#### REPORT TO THE CITY COUNCIL Council Agenda of April 11, 2017

Prepared by Esther Britt

Reviewed by Cruz Ramos

Approved by Annette Munoz

**SUBJECT:** 

Payment of warrants for the period ending April 06, 2017 to be approved for payment by the City Council. Subject to having been certified as being in conformity with the budget by the Finance Department staff.

**RECOMMENDATION:** 

That the City Council review and approve the listing of hand checks and warrants to be paid on April 12, 2017

BACKGROUND: Submittal of the listing of warrants issued by the City to vendors for the period and explanations for disbursement of these warrants. An exception, such as an emergency hand check may be required to be issued and paid prior to submittal of the warrant listing, however, this warrant will be identified as "Ratify" on the warrant listing.

- 1. <u>ROLL CALL</u>. Council Members Tony Ramirez, Virginia Ponce, Gina Rubalcaba, Ariston Julian and Mayor John Lizalde.
- 2. <u>CLOSED SESSION</u>.
  - a. <u>CONFERENCE WITH LEGAL COUNSEL EXISTING LITIGATION</u>
     Subdivision (d) (1) of Government Code Section 54956.9

     Name of case: Olivera Street Apartment, LLC v. City of Guadalupe, Santa Barbara Superior Court Case No. 1484915

### PUBLIC COMMENT ON CLOSED SESSION AGENDA ITEMS.

**CLOSED SESSION ANNOUNCEMENT.** 

#### REGULAR MEETING AT 6:00 PM

- 1. MOMENT OF SILENCE.
- 2. PLEDGE OF ALLEGIANCE.
- 3. <u>ROLL CALL</u>. Council Members Tony Ramirez, Virginia Ponce, Gina Rubalcaba, Ariston Julian and Mayor John Lizalde. Councilwoman Ponce absent.
- 4. <u>COMMUNITY PARTICIPATION FORUM.</u>

Mr. Joshua spoke relating ideas to improve the economy and ambience of the City for the benefit of the citizens and tourists alike. His first idea was to improve the swamp area on Obispo Street into a wildlife refuge area. Good for a tourist attraction, wildlife, and the health and safety of the of Guadalupe residents. Other items listed were: 2) Hotel for travelers, 3) movies in the park, 4) More BBQ pits for community use, 5) develop the empty lot across from Masatani's.

Mrs. Romero spoke acknowledging the great work being done on the infrastructure of the City and all the changes taking place for the betterment of the community. Mrs. Romero then addressed the concerns of the upcoming yearly problem of illegal fireworks. She stated that she had sent emails to the Council and others on this this matter.

In the coming months the problem will once again occur in the City. Illegal fireworks are heard long before the 4<sup>th</sup> and long after and at all hours. It is more than annoying as it is hazardous to the health of the sick and elderly. The noise drives the animals into nervous shock and terror. There is so much support you can give to the pets in the form of tranquilizing and removing from the area you can do. She has spoken with her neighbors and many people across town and frankly; most people have had enough. There may be only one way to deal with the problem; banning all fireworks, illegal and those designated as legal. She regretted the loss of a revenue source for non-profits, but the benefit of safe, sane and quiet 4<sup>th</sup> of July would outweigh the loss. Many people in the coming months will be speaking against fireworks in the City.

Mr. George Alvarez had deep concerns with the statements being made of "Sanctuary Cities" around California, He feels it works out with the result that criminals are let loose in the City making it difficult to impossible for the police to do their job of keeping law and order. Illegal is illegal and it is the responsibility of you to keep the public safe. He cited the many people who came to this country legally and became citizens: his family included. It is politics and laws should be obeyed.

Mr. Charles Guzman wished to present a petition to rename the City Auditorium for Mr. Ron Estabillo. He had one hundred and fifty signatures to support the petition. He would like to see him honored by presenting an award at the next basketball tournament in the auditorium.

- 5. <u>CONSENT CALENDAR</u>. The following items are presented for Council approval without discussion as a single agenda item in order to expedite the meeting. Should a Council Member wish to discuss or disapprove an item, it must be dropped from the blanket motion of approval and considered as a separate item.
  - a. Payment of Warrants for the period ending March 9, 2017 to be approved for payment by the City Council. Subject to having been certified as being in conformity with the budget by the Finance Director.
  - b. Minutes of the City Council Regular Meeting of February 14, 2017 to be ordered filed.
  - c. Resolution No. 2017-07 Authorizing the Police Department to surplus and auction one vehicle and transfer proceeds into account 42-3646 (Police Department Surplus Property Sales).
  - d. Approval to submit a grant application to the California Board of State and Community Corrections seeking \$86,611 for services to assist high risk members of our community.
  - e. Resolution No. 2017-10 Approval to purchase one police patrol vehicle to replace the vehicle damaged in a head-on collision.
  - f. Approval to submit a grant to the U.S. Department of Agriculture to partially fund the replacement of a police truck.
  - g. Approve Resolution No. 2017-08 and 2017-09 Low Carbon Transit Operations Program (LCTOP) Transit Application FY 16/17.

Ms. Boydston, from the audience, asked to pull 5d. She deferred comment to the Council. Councilman Julian pulled 5 d & e.

Motion made by Councilman Julian and  $2^{nd}$  by Councilwoman Rubalcaba to approve the balance of the Consent Calendar. 4/0 passed

Chief Hoving responded to Mr. Julian's and Ms. Boydstons' questions on 5 d. Through a grant from the California State and federal Correction Bureau we have an opportunity for funds up to \$86, 611 to be used for education and prevention training for police officers to prevent crime, assist in helping endangered children, intervention in homelessness, outreach for prevention of crimes of violence and property theft. Safety equipment for police officers could be covered as well in this highly restrictive grant. A small portion can be used to enforce AB109 which is to monitor offenders in the community rather than be incarcerated. A budget does not have to be submitted with the grant, enabling the City to respond to needs as they arise, not tied to a previous assessed need. It does not supplement our budget for police salaries and other regular expenses.

Councilman Julian said his interpretation of the Bureau was a focus on those already in trouble. There is an element of mental health counselling.

Chief Hoving answered that was so, but not the focus on the grant itself. The focus is on intervention training of police officers. For instance, if someone has a drug or alcohol problem, suicide problems or other issues, the officers would be better trained to handle the problem by intervention and not enforcement or arrest. It would give the opportunity for the community response portion to deal with already offenders, suicidal crises, and homelessness. He had \$3700 for homeless problems. He could at least give a hygiene kit to those who come through and information to facilities and services in other areas that we can't provide. He added that one component was to partner with the schools to provide intervention to high risk kids and their parents. They are looking for treatment, therapy and intervention with this body of money.

Councilman Julian asked Chief Hoving to elaborate on the mention of training 140 police officers and what that plan was.

Chief Hoving stated that he would under the offices of the grant be training the entire police force of northern county. He stated that the mental health and recognition of mental problems from drug and alcohol problems would be taught by a Doctor from Lompoc that he had contacted. Training 17 officers here didn't really make sense. Likewise, training all 140 at one time is not advised. He's broken the training into seven components; one in Guadalupe, 2 in Santa Maria and 2 in Lompoc. This is a cooperative approach. He answered questions on "fighting back" and who from Santa Maria he would be working with. He stated that he would be heading the programs but components would be parceled out for training from experts in those areas. "Fighting back" is a component for prevention in the schools, and registration would be handled by our staff. He emphasized again its cooperative nature. He stated that our police officers are not completely devoid of the skills for effective prevention but this training could hone those skills and put more emphasis on prevention thinking.

Councilman Julian asked for clarification that the officer would be payed for attending these classes. He then illustrated an incident he was familiar with concerning a suicidal person and the handling of the problem by officers fortunate to have had training in this area. He feels this will be a great benefit.

Councilwoman Rubalcaba asked for more information on the training session itself and was answered that it was an 8-hour session for training and seven sessions. Chief Hoving explained that the grant covered per diem for the Doctor or other special trainers, travel expense for officers, and supplies for training. He explained that the pay for the hours attending is payed to the officers by their own departments and Cities. She stated that she was only wanting to know the break-down of where the money was to be spent. She has no problem with the grant and the training.

Chief Hoving emphasized the whole area training aspect and its value to the county as a whole. He gave as an example if a problem was responded to by both Santa Maria and Guadalupe officers; as does happen often; if one group respond with an escalate in force and the other wants to us an intervention approach, you miss the boat. We need to be on the same page and see the bigger picture.

Councilman Ramirez asked how he planned to keep this program sustainable and the Chief answered that since he didn't have a Chrystal ball, he didn't have the answer to that. He couldn't be sure of the budgeted money or support coming from the State or Federal Government at any given time, he felt you had to take it while you could get it and hope for the best. He stated he hadn't received money for training, etc. for 4 years, then this year they gave \$200,000 for Cities with less than 100 officers. That meant Lompoc and us. We split it. Government usually runs in a 3-year cycle but certainty is unknown when dealing with governments. We never have enough to cover mental health or homelessness. We encourage them to go where there is more programs fin more affluent communities. He mentioned a tour of facilities in Lompoc that would give an overview of this program and others. He said we were building a long-term relationship with Champion Center that would stay over time.

Councilmen Ramirez and Julian questioned the impact of 5 e, the purchase of a vehicle on the General Fund.

Chief Hoving answered there was no impact on the General Fund. He explained that we owned the vehicle and the insurance taken out by the City was for full replacement value. We are going to the courts for full restitution but in the meantime the insurance will pay the \$23,800 original invoice plus the \$10,000 safety equipment added. The insurance will fall short \$3,000 but that money will come from Prop 172 money. If granted full restitution through the courts, that money will go back to the insurance. That will keep our insurance rate from climbing.

Chief Hoving explained the reasons for replacing the truck noted in 5f we have with one through an Agricultural grant. It wasn't usable by most of the staff and didn't fulfill the jobs it was needed for. The truck would not be purchased with any General Fund money but come from this grant which provides 55 of the money. The rest comes from the sale of the other truck and Prop 172 money, avoiding the General Fund.

City Administrator Ramos stated that the beauty of this truck purchase was that the surplus truck could be used by maintenance.

Mr. George Alvarez reminded the audience that he had been a long-time Director of the homeless shelter in Santa Maria and is educated in what that population is. He is concerned about the policy dealing with homelessness in the grant. He feels no one deserves to be homeless, but nevertheless the City staff and polices' job is to keep the community safe. He does not think we or they assume that we are a haven for the homeless. A great percentage of that population has mental issues and we aren't equipped to handle those issues. Larger communities have more means to administer help and he does not want our parks to be inundated by homeless people assuming there is shelter here. He feels it is a civil liberties issue and should not come to roost in Guadalupe. He supports the grant, but that portion could be harmful.

Ms. Boydston asked if we had a large high risk population. She believes that these interventions are already in the system. She would like to know if someone is going to be hired to follow-up.

Chief Hoving stated that the problem is growing. You have to define what a high number means. If you have a population of 50 or 100 on probation, parole or homeless, that's a large number for a City our size. Last Christmas, we saw the devastation of the burglaries caused by 8109 and the burglaries it caused. This was one or two groups of people made up of three each operating in the City. He stated that we're not looking to be a safe haven but want to steer them to services in Santa Maria and help when we can.

Councilwoman Rubalcaba felt that it was hard to help the mental health population as they stop taking their medicines and stop help when they begin to feel better. A vicious circle.

Mayor Lizalde commented that he liked the collaboration and felt more confident that the officers could deal with issues in the City with this training. He brought a question to Attorney Hanley as to what was a legal time limit on speakers before the council if they had more than one issue to speak on.

**Attorney Hanley** clarified that legally, we needed only to provide each speaker 3 minutes of time. Providing 3 minutes on each item is beyond the required amount and generous.

Motion made by Councilman Julian and  $2^{nd}$  by Councilwoman Rubalcaba to approve of 5 d, e. 4/0 passed

#### 6. <u>CITY MANAGER REPORT/ FUTURE AGENDA ITEMS.</u>

City Administrator Ramos stated that she was presenting proposed and pending projects of future agenda items for Council's consideration. This is intended to give a bird's eye view of the services and products provided within the City that translate to a fiscal impact. This informs the Council of future agenda items in process, completed ad are in addition to the daily staff load. She said that the work load was back on track after the work load of the storms and very few storm issues remain.

Full cooperation between Staff, Police and Fire ensured a smooth reaching of goals and agreement of what future items are needed.

## 7. <u>ANNOUNCEMENTS / COUNCIL ACTIVITY REPORTS</u>.

Councilman Julian announced that in 2 weeks a construction company is coming to survey O'Connell Park. The plans call for a grade to the field of 2 slope but in the center of the field the grade is 6 %. The volunteers have eliminated the center line of sprinklers prior to having to remove the excess dirt from the middle of the field to bring it back into line; surveying and leveled off for the baseball field.

Most of the weeds have been knocked down. Dogs do roam and leave droppings there which needs to be picked up. Lot of volunteer work on the park. He stated that 30 % of the community is minors or kids.

City Administrator Ramos thanked the Mayor for drawing attention to the illegal dumping and the vandalization of the toilets at the parks. She said the City will be looking for grants for projects, especially for the state park.

Councilman Ramirez congratulated Principle Alvarez for being awarded teacher of the year and noted that she well deserved it.

City Administrator Ramos noted one last item to be brought before the Council: The Federal Work Study program.

## Animal Services for the City of Guadalupe

Animal Services appreciates the opportunity to provide animal control services to the City of Guadalupe. We have made a concerted effort to have an increased presence and visibility in the City of Guadalupe and to meet the goals in the statement of work we collaborated on with the City and implemented over the last two years. We have regular patrols scheduled for the City and hope that you have observed an increase in services from our field staff, along with events we have had with the Project PetSafe staff and our partner, CARE 4 Paws, in the City of Guadalupe.

Last FY and current FY (Quarter 3) to date we show the following statistics:

**Guadalupe Animal Statistics**

A full service contract includes animal sheltering, field services, outreach events, animal adoption program and 24/7 emergency response for priority activities.

## Animal Sheltering Services – What's Included?

In regard to the animal intakes and sheltering, for the animals brought in from Guadalupe, the average boarding days per animal in the current Fiscal Year was 10 days. In the categories of other animals impounded may include hamsters, a turtle, opossums or other wildlife. Examples of birds include a seabird, a song bird, a duck and an owl. Injured or orphaned wildlife are transferred to rehabilitation facilities.

In addition to sheltering and caring for dogs and cats and other animals while they are in the County's care, they are vaccinated, de-wormed, examined by the veterinarian, spayed or neutered and evaluated for behavior, prior to being put up for adoption. We have an active foster program, staffed mainly by volunteers, for animals that are underage- such as un-weaned puppies or kittens, or animals that are recovering from a medical condition, surgery or a clinical illness. Once the animal is of an adoptable age or has recovered its health, it is placed up for adoption.

We operate a spay and neuter clinic at the Santa Maria Animal Center and have veterinary staff (veterinarians and Registered Veterinary Technicians) who are able to provide emergency care and determine if patients need to be sent for further evaluation to a full service veterinary hospital.

The following tables show the outcomes for animals from the City of Guadalupe for Fiscal Year 15/16 and the first three quarters of Fiscal Year 16/17:

#### Field Services - What's included?

Field services are comprised of patrols within the City, responses to resident requests for services and emergency after hours responses. So far this year Animal Services has completed 297 field responses to the City, which includes 23 after hours emergency responses for injured animals, dangerous animals, assist law enforcement or other urgent matters that were reported outside of regular hours. Animal Services has an Animal Control Officer on duty 365 days a year, 24 hours a day to respond to urgent activities involving animals.

#### **Outreach Activities**

Animal Services collaborates with the non-profit organization C.A.R.E. 4 Paws for special events in Guadalupe, which could be vaccination and licensing clinics or the mobile spay and neuter clinic.

We held an outreach clinic in Guadalupe on March 19, 2016 in collaboration with the C.A.R.E. 4 Paws organization. Our Project PetSafe staff worked with C.A.R.E 4 Paws to ensure the clinic was advertised in the Guadalupe Utility Bill. Animal Services assisted at the clinic with selling licenses.

- A total of 25 dog licenses were sold as a result of the March 19<sup>th</sup> clinic
- C.A.R.E.4Paws reported vaccinating approximately 210 animals, providing about 70 microchips and scheduling 70 spay or neuter surgeries
- On Monday, March 22<sup>nd</sup>, County Animal Services performed 13 spay/neuter surgeries at our Santa Maria clinic for Guadalupe residents that were unable to be served by C.A.R.E. 4 Paws on March 19<sup>th</sup>.
- County staff from Project PetSafe provided transportation for all animals that needed surgery.
- Project PetSafe staff sold licenses at surgery pick up on March 22<sup>nd</sup> to ensure it
  was an easy process for all owners who had their dogs altered on March 22<sup>nd</sup>.
- Additional surgeries were done on March 22<sup>nd</sup> by C.A.R.E.4Paws and the Santa Maria Valley Humane Society to ensure that all Guadalupe residents requesting services were cared for.

While the grant that was supporting the \$10 co-pay for spay and neuter services for Guadalupe residents has run out, there are still available subsidies for residents seeking services who need financial assistance. County Animal Services (through Project PetSafe 934-6958) and our partners in the Responsible Pet Ownership Alliance can assist in this area.

In October of 2016, our Project PetSafe staff attended the Kids Day in the Park.

The County's next scheduled clinic in Guadalupe is tentatively planned for June 10, 2017. This will be a vaccination and licensing clinic. We will begin our neighborhood canvassing in May through June to spread the word that we will be in Guadalupe in June for a clinic. We continue to have ways to support Guadalupe residents interested in spaying or neutering their dogs and cats at our Santa Maria facility or through our partner agencies.

We have had a project going in Guadalupe to assist with a group of feral cats living in the Birch Street area. We assisted with free spays and neuters for 8 cats and have

completed this project. Our next target area is Elm Street where we believe there are 17 cats in the colony.

We look forward to another year providing services to the City of Guadalupe. The statement of work that we developed together will continue to apply for the upcoming year. We are always available to address any special areas of concern or requests you may have. We will continue to try to provide the best service possible to the City of Guadalupe and appreciate our partnership.

#### AGENDA REPORT

#### SUBJECT/TITLE:

## **MEASURE A LOCAL PROGRAM OF PROJECTS**

#### RECOMMENDATION:

1. APPROVE RESOLUTION NO. 2017-15 WHICH ADOPTS THE 2017/18 THROUGHT 2021/22 MEASURE A LOCAL PROGRAM OF PROJECTS FOR THE CITY OF GUADALUPE.

#### DISCUSSION:

Every year the City must adopt a Measure A Local Program of Projects (POP) for the City of Guadalupe. Once adopted, the POP is submitted to the SBCAG Board for their sign-off.

In adopting the POP, City Council "certifies that it will include in its budget an amount of local discretionary funding for local streets and roads sufficient to comply with the Maintenance of Effort [MOE] requirements contained in Section 27 of the [Measure A] Ordinance... " The City met its MOE requirements over the last five-year window. The City plans to meet its MOE requirements over the next five-year window. Our MOE requirement over the next five years will be about \$160,000. That amount is shown in the Local column of the POP spreadsheet.

The State column of the POP spreadsheet includes five years' worth of State Gasoline Tax Money and State Local Transportation Funds (LTF) at about \$200,000 per year combined plus the 06/30/16 combined fund balance in those funds of \$828,000. We currently receive no Federal money.

The two carry-over columns under Measure A Revenues represent the \$963,000 Measure A fund balance on 06/30/16 plus anticipated additional carry-over from 2016/17 of \$218,000. Gas Tax, LTF, and Measure A fund balances will be used to pay for the City's Street Paving Plan going forward. That plan calls for the City to spend about \$400,000 annually in street paving. For 2017 the street program will include slurry seals of various streets and the 2017 Street Rehabilitation Project which includes Pioneer Street from Main to Wong Street.

The POP includes an \$80,000 for a 40-foot wide by 60-foot long by 16-foot tall steel garage to be constructed at the Corporation Yard. The total cost of the garage plus site work with concrete is expected to be \$120,000. The Streets portion of the cost would be \$80,000, the Water Department portion would be \$30,000, and the General Fund portion \$10,000 (Public Works equipment is used for Building and Parks maintenance, which is a General Fund expense.)

Agenda	Item:	
--------	-------	--

The POP also includes a \$100,000 Measure A funds for storm drain improvements at 11<sup>th</sup> and Obispo. This intersection regularly floods during rain storms because the storm drain system there is currently undersized.

Measure A also requires the City to spend at least 5% of Measure A money on "Alternative Transportation Expenditures" – bicycle, pedestrian and transit projects. The City has had no difficulty in meeting this requirement in the past and will likely spend 9.6% of Measure A money during the five-year window on bike and pedestrian projects. That includes sidewalk maintenance and upgrade work done by our Street crew, plus required ADA sidewalk work that is required whenever any municipality engages in major street paving projects. The ADA Replacement Project qualifies as an Alternate Transportation expenditure.

## MEMORANDUM TO THE GUADALUPE CITY COUNCIL City Council Agenda of April 11, 2017

Prepared by: Cruz Ramos

#### **SUBJECT:**

CONSIDER CHANGE TO THE MONTHLY CITY COUNCIL MEETING SCHEDULE FROM TWO TO ONE MEETING PER MONTH ON A PILOT BASIS

#### **RECOMMENDATION:**

That the City Council approve Resolution 2017-16 enacting the proposed change to the council meeting schedule from two meetings per month to one meeting per month on a pilot basis.

#### **BACKGROUND:**

City councilmembers make decisions on a wide range of items that have budgetary impacts and/or promote community and economic development. These decisions must be well-researched with strong consideration to cost effectiveness and overall benefit to constituents. To achieve these goals all recommendations from staff must include a review from financial and regulatory standpoints among a few. Sufficient time is necessary for staff preparation as well as for the council's decision making consideration. The council agenda packet is distributed Friday afternoon prior to Tuesday meetings, the proposed change allows advance distribution of agenda materials.

#### **DISCUSSION:**

With limited staff working on day to day routine city business, little time is left to devote full attention to research or surveys. Previous city administrators and some current staff work many long hours attempting to manage city business on a timely basis. City administrators in Guadalupe have been known to start as early as 6:00 a.m., leaving at 9:30 p.m. or later and often work on weekends. City staff's many duties and responsibilities include interaction with the public, vendors, businesses and consultations with contracted city consultants via meetings, telephonic/electronic communication. City staff continues to examine in-house operations/processes and vendor/consultants' contracts to identify cost-savings. All efforts are being made to reduce expenses and increase revenue to support the City's budget that continues to improve. The following are a few items that need concentrated effort.

#### **FUTURE AGENDA ITEMS**

- 1) Consider application of Ord. No. 2014-420 for room rentals in private homes
- 2) City Parking Reconfiguration
- 3) Update USDA Tognazzini Well Project
- 4) Contracts Report Good & Services
- 5) MOU City/School District Facility Usage
- 6) Development Impact Fees
- 7) Master Fee Schedule
- 8) PGE—Underground Lightening
- 9) Successor Agency
  - a. Al's Union Station Update
  - b. Royal Theatre

#### **RESOLUTION NO. 2017-16**
