditionally acceptable to a of the Commission, the Design Review Permit shall be denied, and the If the project is denied with prejudice by the City Council, the applicant shall not be permitted to resubmit a Design Review Application Permit for the same project for a period of 12 months from the date of denial.

GF. Upon any approval of a Design Review Permit, the applicant may then proceed with a request for a zoning clearance for the proposed development. The approved set of plans would be maintained with the file for verification of compliance once construction drawings are submitted to the Building Department.

18.73.090100 Components of review.

The <u>City Council Planning Commission</u> shall consider the following design components when considering an application for a Design Review Permit:

A. Overall design of new or enlarged structures and the architectural style.

B. Physical and design relation with existing and proposed structures on the same site and in the immediately affected surrounding area.

C. Site layout, orientation, and location of buildings, and relationship with open areas and topography.

- G. Height, materials, colors, and variations in boundary walls, fences, or screen planting.
- H. Location and type of existing and proposed landscaping.

I. Reduction or elimination of on-site parking within the MIX zone district, only after the Director makes Finding N (Section 18.73.110.N). which permits reduction or elimination of parking.

18.73.100110 Findings required for approval.

Prior to approval of a Design Review Permit, the Planning Commission shall make all of the following findings:

A. The buildings, structures, and landscaping are appropriate and of good design in relation to other buildings, structures, and landscaping, on-site or in the immediate vicinity of the project.

B. The development will be compatible with the neighborhood, and its size, bulk and scale will be appropriate to the site and the neighborhood.

C. There is harmony of material, color, and composition of all sides of a structure or buildings as well as consistency and unity of composition and treatment of exterior elevation.

D. Any mechanical or electrical equipment is well integrated in the total design concept and screened from public view to the maximum extent practicable.

E. All visible onsite utility services are appropriate in size and location.

F. The grading will be appropriate to the site.

G. Adequate landscaping is provided in proportion to the project and the site with due regard to the preservation of existing trees, and existing native vegetation, and adequate provision will be made for the long-term maintenance of such landscaping.

H. The development will not adversely affect significant public scenic views.

I. All exterior site, structure and building lighting is well-designed and appropriate in size and location.

J. The proposed development is consistent with any additional design standards as expressly adopted by the City Council.

K. The project architecture will respect the privacy of neighbors and is considerate of solar access.

L. The project will provide for adequate street design and sufficient parking for residents and guests in a safe and aesthetically pleasing way.

M. The proposed development as shown on the project plans is in conformance with all applicable policies of the General Plan and the requirements of this title.

N. The proposed development is an asset to the community through the provision of needed housing units along with expanded commercial/retail services.

18.73.110120 Appeals of Planning Commission Planning Director decision and final action of City Council.

Appeals of any <u>Planning Commission</u> Planning <u>Director</u> final decision under this chapter shall conform to the requirements of Chapter 18.80 requiring a hearing by the City Council. <u>The City Council's</u> decision concerning any matter it considers under this Title is final and is subject to the time limits set forth in California Code of Civil Procedure Section 1094.6 for judicial review.

18.73.<u>120130</u> Expiration and extension.

A. A Design Review Permit shall expire two (2) years after final approval, if a building permit for the project has not been obtained by the applicant or the successor in interest <u>and no inspections have been</u> <u>done</u>. The City Council shall hold a hearing to allow the applicant to show cause why the Design Review Permit shall not be expired. The City Council shall have the discretion to extend the Design Review Permit and may impose additional conditions for doing so.

B. The <u>City Council Planning Commission</u> may grant up to two (2) one-year extensions for good cause. A request for an extension shall be made in writing <u>with appropriate fees</u> and filed sufficiently in advance of the expiration date to allow the request to be considered at a regular meeting of the <u>City Council</u> Planning Commission.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Robert Perrault Janíce Davís

Prepared by: Robert Perrault, Interim Finance Director Janice Davis, Finance Director

Todd Bodom

Approved by: Todd Bodem, City Administrator

SUBJECT: FY 2022-23 Mid-Year Adjustments

RECOMMENDATION:

It is recommended that the Council adopt Resolution No. 2023-19 appropriating funds from the General Fund Reserve and adjusting the General Fund, Enterprise, Special Funds, and American Rescue Plan Act ARPA Fund.

BACKGROUND:

On February 28, 2023, staff presented the Council with a Mid- Year report that analyzed revenues and expenditures through the 7th month of the Fiscal Year or January 31, 2023. Based on the information contained in the report and subsequent Council direction staff is presenting a recommendation to amend the General Fund, Enterprise, and Special Revenue Funds. The specifics regarding the recommended changes are identified in the accompanying resolution and its attachments. The following is a summary of the recommended adjustments.

General Fund:

General Fund Reserve

As the Council will recall a Local State of Emergency was declared and subsequently ratified by the Council during the heavy rains of early January. As a result of the emergency, the City incurred a number of costs. These costs were detailed in the report of February 28. Staff recommended and the Council directed that \$150,000 be appropriated from the City's General Fund Reserve Fund to Fund 4 Storm-related costs. As of January 31, the General Fund Reserve had an estimated Fund Balance of **\$764,505**, and the appropriation of \$150,000 will reduce this balance to **\$614,505**. The appropriation is contained in the attached Resolution.

General Fund Revenues:

In the Mid- Year report, staff estimated revenues would be reduced from the original budget amount of **\$6,931,513** to a revised estimate of **\$6,842,264**. Exhibit A to the resolution incorporates these revenue estimates as budget revisions.

General Fund Expenditures:

Contained within the report were year-end expenditure projections that would reflect an overall reduction in General Fund expenditures from a budgeted **\$6,931,513** to **\$6,814,772**. Exhibit A to the resolution incorporates these changes as directed by the Council with the exception of the Police Department which staff is recommending be held at the previous budget amount of \$2,905,300. This will leave a slight buffer of just over \$26,000 which can be used to offset in part any additional personnel costs. The net impact of this recommendation is to adjust the budgeted expenditure level to **\$6,840,812**. With this change, the General Fund budget will remain balanced. The changes noted in Exhibit A also reflect line-item changes requested by Departments to accommodate operation needs but do not adversely impact the revised General Fund expenditure level.

Enterprise / Special Revenue Fund Adjustments:

Certain recommended changes to the Enterprise and Special Revenue Funds were included in the Mid-Year report. The recommended changes are summarized below and are further detailed in Exhibit B to the resolution. The changes reflect increases to the operational costs contained within the various Funds:

Water Operations:

- An increase of \$80,000 is requested to cover the cost of an increased water allocation from the State Water Project.
- -

Wastewater Operations

- An increase of \$20,000 to cover additional regulatory fees associated with the operation of the plant.
- Operating supplies costs are expected to increase by \$10,000.

LTF Transit

- An increase the cost of rental equipment is being recommended.

Guadalupe Assessment District

- Additional costs are sought for vegetation reduction.

Guadalupe Landscaping and Lighting District and Pasadera Landscaping and Lighting District.

- Increase in costs for both districts are being sought to cover increased utility costs

ARPA Modifications

As a part of the FY 2022- 23 Budget Process the allocation of American Rescue Plan Act Funds were reviewed. A detailed listing of the ARPA allocation and proposed funding for the remainder of the year is listed as the last attachment to this report. Exhibit C to the resolution identifies changes that staff is recommending for the remainder of this fiscal year. These changes are redirecting funds from certain CIP projects that are not likely to be pursued to other CIP projects that are either underway or contemplated during the second half of the year.

Should the Council wish to review the use of ARPA funds in detail, staff would suggest that a separate discussion be scheduled.

FISCAL IMPACT:

The fiscal impacts associated with the Mid Year changes are detailed in this report.

RESOLUTION NO. 2023-19

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GUADALUPE, CALIFORNIA APPROPRIATING FUNDS TO FUND 4- STORM RELATED COSTS, AND ADOPTING BUDGET AMENDMENTS TO THE FY 2022-23 BUDGET MAKING CHANGES TO THE ALLOCATION OF ARPA FUNDS

WHEREAS, commencing on January 9, 2023, the City was impacted by a series of significant storms; and

WHEREAS, on January 10, 2023, the City Administrator declared a Local State of Emergency, and said declaration was ratified by the City Council on January 17, 2023: and

WHEREAS, the City incurred an estimated \$150,000 in unbudgeted storm related costs; and

WHEREAS, the City has sufficient cash reserves to cover said costs, and it is fitting that said reserve funds be used to cover costs incurred as a result of the Local State of Emergency, and

WHEREAS, the City Council adopted the Fiscal Year 2022-23 budget; and

WHEREAS, the City Council on February 28, 2023, the City Council reviewed staff-prepared projection of revenues and expenditures for the FY 2022-23 Budget, and

WHEREAS, the City Council directed that amendments to the FY 2022-23 be prepared based on staff-issued projections.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Guadalupe as follows:

That the following amendments for the Fiscal Year FY 2022-23 budget are approved:

- 1. The appropriation of \$150,000 in General Fund Reserves are appropriated to Fund 4-Storm Related Costs.
- 2. Amendments to the General Fund as specified in Exhibit A to this resolution.
- 3. Amendments to the Enterprise and Special Funds as specified in Exhibit B to this resolution; and
- 4. Amendment to the ARPA allocation as specified in Exhibit C to this resolution.

Agenda Item No. 13

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of March 14, 2023

Todd Bodom

Prepared by: Todd Bodem, City Administrator

<u>SUBJECT</u>: Resolution continuing the existence of a local state of emergency

RECOMMENDATION:

That the City Council adopt Resolution No. 2023-20 continuing the local state of emergency ratified by the City Council at its meeting on January 17, 2023.

BACKGROUND:

In anticipation of severe weather, Governor Newsom had declared a state of emergency in California on January 4, 2023. The state, including the Central Coast, experienced large amounts of rain and some flooding, but the majority of the rain and flooding occurred on January 9, 2023. On that date, President Biden authorized an emergency declaration for the state of California as a result of the severe rainstorms and flooding that were occurring. During the afternoon on January 9, 2023, the County of Santa Barbara Executive Officer/Director of Emergency Services, Mona Miyasato, issued a proclamation of a local emergency as a result of heavy rains and flooding in the County;.

During the evening on January 9, 2023, the Director of Public Safety reported that the City of Guadalupe Public Works Director had ceased public transportation in the City of Guadalupe and reported that a number of public facilities had been adversely impacted and or compromised due to strong winds, reckless drivers, and flooding, and that Public Works Department and Recreation and Parks Department personnel were removing debris from City of Guadalupe streets.

The Director of Public Safety later reported at 11:58 p.m. that the area of lower Pioneer Street in the City of Guadalupe was flooded and had been blocked off from traffic. He reported that the affected residents had been evacuated, and also, that the City had opened the City Hall Auditorium as a shelter where twenty (20) residents were staying. The Director of Public Safety advised that the City's Emergency Operations Center had been activated and that City staff were provided services to assist with the emergency conditions.

During the night of January 9, 2023, and the early morning of January 10, 2023, the City Administrator/Director of Emergency Services consulted with the Director of Public Safety and concluded that the City's streets and the facilities in the City of Guadalupe would continue to be

impacted until the current storm pattern subsided, and even if the storm were to subside, there were some areas in the City of Guadalupe still experiencing flooding, and that there was a possibility of mudslides, as well as continuing impacts on traffic and public infrastructure due to storm debris which presented a threat to the health, safety, and welfare of the general public in the City of Guadalupe.

The City Administrator/Director of Emergency Services determined that, in light of the continuing threats to the health, safety, and welfare of the general public in the City of Guadalupe, the City Council meeting scheduled for 6 p.m. on Tuesday, January 10, 2023, should be cancelled, and after consulting with the City Attorney, concluded that Chapter 2.32 of the Guadalupe Municipal Code granted him the authority to proclaim the existence of a local emergency and to take appropriate actions, including cancelling the City Council meeting scheduled for 6 p.m. on January 10, 2023.

At a special City Council meeting held on January 17, 2023, the City Council considered a request from the City Administrator to ratify the declaration of a local state of emergency he had proclaimed on January 10, 2023 (and his decision to cancel the January 10th Council meeting). The City Council adopted Resolution No. 2023-03 which ratified the City Administrator's proclamation of a local emergency.

DISCUSSION:

Government Code section 8630 provides:

(a) A local emergency may be proclaimed only by the governing body of a city, county, or city and county, or by an official designated by ordinance adopted by that governing body.

(b) Whenever a local emergency is proclaimed by an official designated by ordinance, the local emergency shall not remain in effect for a period in excess of seven days unless it has been ratified by the governing body.

(c) The governing body shall review the need for continuing the local emergency at least once every 60 days until the governing body terminates the local emergency.

(d) The governing body shall proclaim the termination of the local emergency at the earliest possible date that conditions warrant.

Section 2.32.050 of the Guadalupe Municipal Code (GMC) created the Office of Emergency Services in the City of Guadalupe and designated the City Administrator as the Director of Emergency Services. GMC section 2.32.050.A authorizes the City Administrator to: "[r]equest the City Council to proclaim the existence or threatened existence of an emergency or a disaster and the termination thereof, if the City Council is in session, or to issue such proclamation if the City Council is not in session, subject to confirmation by the City Council at the earliest possible time."

Because of the rapidly changing situation and in light of the County of Santa Barbara's declaration of a local public health emergency, City Administrator/Director of Emergency Services, Todd Bodem, on January 10, 2023, issued a "Proclamation OF Existence of a Local Emergency by the City Administrator/Director of Emergency Services of the City of Guadalupe" as a result of severe weather

that took place on January 9, 2023, and the continuing impacts from this severe weather. A copy of this Proclamation was attached to Resolution No. 2023-03 as Exhibit "A."

The City Council ratified the existence of a local emergency on January 17, 2023, and Government Code section 8630(c) requires the Council to review the need for continuing the local emergency at least once every 60 days until it decides to terminate the local emergency.

Although the amount of rain that has fallen on the City of Guadalupe since the January 9th event has not been in an amount that resulted in any significant concerns, at the time of the preparation of this staff report, heavy rains were expected to occur on Friday, March 10, 2023, and continuing into Saturday, March 11, 2023. According to a weather briefing received by Director of Public Safety, Michael Cash, the Sisquoc river (which feeds into the Santa Maria River) is predicted to reach the 11-12' "Action" Stage during the late night on Friday, March 10th and into Saturday morning, March 11th. The river level is expected to rise quickly as snow levels will be very high, so rain will likely melt snow in Sisquoc watershed. The briefing notes that, for reference, the January 9th peak height was 17' at midnight, and that 15'-16' is approximate height that impacts northern Guadalupe in the riverbed.

Even if this storm does not result in flooding in the City, this storm can clearly justify the City Council's decision to continue the existence of a local emergency, and staff recommends that the Council do so.

FISCAL IMPACT:

If the City Council does not adopt Resolution No. 2023-20, the City may incur potentially significant costs if another storm results in flooding or other damage, as these costs may not be subject to reimbursement from state or federal agencies. Adoption of the resolution will permit the City to seek reimbursement for its costs in continuing to respond to this local emergency as needed.

RESOLUTION NO. 2023-20

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GUADALUPE CONTINUING THE EXISTENCE OF A LOCAL STATE OF EMERGENCY

WHEREAS, Government Code section 8630 provides:

- (a) A local emergency may be proclaimed only by the governing body of a city, county or city and county, or by an official designated by ordinance adopted by that governing body.
- (b) Whenever a local emergency is proclaimed by an official designated by ordinance, the local emergency shall remain in effect for a period in excess of seven days unless it has been ratified by the governing body.
- (c) The governing body shall review the need for continuing the local emergency at least 60 days until the governing body terminates the local emergency.
- (d) The governing body shall proclaim the termination of the local emergency at the earliest possible date that conditions warrants; and

WHEREAS, Section 2.32.020 of the Guadalupe Municipal Code defines "emergency" as "the actual or threatened existence of conditions of emergency or of extreme peril to the safety of persons and property within this City caused by such conditions as air pollution, fire, flood, storm, epidemic, riot, earthquake, hazardous materials or conditions resulting from war or imminent threat of war;" and

WHEREAS, Section 2.32.050 of the Guadalupe Municipal Code declares that the City Administrator shall be the Director of Emergency Services and may request that "the City Council to proclaim the existence or threatened existence of an emergency or a disaster and the termination thereof, if the City Council is in session, or to issue such proclamation if the City Council is not in session, subject to confirmation by the City Council at the earliest possible time;" and

WHEREAS, Section 2.32.060 of the Guadalupe Municipal Code provides that the City Administrator/Director of Emergency Services may "[m]ake and issue rules and regulations on matters reasonably related to the protection of life and property, as affected by such disaster; provided, however, such rules and regulations must be confirmed at the earliest practical possible time by the City Council" and

WHEREAS, on January 4, 2023, in anticipation of severe weather, Governor Newsom had declared a state of emergency in California; and

WHEREAS, on January 9, 2023, President Biden authorized an emergency declaration for the state of California as a result of the severe rainstorms and flooding that occurred on January 9, 2023; and

WHEREAS, on January 9, 2023, the County of Santa Barbara Executive Officer/Director of Emergency Services, Mona Miyasato, issued a proclamation of a local emergency as a result of heavy rains and flooding in the County; and

WHEREAS, the Director of Public Safety reported at during the night of January 9, 2023, and updated at 3:49 a.m. on January 10, 2023, that the area of lower Pioneer Street in the City of Guadalupe was flooded and blocked off and that the affected residents had been evacuated, and also, that the City had opened the City Hall Auditorium as a shelter where twenty (20) residents were staying; and

WHEREAS, the Director of Public Safety has also reported on January 9, 2023, that the City of Guadalupe Public Works Director had ceased public transportation in the City of Guadalupe and reported that a number of public facilities had been adversely impacted and or compromised due to strong winds, reckless drivers, and flooding, and that Public Works Department and Recreation and Parks Department personnel were removing debris from City of Guadalupe streets; and

WHEREAS, the City Administrator/Director of Emergency Services found that streets and the facilities in the City of Guadalupe would continue to be impacted until the storm pattern subsided; and

WHEREAS, the City Administrator/ Director of Emergency Services found that the severe weather that occurred on Monday, January 9, 2023, negatively affected the City of Guadalupe, including flooding, and impacts on traffic and public infrastructure due to storm debris, and was likely to continue to present a threat to the health, safety, and welfare of the general public in the City of Guadalupe; and

WHEREAS, pursuant to Section 2.32.060 of the Guadalupe Municipal Code in light of the continuing threats to the health, safety, and welfare of the general public in the City of Guadalupe, the City Council meeting scheduled for 6 p.m. on Tuesday, January 10, 2023, the City Administrator ordered the City Council meeting to be cancelled; and

WHEREAS, pursuant to Section 2.32.050 of the Guadalupe Municipal Code and Government Code 8630(a), the City Administrator issued a Proclamation of a Local Emergency; and

WHEREAS, at a special City Council meeting held on January 17, 2023, the City Administrator, pursuant to Section 2.32.050 of the Guadalupe Municipal Code and Government Code section

8630(b) requested that the City Council ratify his decision to cancel the City Council meeting of January 10, 2023, and his Proclamation of a Local Emergency; and

WHEREAS, at the special meeting on January 17, 2023, the City Council adopted Resolution No. 2023-03 ratifying the Director of Emergency Services' determination that the severe weather created a threat to the public health, safety, and welfare that warranted and necessitated the proclamation of the existence of a local emergency, and the cancellation of the City Council meeting scheduled for 6 p.m. on Tuesday, January 10, 2023; and

WHEREAS, heavy rains fell on Friday, March 10, 2023, and continuing into Saturday, March 11, 2023, which caused the Sisquoc river to reach the "Action" stage and increased flows in the Santa Maria River (which impacted the City of Guadalupe), and this weather event is evidence of the continuing threat to public health, safety, and welfare to the residents of the City of Guadalupe from extreme weather and rain fall that has occurred, and may continue to occur for the foreseeable further, thus justifying the continuing of the locally declared emergency.

NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF GUADALUPE THAT:

- **SECTION 1.** The City Council of the City of Guadalupe hereby adopts all of the findings made in Resolution No. 2023-03, adopted on January 17, 2023.
- **SECTION 2.** Pursuant to Government Code section 8360, the City Council has reviewed whether the local emergency it ratified and declared on January 17, 2023, should continue to exist, and based on the above recitals and the information provided during the City Council meeting on this date, has determined that the local emergency should continue.
- **SECTION 3.** As required by Government Code section 8360, the City Council shall review the need for the continued local emergency again at least once within the next sixty (60) days.

SECTION 4. This Order is effectively immediately upon adoption.
