MANAGEMENT REPORTS

7. <u>CITY ADMINISTRATOR REPORT</u>: (Information Only)

- A. City Administrator's report for November 28, 2023
 - The Kiwanis Holiday Parade is scheduled for Saturday, 12/9, at 6:00 p.m. "Ole Granny" will be used to carry the City Council and City Administrator.
 - Urban Planning Concept, planning consultants, will start on their onsite presence, Wednesday, 11/29. They will be in the Building Department two days a week to provide direct service to the public.
 - New chairs will be ordered for the City Council chambers with the use of ARPA funds.
 - GBA's Transportation Committee monthly meeting is Wednesday, 11/29, which the City Administrator attends regularly.
 - Final submission for a turf grant for the \$1.9M project was made. If awarded, the estimated project completion is June 30, 2026.
 - Property Tax Data: Value growth for 2023-24 was greater than the amount of growth in 2022-23 due to an increase in value gained on sales in 2022. The number of detached single-family home sales for 2023 will be less than in 2022. This is consistent with what is seen in most areas of the state. The Guadalupe median sales price through September declined by \$5.06%. On property values at \$1.0M, the City receives \$1,500 in revenue.
 - There have been complaints regarding cannabis smell. The Air Pollution Control District is working on it with the company. Residents were happy to hear they're involved.
 - Root 1, retail cannabis storefront, is anticipated to open in March/April 2024.

• On 11/17/23, the Mayor, City Administrator and City attorney met to various topics, one being the steps necessary to take to create a city nonprofit to replace what LADG dealt with for the City.

Mayor Julian said, "Lompoc and Santa Maria have." City Attorney said, "We can do fundraising for Recreation & Parks and the public library. The mayor then said, "Lompoc has a foundation. If we can go after dollars for Recreation and the Police Department. This ties in with the Royal Theatre. Create an entity within the Royal Theatre but separate from the Royal Theatre and Council.

• Traffic issues at 11th Street and Simas Road were discussed with the property owner, Frank Almaguer, specifically car crashes around the curve into the Mr. Almaguer's property. Mayor Julian mentioned that there are no flashing lights north on Simas Road. The City will work with the County as they have part responsibility for the area.

CM Lizalde said that the traffic level will increase with the housing developments going up on 11^{th} Street. The mayor cited the number of those developments: 80 units for Escalante Meadows, 37 units for the Alvarez property, and 37 for Self-Help Housing.

8. DIRECTOR OF PUBLIC SAFETY REPORT: (Information Only)

- A. Police Department report for October 2023
 - There's nothing changing or outstanding for our Police Department.
- B. Fire Department report for October 2023
 - Medicals are up since last month.
- C. Code Compliance report for October 2023
 - Nothing's changing or outstanding. Right now, we're just monitoring activity in the community.

We've contacted the CHP to help assist with traffic issues on Hwy 1. They've agreed to increase traffic enforcement.

OEM — The County has \$35,000 grant money available to put up relief centers in the County. Guadalupe is one of two locations right now. Cuyama is one location, and Guadalupe is two. (Chief handed out a list.) Guadalupe is getting \$15,000 of the grant money. The list showed supplies the County will purchase and Guadlupe just needs to store them.

With the January flooding, we now have experience of what we don't have: solar generators. The main generator for the building was received from the One 805 grant and is being built. Smaller generators for the Veterans Hall, Senior Center and an additional one at City hall so there can be power for different lighting. Looking to have three (3) locations instead of just one (1) for rolling

blackouts. Josue Meraz will be the contact. We'll be setting up different sites for everything that can be stored. We're looking to take care of our seniors, families, and senior adult males in separate facilities so we can have the proper security. They have a short timeframe. There's an additional\$10,000 outstanding. If the County can't find a 3rd location, they'll share the remaining \$10,000 between the two sites. We just got this information today. A nice gift.

Chief Cash said, "We're losing our Recreation Manager. (He presented Ms. Sanchez with a window box with Police and Fire patches and memorabilia) He said, "This is from Public Safety. We appreciate everything you've done for us and for the City. We had a blast working with you. We hope to get someone at least as close to what you've been capable of doing. We've enjoyed working with you."

The mayor mentioned that the jail had been tagged. We took pictures and did a report. Chief Cash said that the bridge was tagged, too. He said he hasn't read the report or had a chance to talk with the officers. There are a few known taggers.

CM Hernandez asked a question about grants and monies coming in from FEMA. Chief Cash said, "I'm going to FEMA next month or January. We're sending someone there to train. So, I'll follow up on that and make some contacts. Whatever monies we can get and Christine Rose (grant writer)... we have another meeting coming up for some other monies. We're hitting FEMA. We're hitting the State. This money here came from the County."

The Chief continued saying, "And what the Council did for the river. You go out there and look at that...awesome. But you go over by Hwy 101, and you look in the riverbed, you so many homeless encampments. We're putting a lot of stuff together. What we found out last time that we need were clothing and food. We have freezers. Water and food will be the biggest staples. Slowly but surely getting to get to help community."

CM Lizalde asked, "The infrastructure, inventory. Will it be done electronically? Expiration dates, etc.? When we're bringing in material, are we tracking it?" Chief Cash said, "We don't have personnel to manage all of that. We'll be using Code Compliance and PD staff. There are some things that are perishable." CM Lizalde then said, "We need to be mindful of all of that. We need to know where and what we have in an emergency."

Mayor Julian asked, "How can the Red Cross help?" Chief Cash said "A trailer. We need to find a location for storage." The mayor suggested a container like at the yard for easy access. Chief Cash said, "It would be key to have one space/location to store goods. We need to put together a plan to bring back to Council. We now have the Emergency Response Plan, and that piece isn't in there that is important."

CM Hernandez asked for an update on the State giving the City \$1M. When are we thinking of implanting that and looking forward?" Mr. Bodem said that that is for Public Safety and the City Hall.

CM Robles asked, "On the left or right side of this building, can we use for storage?" Chief Cash said, "We will store goods. The space on the Police Department wing will be altered to possibly store, like a central location."

CM Lizalde suggested, "Have the community committee train on some of this. City staff doesn't have to take it all. Community members can help with inventory." Chief Cash said, "The committee is standing by. We're ready to present it to the City Council. We'll take any ideas you may offer."

9. **RECREATION SERVICES MANAGER:** (Information Only)

A. Recreation and Parks report for October 2023

Ms. Sanchez briefly explained, "I planned to leave on November 15th but have extended my time to help whoever is hired to train someone for at least two (2) weeks. I don't want to give a specific date yet...it depends on what the City needs. I'll update the Council at the next meeting in December where we're at."

Events: "Movie Night in the Park" with snacks and treats being sold; Holiday Home Decorating – the entry is online with a deadline of Friday, 12/15, at noon.

CM Hernandez asked, "The Boys & Girls Club...have they started paying utility bills?" The response was they have begun paying...were in arrears by \$1,700.

CM Lizalde asked about the agreement between the City and the School District. Mr. Bodem said, "We're working on it with Dr. Handall. They're using the auditorium/gym for volleyball and basketball now. A set amount of money is yet to be determined. There are things to consider, such as cleaning the gym, what will the cost be, etc."

Ms. Sanchez said she's been talking to Townsend about a grant for floor scrubbers. She said, "Use for other facilities. We don't have the budget to pay out-of-pocket. The biggest issue in the agreement is the floor. Have something in writing but adjusting now." CM Lizalde said, "We should present what we want. There shouldn't be a lot of ack and forth." Ms. Sanchez then added, "They don't want to sign off on it....the floor issue. Asked for professional flooring service."

CM Lizalde said, "How much are we allowing them to dictate what they want? But we allow them to use it. There has to reach a point where...I'm not seeing a firm reason why there's no agreement."

Mayor Julian said, "Put something on the table. Should be an easy task to do." Mr. Bodem said, "\$100." CM Lizalde said, "If they can't bring something to the table for an agreement, we need to be firm in what the agreement will be."

The mayor then shifted the discussion to Central Park. He said, "An update on Central Park. A lot of changes and details. This needs to be brought back to the public through the Recreation & Parks Commission. A new Recreation Services Manager will need to be brought up-to-speed. This

information should be presented in detail at the December Recreation & Parks Commission meeting. The public needs to know."

Ms. Sanchez asked, "For the public? For their input? She was not clear on what was being asked at this point. Mayor Julian said, "People need to see what was discussed in the meeting and give comments." At this point, City Attorney Sinco asked, "Are you suggesting this as a regular Recreation & Parks meeting? Or a special meeting?" The mayor said, "A regular meeting. Show it on the agenda for an update. I'd want the Council to understand the details for decisions to be made."

City Attorney Sinco said, "Sounds like the mayor wants the Recreation & Parks Commission to give an update before decisions are made." Mayor Julian said, "I want the public to understand what's going on. Decisions are being discussed. Is the Council aware of discussions?" City Attorney Sinco said, "When input is made by the Commission, decisions will come to the Council."

Ms. Sanchez added, "A lot of these decisions are small. Infrastructure is more Public Works – internal staff decisions. Plans have been approved by the Council already." City Attorney Sinco said, "You want input from the Recreation & Parks Commission and community. Once obtained, City staff prepares a final plan, then the Council will discuss. You want final plan once wrinkles are ironed out."

The mayor said, "The Recreation Report has a lot of details." Mr. Bodem added, "The Council wants to be part of the decisions if cuts are to be made." Then Ms. Sanchez asked, "Do you want a council member to attend a Commission meeting?" City Attorney Sinco said, "The Council is no asking to micro-manage this."

CM Hernandez asked, "Pre-design – some decisions have been made." CM Robles said, "Give public an update." City Attorney Sinco said, "Put on the agenda. The public can speak. Staff will take comments and put together a plan with detail, costs, etc." Mr. Bodem said, "If no public comments, the Commission needs to give input." Mayor Julian said, "Let the Commission hear what the public wants."

REGULAR BUSINESS

10. Compensation agreement pursuant to Health and Safety Code Section 34180(f) for transfer of the Royal Theater properties for future development activities.

Written report: Joy Otsuki, Special Counsel to the Successor Agency

<u>Recommendation</u>: That the City Council adopt Resolution No. 2023-95 approving a Compensation Agreement pursuant to Health & Safety Code Section 34180(f) for transfer of the Royal Theater properties for future development activities.

When redevelopment agencies dissolved in 2012, all redevelopment agencies in California were succeeded by successor agencies subject to the authority of oversight boards charged with winding up the affairs of redevelopment agencies. In 2013, successor agencies were required to prepare a

LRPMP (Long-Range Property Management Plan) for the disposition of all real properties owned by the former redevelopment agency.

There were six (6) properties owned by the City's former redevelopment agency of which Al's Union is still held by the Successor Agency. The Royal Theatre and two (2) vacant parcels adjacent to the Royal Theatre were approved to be transferred to the City "for future development". A Compensation Agreement was only entered into between the City and the Guadalupe Cemetery District when the property was transferred to the City. The City Council approved the Compensation Agreement with the Cemetery but not all tax entities. That agreement says that once any income is generated from the Royal Theatre in excess of the amount that was already paid to the Cemetery District, they will get a share of that income.

The Agreement provides that if the City sells the Property during the Term of the Agreement, the City will remit the Net Proceeds to the County-Auditor-Controller for distribution to each of the Taxing Entities. The City may renovate the Property for interim use. Taxing Entities will be entitled to a share of Net Proceeds resulting from such interim use during the Term of the Agreement.

The Agreement hasn't been distributed to the Taxing Entities. It is a customary type of agreement.

Mayor Julian said, "Complex issue...10 listed Taxing Entities, actually 14.I don't have any questions. I just think we need to get this out so people can agree or not agree. I don't think we'll have much trouble with that."

Motion was made by Council Member Costa, Jr. and seconded by Council Member Lizalde to approve Resolution No. 2023-95 approving a Compensation Agreement pursuant to Health & Safety Code 34180(f) for Transfer of the Royal Theatre Properties for Future Development Activities. Roll Call: Ayes: 5 5-0 Motion passed.

These projects total \$81.8M of work to be done here in Guadalupe in 2025/2026.

CM Hernandez asked about the farmer's market. Mayor Julian said, "The mobile farmer's market. They opened up their canopy. You could buy produce and use an EBT card. There was a good turnout. The mobile unit costs \$100,000. They have contacts with different farmers for different vegetables. CM Robles said, "They looked at getting \$750 for the day. They were just under that."

Mayor Julian mentioned the data showing air quality in Guadalupe was not good.

13. ADJOURNMENT TO SUCCESSOR AGENCY BOARD MEETING

Motion was made by Council Member Lizalde and seconded by Council Member Gene Costa, Jr. to adjourn to the Successor Agency Board Meeting. Meeting adjourned to the Successor Agency Board Meeting at 7:01 p.m.

SUCCESSOR AGENCY

14. Transfer of Property for future development to the City of Guadalupe in accordance with Health & Safety Code Section 34181(a) (former Al's Union Site).

Written report: Joy Otsuki, Special Counsel to the Successor Agency

<u>Recommendation</u>: That the Successor Agency adopt SA Resolution No. 2023-03 approving the transfer of property for future development to the City of Guadalupe in accordance with Health & Safety Code Section 34181(a).

Al's Union, located at 995 Guadalupe Street, (referred to as the "Property") is the last property from the redevelopment agency to the Successor Agency to be transferred to the City. The Surplus Land Act has approved the Property to be transferred. The Property must be "disposed of" prior to the Successor Agency's filing of a "Last & Final ROPS".

It is more effective to transfer property to the City. This has to go to the County in Santa Barbara for approval. Then to the Department of Finance Oversight Board It takes about 105 days from date of this meeting. The City has options on how to handle this, such as a Compensation Agreement like the one for the Royal Theatre. The City Council is not asked to agree to a Compensation Agreement now.

Mr. Bodem asked, "If it goes to the Oversight Board, they might look at the Property as having value and might object to the ideal of doing this. They might feel that selling the Property would be to their advantage of receiving some of the receipts of the sale. Am I correct in saying that?" Ms. Otsuki said, "They could. But the purpose of the Compensation Agreement sets forth how proceeds from the sale of the Property will be distributed to the Taxing Entities." Mr. Bodem said, "If the City wants to keep the Property to use it for public purposes as opposed to selling it off, that's public property that would be sold to a private entity and proceeds would go to the taxing entities. Is that correct?" Ms. Otsuki said, "That's correct. The City can seize the Property and decide what to do with it."

Mayor Julian said, "The property next to it belongs to a tire company. They threw out a number, \$400K for that property which is huge compared to Al's Union. So, what if you sold it for \$200K. There are 14 entities that are going to get...as opposed to letting the City use for a new Fire station, hotel, park, etc."

Motion was made by Council Member Costa, Jr. and seconded by Council Member Robles to approve Successor Agency Resolution No. 2023-03 approving the transfer of property for further Development to the City of Guadalupe in accordance with Health & Safety Code Section 34181(a). Roll Call: Ayes: 5 5-0 Motion passed.

Prepared by:

Amelia M. Villegas, Interim HR Manager

Approved by:

Todd Bodem, City Administrator

SUBJECT: Adoption of Memorandum of Understanding with Service Employees

International Union, Local 620, for 2023-2025

RECOMMENDATION:

That the City Council approve Resolution No. 2023-96 adopting a Memorandum of Understanding with Service Employees International Union, Local 620, for 2023-2025.

BACKGROUND:

The current Memorandum of Understanding (MOU) between the City and SEIU expired on June 30, 2023. During the past many months, the City and SEIU negotiating teams have been meeting in an attempt to reach agreement on a new MOU.

Representatives of the Service Employees International Union, Local 620, and the City's negotiating team have tentatively agreed on terms for the MOU covering that unit. The items agreed upon are as follows:

- 1. Term of Agreement: Two Years July 1, 2023 through June 30, 2025.
- 2. <u>5% Salary Adjustment</u>: 5% salary adjustment, effective retroactive to July 1, 2023, and 5% salary adjustment effective July 1, 2024.
- 3. Stand-by Pay: Increase from \$2.00 to \$3.00 per hour for each hour on standby.
- 4. Modification to Article 10.7.A. of the MOU, <u>Alternative Work Schedule</u>: The following language will be substituted for what is in the former MOU: "The City may revise or revoke the 9/80 workweek schedule for all SEIU employees. The establishment of this program beyond the Pilot Program does not grant any right to SEIU or any employee to continue or commence a 9/80 schedule. SEIU recognizes that establishment of a 9/80 schedule is a management right as provided in Article 4 of this MOU which includes the right of management to "direct its employees and establish work assignments and schedules." Should the City revise or revoke the 9/80 workweek schedule for all SEIU employees, a sixty (60) day notice shall be given to SEIU and all SEIU employees and be subject to participate in a Meet and Confer process."

- 5. <u>Health Insurance</u>: For employees choosing "Employee Only" a monthly increase from \$700 to \$850 in the City contribution towards the medical plan.
- 6. Modification to Article 17.1 of the MOU, <u>Uniform Allowance</u>: Deletion of various outdated job titles only. No other changes made.
- 7. Modification to Article 17.2 of the MOU, <u>Safety Shoes</u>: Change in benefit from \$150 to "up to \$300, which includes boots, socks and shoe inserts" and deletion of various outdated job titles.
- 8. Modification to Article 14.G. of the MOU, <u>Vacation Leave</u>: Language has been added that: "No later than the last pay period in December, an employee may make a written <u>irrevocable election</u> to declare cashing out vacation leave that will accrue in the next calendar year." (NOTE: Failure to make the irrevocable election will prevent employees from cashing out any vacation time the following year.) This provision was added to the MOU in order to avoid any "constructive receipt" issues in violation of IRS regulations.
- 9. Modification to Article 14.B. of the MOU, <u>Vacation Leave</u>: The following language will be substituted for what is in the former MOU: "Each eligible full or part-time employee shall begin earning vacation immediately upon hire. The employee must wait six (6) continuous months before taking vacation leave."
- 10. Modification to Article 24.D. of the MOU, <u>Classification Review</u>: The following language will be substituted for what is in the former MOU: "SEIU will be included with receiving and review for any benchmarking and/or salary surveys for input on any positions with egregious inequalities. Specific date(s) to begin classification review uncertain without a full-time Human Resources Manager for the City."
- 11. Addition of Article 39 to the MOU, <u>Certification Award</u>: This is a new program for the MOU term 2023-2025 that includes two parts:
 - a. For those SEIU employees that require certificates, licenses, or endorsements as a part of their positions, reimbursements will be made upon receipt of original certificates, licenses, or endorsements.
 - b. For the remainder of SEIU employees, a Tuition Reimbursement Program will have a \$5,000 annual budget for any SEIU employee to be reimbursed up to \$1,000 of tuition/educational costs for successfully receiving:
 - 1. Associate's, Bachelor's, or Master's degree and/or
 - Professional Certification (i.e., CPA. Certified Payroll Professional, and other advanced certifications that have an educational level of an Associate's degree to higher with required work experience.)

The department head will determine what coursework and/or educational degrees are job related and has the authority to approve or deny such eligibility for this program. If denied, the employee can appeal to the City Administrator.

12. Modification to Article 15.3 of the MOU, <u>Bereavement Leave</u>: The following language will be substituted for what is in the former MOU: "Eligible employees may request up to five days of paid bereavement leave upon the death of a qualifying family member, defined as a spouse, child, parent, sibling, grandparent, grandchild, domestic partner, or parent-in-law. Although the employee must complete bereavement leave within three (3) months of the family member's death, the City may not require that the five (5) days be used consecutively. As a condition of granting bereavement leave, the Department Head may request verification of the loss."

FISCAL IMPACT: The total fiscal impact for the two-year term of this MOU is \$53,933.00.

Upon request, the City shall negotiate the decision and the impact of such decision on employee's terms and conditions of employment; the subject of such bargaining shall include the reasons, the expected financial impact and the anticipated impact on the quality of services provided.

ARTICLE 5. UNION RIGHTS

5.1 Representation: Stewards

A. The Union shall provide the City Administrator with a list of all authorized Union stewards, and the list shall be kept current.

An employee who files a grievance and/or his/her Union Steward representative may, when and to the extent necessary, participate on City time, without loss of compensation, in the investigation and processing of a grievance as provided for in Article 7, upon notification and approval of the immediate supervisor or his/her designee. The City Administrator shall approve employee and/or Union Steward in investigating and processing a grievance on City time, when and to the extent necessary, and not unreasonably withhold approval if such steward duties will in no event adversely affect the operational, security, or safety requirements of the City.

5.2 Use of City Facilities; Bulletin Boards

A. The Union may, with prior approval of the City Administrator, be granted the use of City facilities for Union business meetings of City employees, provided space is available. No use fee will be charged.

B. The City will furnish, for the use of the Union, reasonable bulletin board space at reasonable locations. Such bulletin board space shall be used for:

C. A duly authorized representative of the Union shall be permitted to enter the City's work locations for the purpose of conducting business within the scope of representation. The Union representative's visit shall not interfere with the operations of the facilities and may not interfere with or take an employee away from his/her work. The Union representative may have access to City work locations provided that the Union representative advises the Department Manager or designee immediately upon entering or accessing the City work location.

ARTICLE 6. DISCIPLINARY ACTIONS, NOTICE, AND APPEALS

A. Actions. Disciplinary actions may range from informal conversations to formal discharge, with the objective of reinforcing or shaping employee behavior in a direction that is reasonable and necessary for actualizing agency goals. Such actions are therefore corrective rather than punitive, progressively more severe if necessary to further reinforce the objective and fit the nature of the problem.

1. Counseling

If an employee's performance or conduct is unsatisfactory or needs improvement, the employee's lead or immediate supervisor ordinarily shall provide informal oral or written counseling. Counseling will be conducted in private, and should address performance or conduct which, if not modified, may result in further disciplinary action. When appropriate, an employee should be verbally counseled about her/his performance or conduct prior to receiving a written counseling memo or reprimand or other disciplinary action.

2. Letter of Concern or Written Reprimand

If an employee's performance or conduct fails to improve after counseling by the employee's supervisor, the supervisor ordinarily will prepare a report of the unfavorable performance or conduct, including specific suggestions for corrective action as appropriate. The report shall be placed in an employee's personnel file. Nothing in this section shall impair the right of the City to impose more severe discipline without a report of unfavorable performance or conduct when extraordinary circumstances warrant such action. The Union may request, and/or the City may elect to remove such written disciplinary action from the employee's file after an appropriate length of time. No such

report shall be issued unless made and presented within fifteen working days of management's knowledge of the incident or occurrence.

3. Suspension

When circumstances warrant, an employee may be placed on administrative leave with pay by the City with or, when appropriate, without prior counseling or an unfavorable performance or conduct report and without a prior hearing. In such event the City shall thereafter issue a Notice of Disciplinary Action as set forth below, and the employee shall be entitled to challenge that action as provided for in this MOU.

B. Notice of Disciplinary Action. Notice of a proposed or recommended disciplinary action for all disciplinary actions, except counseling and reprimand, shall be served on the employee in person or by certified mail. The notice shall include:

- 1. A statement of the nature of the disciplinary action;
- 2. The proposed effective date of the action, and a date by which the employee must schedule an informal (Skelly) hearing with the appointing authority;
- 3. A statement of the reasons for the proposed disciplinary action;
- 4. A statement of alleged facts in ordinary and concise language of the acts or omissions upon which the charges are based; and
- 5. A statement advising the employee of their right to appeal and the right to Union representation during such appeal.

Employees represented by Local 620 receiving a "Notice of Proposed or Recommended Disciplinary Action" under this MOU or the City of Guadalupe Personnel Manual shall have the right to Union representation if he/she so chooses. The City agrees to send copies of all disciplinary notices for represented employees to the Union by Facsimile (FAX) and U.S. Mail at:

(805) 963-8341 (FAX) Local 620, Service. Employees' International Union 350 S. Hope Ave, Ste. A-103 Santa Barbara, CA 93105

In cases involving suspension, demotion, or discharge, the City Administrator shall appoint a hearing officer to conduct an administrative review hearing regarding the merits of the proposed discipline. The City Administrator may assign her/himself, a disinterested manager, or other person as hearing officer. Probationary new hires shall not be entitled to a hearing regarding the imposition of discipline. After the hearing, the Hearing Officer may either affirm or modify the proposed disciplinary action. Notice of the determination of the Hearing Officer review shall be delivered to the employee and the Union in person or via certified U.S. mail.

Nothing in this Article shall preclude an employee and the City Administrator from informal discussions and/or settlements prior to the date of the hearing.

C. Appeals. Appeals from discipline and discharge of unit employees represented by S.E.I.U. Local 620 only, shall be processed exclusively in accordance with this modified appeal procedure. The provisions of this Article apply only to employees represented by S.E.I.U. Local 620 and supersede any conflicting practices or provisions contained in the Personnel Policy Manual of the City of Guadalupe.

For the purpose of this MOU and as applied to S.E.I.U. represented employees only, if the employee is not satisfied with the written decision of the City Administrator in a disciplinary action, the employee or the Union may file an appeal pursuant to Article 7, Grievance, of this Memorandum of Understanding beginning at Step 4 of that Article.

ARTICLE 7. GRIEVANCES/DISPUTES

A. Defined. Grievances shall be defined as an alleged violation of this MOU or dispute regarding interpretations, application, or enforcement of this MOU, City ordinances, rules, regulations, resolutions, and written policies related to personnel policies and working conditions, directions of supervisors and disciplinary actions. Grievances shall not include disagreements, disputes, or activities regarding or pertaining to examinations for employment or promotion or probationary terminations.

Each party involved in a grievance shall act quickly so that the grievance may be resolved promptly. No act or activity which may be grievable may be considered for resolution unless a grievance is filed in accordance with the procedure contained herein within thirty (30) working days of the date the grievable activity occurred or the date the employee could reasonably have known such activity occurred.

The time limitations for filing and responding to grievances may be waived or extended by mutual agreement of the parties.

B. Representation. The Union agrees that whenever investigation or processing of a grievance is to be transacted during working hours, only the amount of time necessary to bring about a prompt disposition of the matter will be utilized. At the City's discretion, time spent by City employees on the investigation and processing of grievances will be recorded on a form provided by management.

Stewards will be permitted reasonable time off with pay for the investigation and processing of grievances after first obtaining permission from his/her Department Head. Such permission will be granted promptly unless such absence would cause an undue interruption of work.

Upon entering a work location, the Steward shall inform the appropriate Department Head and supervisor of the nature of his/her business. An employee pursuing a grievance shall be granted permission to leave the job unless such absence would cause an undue interruption of work. If the employee cannot be made available, the Steward will be immediately informed when the employee will be made available.

If either party to the grievance so requests, an informal hearing shall be conducted at the Department Head or City Administrator appeal levels. Employees may be represented by counselor or other person at any stage in the grievance process.

C. Steps. The parties agree that all grievances will be processed in accordance with the following procedure.

1. Step One -Informal

Any employee who has a grievance shall first try to get it settled through discussion with his/her immediate supervisor without undue delay. Every effort shall be made to find an acceptable solution at the lowest possible level of supervision. After due deliberation, the immediate supervisor shall deliver their response promptly.

2. Step Two -Formal

If after such discussion the employee does not believe the grievance has been satisfactorily resolved, he/she may file a formal appeal in writing to his/her Department Head within ten (10) working days after receiving the informal decision of his/her immediate supervisor.

The Department Head receiving the formal appeal shall render his/her written decision and comment to the employee within ten (10) working days after receiving the appeal.

3. Step Three

If, within ten (10) working days after receipt of the written decision of the Department Head the employee is still dissatisfied, he or she may appeal directly to the City Administrator. The City Administrator shall review information provided by the employee and the decision of the Department Head. The City Administrator shall render his/her decision within ten (10) working days after the appeal is filed. Except as provided under Step Four, below, the City Administrator's decision shall be considered final.

4. Step Four

a. Request for Review By Personnel Commission

If the grievant is not satisfied with the decision at Step Three, he/she may, within ten (10) working days after the decision of the City Administrator is received, and with the concurrence of the Union, submit a request in writing to the City to proceed to Review by the Personnel Commission. The Union shall have the right to invoke this procedure on behalf of a class of employees. In the event the Union determines there is no violation or the proposed settlement is just, the Union is under no obligation to represent a grievant beyond Step Three of this procedure. Review by the Personnel Commission shall be conducted in accordance with the rules and procedures delineated in this Article.

b. Selection of Personnel Commission

The Personnel Commission shall be appointed for each grievance and shall consist of a member appointed by the City Administrator, a member appointed by the Union and a member mutually agreed upon by the City and the Union.

Unless the parties agree otherwise, a hearing shall be commenced no later than twenty eight (28) days from selection of the Personnel Commission. An independent Hearing Officer selected by mutual consent of the City and the Union shall preside over the hearing. However, the Hearing Officer shall not participate in the final determination or deliberations of the Personnel Commission.

c. Personnel Commission's Authority

Those issues which directly relate to alleged violations of this Memorandum of Understanding or City ordinances, resolutions and written policies related to personnel policies and working conditions shall be subject to review by the Personnel Commission. In addition, matters for which a separate and comprehensive administrative process is available that provides a remedy no less complete than that provided in a review by the Personnel Commission are not within the scope of this procedure. Examples of such comprehensive processes are: discrimination complaints covered by EEOC or DFEH, safety complaints under Cal OSHA and OSHA, and workers' compensation matters. Neither the Personnel Commission nor the Hearing Officer will have any power to add to, subtract from, or modify the terms of this Memorandum of Understanding, City Ordinances, or the written policies, rules, regulations or procedures of the City. The Hearing Officer, however, may, in the course of determining the questions properly submitted to him/her, consider arguments and evidence based on external law.

d. Submission Agreement/Questions Regarding Review by the Personnel Commission

If the parties cannot agree upon a submission agreement, the Hearing Officer shall determine the issues by referring to the written grievance and the answers at each step. If any question arises as to the reviewability of the grievance, such question shall be ruled upon by the Hearing Officer prior to hearing the merits of the grievance.

e. Hearing Procedure

Except as indicated in this Article, the hearing shall be conducted in accordance with the California Code of Civil Procedure and the California Evidence Code. In addition, the Hearing Officer may allow the admission of hearsay evidence in the interest of justice. The hearing shall be conducted in private unless a public hearing is requested by the employee or the City.

f. Decision

After a hearing and an opportunity to present such closing arguments as may be appropriate, the matter shall be submitted to the Personnel Commission for deliberation.

The Personnel Commission will make a reasonable effort to issue its decision within fourteen (14) days after the conclusion of the hearing. The decision shall be in writing and set forth the Personnel Commission's findings of fact, reasoning and conclusions on the issues submitted. The decision shall be final and binding on the parties.

g. Costs

All costs for the services of the Hearing Officer, including, but not limited to, per diem expenses, travel and subsistence shall be shared equally by the parties. Any cost incurred to obtain the use of a hearing room shall be borne by the City. All other costs shall be borne by the party incurring them.

D. General Grievances. Grievances which are general in character and which involve interpretation or application of this MOU or City policies or which involve matters requiring resolution outside the authority of the employee's Department Head shall be filed directly with the City Administrator who shall provide a written response within ten (10) working days.

An employee may appeal the response of the City Administrator. The employee's appeal shall be handled in accordance with the procedures beginning in step three above.

E. Disputes or complaints regarding open competitive or promotional examinations for employment shall be processed in accordance with the policy adopted by the City Administrator. The City shall consult with the Union prior to adopting or amending such policy.

F.Disputes or complaints regarding performance appraisals shall first be discussed with the individual who made the appraisal. An employee dissatisfied with the appraiser's response may discuss his/her complaint with the individual at the next higher level of supervision whose decision shall be final. An employee may be represented by counsel or other individual during these discussions.

The salary range as set forth for each classification is divided into steps that shall be interpreted and applied as outlined in this Article. Salary Step increases as provided herein are not automatic but based on performance and merit. Employees shall be placed on the step and qualify for increase in compensation for advancement to the next higher step of the pay ranges in the manner following:

- A. The first step, Step A, is the minimum rate and typifies the hiring rate.
- B. The second step, Step B, is granted to employees after completion of the probationary period. The adjustment shall be recommended by an employee's supervisor and subject to the approval of the City Administrator or his/her designee.
- C. The third step, Step C, shall be granted to an employee who has proven qualified in a given classification for one (1) full additional year from granting of the previous Step increase if and when recommended by an employee's supervisor and subject to the approval of the City Administrator or his/her designee.
- D. The fourth step, Step D, shall be granted to an employee who has proven satisfactory performance in a given classification for one (1) full additional year by an employee's supervisor and with the approval of the City Administrator or his/her designee.

- Licenses and certificates must be required by federal, state or city personnel policies or by class specifications, or other required renewal or testing. Fees for California drivers' licenses shall not be reimbursed under this provision.
- Reimbursement shall only apply to fees paid by the employee during the calendar year in which it is sought.

8.4 Shift Differential

A. Weekday differential. ARTICLE 9. NO STRIKE/NO LOCKOUT

The Union agrees that during the term of this Memorandum of Understanding, neither the Union nor the employees it represents will engage in, encourage, sanction, support, or suggest strikes.

This does not mean general employees are waiving any rights as to the protection of personal safety as they may pertain to the refusal to cross picket line of another public

employee organization on strike, or to the informational picketing by employees on their own time. The employer agrees that it will not lock out any of its employees during the term of this Memorandum of Understanding.

ARTICLE 10. SPECIAL PAY PRACTICES

10.1 Flex-Time Schedules

Hours may be altered to permit flex-time if reasonably practicable at Department Head discretion. Employees for whom necessity requires a different schedule than that generally applied shall work according to regulations prepared by the respective supervisor and approved by the City Administrator. The City shall specify in writing all changes in work place and hours and provide the affected employees with reasonable notice of these changes.

10.2 Use of Private Vehicle/Mileage Rate

An employee who is required to operate his or her own privately-owned automobile for the performance of official duties shall be reimbursed at the IRS rate for each mile necessarily traveled. Such reimbursement shall be paid monthly.

10.3 Callback Pay

Callback is defined as that circumstance requiring an employee to unexpectedly return to work after the employee has left work at the end of the employee's work day or work week, or, an employee called in early to start his/her shift, without prior reasonable notice. Pay for these circumstances shall be compensated at time and one half (1 1/2) overtime pay for a minimum of two (2) hours, or if the callback occurs between the hours of 11:00 p.m. and 4:00 a.m. for a minimum of three (3) hours at time and one-half overtime pay, and in all cases at time and one half for all hours worked beyond the regular work day.

10.4 Hours of Work and Overtime

The normal working schedule of full-time employees shall be eight (8) hours or forty (40) hours per week. All authorized time worked in excess of forty (40) hours per week, or on a holiday recognized in this Memorandum of Understanding, shall be compensated at the rate of one and one-half (1-1/2) times the employee's regular base hourly rate of pay, except that work performed on callbacks from Standby status shall be compensated at two times the employee's regular rate of pay, consistent with section 10.5 of this Article. Time worked for computation of overtime shall be calculated at a maximum of eight (8) hours per day and may include up to eight hours of paid status on holidays, jury duty, "sick leave", bereavement leave, and/or previously scheduled vacation, for purposes of this paragraph.

Overtime shall be computed at the nearest quarter (1/4) hour. At the request of any employee eligible for overtime pay, his/her supervisor will provide that, in lieu of cash payment for any overtime, he/she may have the choice of time off with pay ("comp" or compensatory time") at the rate of one and one-half 0. 1/2) hours for each hour of overtime worked. Compensatory time off shall be taken at the option of the employee, with the consent of the supervisor. The limit for accrued compensatory time off is 240

hours per employee. Upon separation from employment, an employee is entitled to receive cash compensation for any unused compensatory time.

10.5 Standby Pay

Standby duty is defined as circumstances which require an employee so assigned to:

- 1. Be ready to respond immediately to a call for service;
- 2. Be readily available at all hours by telephone, and, if provided with a pager by the City, then by pager; and
- 3. Refrain from activities which might impair the employee's ability to perform assigned duties.

Compensation shall be at the rate of \$3.00 per hour for each hour on standby. Standby status begins at the end of the regularly scheduled work day or work week, or other employee's standby time, and ends at the start of the next regularly scheduled work day, or the beginning of another employee's standby time. Except, however, that an employee shall not be entitled to standby pay if the employee fails to respond when called in or reports unable to perform the assigned duties.

When an employee is called in, compensation shall be paid at his/her normal rate of pay (including overtime as authorized in Article 10.4 of this Article), and standby pay will not apply. However, for call backs on holidays from standby status, compensation shall be paid at two times the usual rate of pay.

10.6 Rest Periods and Breaks

Employees in all bargaining unit classes are entitled to a fifteen (15) minute paid duty-free rest period during each four (4) hours of continuous work.

A rest period shall count as fifteen (15) minutes of time worked for calculation of pay.

Rest periods may be suspended when unusual emergency conditions require continuous performance of duties in order to protect or preserve life or property.

10.7 Alternate Work Schedules

The City and the Union agree that under some circumstances alternate work schedules may be beneficial to both employees and the City. Accordingly, employees may request to work an alternative work schedule. Such requests shall be subject to approval by the employee's supervisor and/or Department Director and the City Administrator. City management reserves the right to remove employees from alternative work schedules with reasonable notice, but in no case shall alternative work schedules be eliminated arbitrarily or capriciously.

A. The City may revise or revoke the 9/80 workweek schedule for all SEIU employees. The establishment of this program beyond the Pilot Program does not grant any right to SEIU or any

employee to continue or commence a 9/80 schedule. SEIU recognizes that establishment of a 9/80 schedule is a management right as provided in Article 4 of this MOU which includes the right of management to "direct its employees and establish work assignments and schedules." Should the City revise or revoke the 9/80 workweek schedule for all SEIU employees, a sixty (60) day notice shall be given to SEIU and all SEIU employees and be subject to participate in a Meet and Confer process.

10.8 Bilingual Allowance

An employee whose assignments and duties require the frequent and regular use of bilingual skills in English and Spanish or other language determined by the City Administrator to be of benefit to the City, shall be designated by the City Administrator to receive a bilingual allowance. "Frequent and regular" means at least once each work day or five times each work week. Payment for the bilingual language skill is restricted to the actual needs of the position. Positions requiring and/or benefiting from the bilingual language skill include, but are not limited to: Community Services Technician Officer, Account Clerk, Public Works Director, Records Management Officer, Maintenance Worker/Water I, Office Assistant, and Firefighter/Driver Operator. The City will update the above listed Job Classifications for applicability.

A full-time employee with a bilingual designation shall receive compensation of \$60 per pay period after demonstrating basic verbal bilingual skills to their immediate supervisor. An employee who demonstrates bilingual proficiency by passing a written and verbal examination shall receive compensation of \$125 per pay period. The form of the examination shall be agreed upon by the City and the union and shall be given a minimum of two times per year.

10.9 Certificate Allowance – Notary Public

An employee whose assignments and duties require the frequent and regular use of Notary Public services may obtain certification to become a Notary Public.

If the City pays the fees and costs for the employee to obtain certification as a Notary Public, the employee agrees to only provide Notary services in connection with the processing of City business and waives the option to provide Notary services for non-City related matters as a private business, so long as the employee remains employed by the City. In recognition of this waiver, the employee shall be entitled to additional compensation in the amount of a 2% allowance per pay period.

ARTICLE 11. INSURANCE

11.1 Medical Insurance Benefits

A. The base medical plan (Blue Shield Access Plus) shall be defined as the Health Maintenance Organization (HMO) program available to the City. If availability of an HMO to the City is discontinued by the medical plan provider, the base plan will become the basic PPO (PERS Select) plan available to the City by the existing medical plan provider.

- B. The City will contribute \$850 monthly towards the medical plan for an employee choosing "Employee Only". The employee is responsible for the cost above City contribution, for both years, regardless of medical plan.
- C. For employees covering dependents, increases to the base medical plan will be shared with the City adding 70% of the premium and the employee paying 30% of the increase. If the base medical plan premiums decrease in 2024 and/or 2025, the savings will be shared with the City receiving 70% of the decrease and the employee receiving 30% of the decrease. If an employee chooses a medical plan other than the base medical plan, the City contribution for that plan is the same amount that the City would contribute if the employee selected the base plan.
- D. Upon providing the City written proof that medical insurance coverage is in force through coverage provided by another source, a full-time employee may opt out of the City's medical insurance plan and receive deferred contribution in the amount of \$850 per month during Calendar year 2024 and 2025.

E. Retiree Medical

- 1. Employees who retire from City service will be allowed to purchase medical insurance coverage through the City.
- 2. The City has elected to participate in the PERS Health Benefit Program with the unequal contribution option. The City's contribution towards retirees shall start at \$35.00 per year in 2004. The contribution shall increase 1% per year of the City's contribution for active employees until such time that the contributions for retirees and active employees are equal, providing that the City is participating in the CalPERS Health Plan.
- F. Employees may choose to enroll in the Section 125 plan to have their payroll premium deductions taken out pre-tax.

11.2 Vision Insurance

The City shall provide a Vision Care Plan for bargaining unit members. The City may select an alternate vision care provider during the term of the MOU providing that:

- Any new plan maintains equivalent or increased benefits to the employees; and

Sick leave is defined as the time during which an employee is permitted to be absent from City duties by reason of illness or injury or quarantine not arising out of or in the course of employment, which incapacitates or prevents the employee from performing assigned duties, without deduction being made from salary or compensation, and shall include "family medical leave" (as defined below). With approval of the Department Head, sick leave may be used for employee medical, dental or optometry appointments, but only for the time actually required. Sick leave may not be used until it is accrued.

An employee on sick leave shall notify the Department Head or supervisor as soon as possible, and in every case make an effort to give such notice no later than two hours after the time set for beginning daily duties. If an employee is absent from duty on sick leave for three (3) days or more, or if the Department Head has reasonable suspicion of and/or there appears to be a pattern of sick leave abuse, a physician's certificate may be required certifying the condition giving rise to the absence.

B. All full-time, permanent employees shall accrue eight (8) hours of sick leave with pay for each calendar month of service or majority part thereof. The maximum accumulation of earned sick leave shall be 2,080 hours. An employee will not accumulate any additional sick leave until such time as his/her accumulated balance falls below 2,080 hours.

Upon retirement an employee may use 100% of unused sick leave to retire early before the commencement of PERS retirement benefits. Employees shall be paid on a monthly basis until accumulated sick leave is utilized or until PERS retirement benefits begin,

whichever is earlier. At separation, employee may choose to be paid 50% of his/her unused sick leave, to a maximum of 480 hours at his/her current rate of pay. The transfer shall be based on each employee's hourly rate of pay and shall not exceed twenty-four (24) hours of sick leave based on the hourly rate of pay of the receiving employee. The transfer shall be requested on a form provided by the City, be completed by both employees who mutually request such transfer, and submitted for approval to their Department Directors and the City Administrator who will not withhold such approval arbitrarily or capriciously. The receiving employee shall not be obligated to repay any transferred leave to the contributing employee, and contributing employee understands that such transfer shall be deemed as if used and will be subject to all other provisions applicable.
- D. An employee may take up to 75% of accrued sick leave per calendar year to care for a child, parent, spouse, or domestic partner who is ill, and the illness need not be a serious health condition. A physician's certificate may be requested.

15.2 Family Medical Leave

A. Family Medical Leave

To be eligible for family and medical leave benefits under state and/or federal law, an employee must have continuously worked for the City for twelve (12) months and have worked 1,250 hours over the previous 12 months.

1. Leave Available

Eligible employees may receive up to a total of 12 workweeks of unpaid leave during a rolling 12-month period for one or more of the following reasons:

- For the birth or adoption of a child;
- To care for an immediate family member (spouse, child, or parent) with a serious health condition; or
- To take medical leave when the employee is unable to work because of a serious health condition.

2. Notice and Certification

Employees seeking to use family and medical leave may be required to provide:

a. Thirty (30) day advance notice when the need for the leave is foreseeable; medical certification (both prior to the leave and prior to reinstatement); periodic re-certification; and periodic reports during the leave.

b. When leave is needed to care for an immediate family member or the employee's own serious health condition, and is for planned medical treatment, the employee must try to schedule treatment so as not to unduly disrupt the City's operation.

c. A medical certification that the employee is able to return to work.

3. Compensation and Benefits During Leave

Family and medical leave is unpaid; however, employees may elect to use accrued paid leave (such as vacation or sick leave) to cover some or all of the leave. The City will maintain health insurance coverage for an employee on family medical leave for up to a maximum of 12 workweeks if such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. In some instances, the City may recover premiums it paid to maintain health coverage for an employee who fails to return to work following family and medical leave.

4. Job Reinstatement

Under most circumstances, upon return from family and medical leave, an employee will be reinstated to his or her original job, or to an equivalent job with equivalent pay, benefits, and other employment terms and conditions. In addition, an employee's use of family and medical leave will not result in the loss of any employment benefit that the employee earned or was entitled to before using such leave.

B. Pregnancy Disability Leave

1. Leave Available

An employee disabled due to pregnancy, childbirth, or related medical condition may take up to a maximum of 16 weeks leave. Leave taken under the pregnancy disability policy runs concurrently with family and medical leave under federal law, but not family and medical leave under California law.

2. Notice and Certification Requirements

Employees requesting to take a pregnancy disability leave must provide the City with reasonable advance notice and certification from a health care provider.

3. Compensation and Benefits During Leave

Pregnancy disability leaves are without pay. However, employees may utilize accrued vacation time and any other accrued paid time off during the leave. If the employee taking pregnancy disability leave is eligible under the federal or state family and medical leave laws, the City will maintain health insurance coverage for up to a maximum of 12 workweeks if such insurance was provided before the leave was taken and on the same terms as if the employee had continued to work. In some instances, the City may recover premiums it paid to maintain health coverage for an employee who fails to return to work following pregnancy disability leave. If ineligible under the federal and state family and

medical leave laws, employees on pregnancy disability leave will receive continued paid health coverage on the same basis as employees taking other leave.

C. Family Temporary Disability Insurance (Paid Family Leave Benefits)

California's Family Temporary Disability Insurance fund (known as "FTDI" or the Paid Family Leave Benefits fund ["PFL"]) is administered by the California Employment Development Department ("EDD"), not the City. Through the FTDI fund, EDD will provide eligible employees with a wage supplement for a maximum of six weeks (for normal delivery) or eight weeks (for Cesarean section) within a rolling 12-month period. FTDI benefits may be available from EDD for a leave of absence:

- 1. For the birth or placement of a child for adoption or foster care; or
- 2. To care for an immediate family member (spouse, registered domestic partner, child or parent) who is seriously ill and requires care.

Employee Contributions: Like State Disability Insurance ("SDI") contributions, employee FTDI contributions are not optional and must be deducted automatically from each employee's paycheck. The amount of the contributions is fixed by EDD, not the City.

Employee Eligibility: EDD decides whether an employee is eligible for FTDI benefits, not the City, and employees must apply for FTDI benefits through EDD. Requests to take time off from work will be evaluated in accordance with City policies and applicable law.

Waiting Period: EDD mandates a seven (7) day waiting period before an eligible employee may receive FTDI benefits. Accrued sick leave may be used during the waiting period to the extent permitted by law. If sick leave is unavailable, or the available accrual is less than a full week, employees must use accrued vacation.

After FTDI Wage Period Ends: As noted, EDD will provide eligible employees with FTDI wages for a maximum of six weeks within a rolling 12-month period. Employees who remain on an authorized leave of absence after the FTDI wage period ends may use any accrued sick leave to the extent permitted by law. Employees, if applicable, using FMLA/CFRA leave may be required to use accrued vacation if sick leave is unavailable and after any available sick leave has been exhausted.

Concurrent Use of FTDI Benefits and Authorized Leave: FTDI benefits may be coordinated with an otherwise authorized leave of absence. In such circumstances, the use of FTDI benefits and/or paid time off (such as sick leave and vacation) during the leave period will not extend the length of the leave beyond what is required by applicable law and/or City policy.

Fraud: Fraud or dishonesty in connection with an application for or use of FTDI benefits is grounds for immediate disciplinary action, up to and including discharge.

Accrual of Benefits: Employee benefits do not accrue during a leave of absence unless otherwise required by law or applicable City policies.

Insurance Benefits During Leave: Employee benefits, including health insurance, do not continue during a leave of absence unless otherwise required by law and/or applicable City policies. As appropriate, you will receive separate information about your right to continue your health insurance under Cal-COBRA or COBRA.

Receipt of benefits from the FTDI Fund does not entitle an employee to a leave of absence, or a leave of absence for any particular time period. Nothing in this policy may be construed guaranteeing a leave of absence, benefits during a leave of absence, reinstatement following a leave of absence, etc.

15.3 Bereavement Leave

Eligible employees may request up to five (5) days of paid bereavement leave upon the death of a qualifying family member, defined as a spouse, child, parent, sibling, grandparent, grandchild, domestic partner, or parent-in-law. Although the employee must complete bereavement leave within three (3) months of the family member's death, the City may not require that the five (5) days be used consecutively. As a condition of granting bereavement leave the Department Head may request verification of the loss.

leave, the employee shall be reinstated in the position held at the time leave was granted. The leave period shall not be credited to employee seniority or credited toward time served with the City. During the leave period the City will not pay employee benefits; however, the employee may elect to maintain City medical insurance coverage for employee and dependents at employee's sole expense if such coverage of all individuals is in effect sixty (60) days prior to leave application to the City Administrator.

Employees who believe they are working out of classification on a regular and on-going basis may request a classification review by submitting a letter to the Human Resources Director. The request shall include a general statement describing why the employee feels they are working out of classification.

The City Administrator, Human Resources Director, or designee shall conduct a classification review within sixty (60) days of receipt of the request. The results of the classification review shall be forwarded in writing to the employee.

classifications as appropriate and shall conduct periodic studies to otherwise assure the proper classification of City employees.

"V" Rating compensation is defined as a rate of compensation in excess of the maximum compensation provided by Step E of the basic salary ranges for any designated position. Such "Y" rating shall be discontinued whenever Step E of the salary range assigned equals or exceeds such "Y" rating. Compensation at the "Y" rating may also be discontinued after the employee has received such compensation for three (3) complete years.

Demotion can be made for cause, except for demotions from probationary positions. Cause shall be provided to the employee in writing by the Department Director prior to any action taking place. Employees subject to layoff shall be given reasonable administrative leave as may be required to seek employment.

Permanent full-time employees and permanent part-time employees shall be considered separately when the order of layoff reaches Sections C and D below. Nothing herein is intended to require a preference for or against either full-time or part-time permanent employees in the order of layoff.

Seniority shall be used to determine the order of layoff pursuant to the following procedures: The order of layoff shall be as follows:

- 1. Temporary workers in inverse order of seniority (least first);
- 2. Initial Probationary employees in inverse order of seniority; and
- 3. Permanent employees in inverse order of seniority.

"Seniority" for the purposes of this Article shall be defined as the length of service as a permanent full-time employee with the City. When determining seniority for permanent full-time positions within a classification subject to layoff, only permanent full-time service shall be considered.

- C. Displacement. Permanent full-time employees subject to layoff shall have the right to displace an employee in the same classification in any Department of the City or in a different class within the City with the same or lower salary range provided, however, that:
 - 1. The employee subject to layoff has greater seniority than the employee being displaced and was rated at a minimum of competent/satisfactory in his/her latest evaluation.
 - 2. If the displacement is to a different class, it must be a class in the same occupational series as determined by the City with the concurrence of the Union OR, to a class previously held by the employee as a permanent full-time employee of the City.
 - 3. An employee must provide the City Administrator with written notification of his/her intent to exercise the displacement option not later than 10 working days following receipt of the notice of layoff. Failure to provide such timely notification shall be deemed a waiver of the displacement option.
- D. Re-hire Lists. Laid off employees are named to a re-hire list. If a position in the laid-off employee's classification, or a similar position in a classification for which the City determines the former employee is suited, becomes available within twenty-four (24) months of layoff, such former employee(s) shall be offered the position in the inverse order of layoff. If a job in a lower paid classification becomes available within twenty-four

(24) months, the City shall review the previously laid-off employees' qualifications. If a laid-off former employee is qualified in the judgment of the City, he/she may fill the slot(s) until his/her former position becomes available, if ever. Employees hired off a re-hire list shall retain seniority, minus the number of months on actual layoff.

ARTICLE 29. RESIGNATION

An employee wishing to leave City employment in good standing may at their option file with the immediate supervisor a written resignation stating the effective date of his/her resignation at least ten (10) days before leaving the service. REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of December 12, 2023

Todd Bodem

Prepared by:

Todd Bodem, City Administrator

SUBJECT: Consider entering into an agreement with Eikhof Design Group Inc. for professional City

Engineering services.

RECOMMENDATION:

It is recommended the Council adopt Resolution No. 2023-97 authorizing the City to enter into an agreement with Eikhof Design Group Inc. for professional City Engineer services.

BACKGROUND/HISTORY:

From time-to-time in the City of Guadalupe's history, the City utilized any combination of professional engineers, public works directors, and city administrators to manage the oversight of water wastewater and streets divisions of the public works. From 2003 through 2017, the City utilized outside consultants for professional engineering services while the City Administrator managed the Public Works Department.

On January 26, 2016, the Council approved water and wastewater rates which included an allowance for adding staff to Water and Wastewater departments. In May 2016, the new position of Public Works & Utilities Director, Water, Wastewater and Public Works was created, but the Council tabled the item for a later date.

On November 28, 2016, a reorganization with two (2) new positions was presented and approved by the Council. The City Administrator felt that rather than recruit at the level of Public Works & Utilities Director, a reorganization would better serve the City. The position of Maintenance & Field Operations Manager was approved with all public works and utilities functions reporting to it. A new lower-level position was also approved. At the time, for FY 16/17, the cost savings with this reorganization was significant.

Subsequently, a five-year review of engineering costs determined that there would be additional cost savings to bring the city engineer function in-house, coupled with the public works functions, at a director's level. The position of Maintenance & Field Operations Manager would report to this position as would the "contracted services."

In June 2017, a job description for the Public Works Director/City Engineer was approved.

The new job description was developed with a salary range, following the seven-step progression used in Guadalupe for all represented and unrepresented employee employees.

Salary and benefits for the Public Works Director/City Engineer position are split among Water, Wastewater, Streets and Building Department funds.

On July 15, 2019, the City hired Ms. Shannon Sweeney as the new Public Works Director/City Engineer to manage the Public Works Department. Ms. Sweeney was amply qualified for the position with multiple degrees, classifications, and certifications, in addition to having extensive relevant work experience. After four (4) years of service, In June 2023, Ms. Sweeney accepted a position with another city and delivered a letter of resignation to the City Administrator with an effective final day of June 15, 2023. **DISCUSSION:**

From the time of Ms. Sweeney's resignation letter, the City posted for the recruitment of her replacement. Concurrently, the City Administrator canvassed for an Interim Public Works Director / City Engineer and discovered a well-qualified person who was willing to help the City out until a permanent replacement was hired.

On June 17, 2023, the City entered into an agreement with Mr. Dwayne Chisam P.E., from Chisam Utility Management LLC, for Public Works Director/City Engineer on an interim basis until a Public Works/City Engineer position was filled.

The City did not receive any applicants for the combined position. The City needed a permanent solution to manage city engineering services, and decided its best option was to seek a professional engineer/engineering firm to serve as a contract City Engineer.

Therefore, the City issued an RFP on October 31, 2023, by posting on the City's website, advertising in the local paper, and sending the RFP via email to more than three civil engineering firms known to the City that staff believed may be interested in submitting proposals. The only proposal received was from Eikhof Design Group, Inc. Mr. Chisam was offered the opportunity to submit a proposal, but declined.

The proposal/scope of work attached to the Eikhof's agreement is for a full-service City engineering service firm who works almost exclusively with public agencies providing staff augmentation, development review, project management, stormwater compliance, and engineering design services. For this proposal, Eikhof Design Group, Inc. is teaming up with Michael K. Nunley & Associates, Inc. (MKN) to provide water and wastewater engineering services and have a decade-long relationship together.

Eikhof Design Group served as the Contract City Engineer for the City of Guadalupe from 2014 to 2019. Eikhof's tenure ended when the City created Public Works Director/City Engineer position. Eikhof has worked closely on numerous projects, including the City of Guadalupe's water and wastewater master plans. Eikhof has an excellent relationship with the City.

Centralizing Capital Project Management, Civil Engineering with the Public Works Department

Concurrent to the recommendation in hiring Eikhof Design Group, Inc., city staff is in the process of drafting a new Public Works Manager (PWM) job description and submitting to the City Council for consideration and approval. Once hired, the PWM will manage all the public works' staff and handle day-to-day public works functions.

One of the City Administrator goals for 2024 is to consider centralizing the management of all-major capital improvement projects with the Department of Public Works. The Department and the PWM along with the contract City Engineer will develop a solid project management and grant administration team from the planning stages through construction and project acceptance. This team approach would apply to all upcoming projects, including Central Park, and those listed on the CIP.

It is likely that implementing this approach would add to the workload and costs for Public Works Management. The City Administrator suggests adding project management to the cost of project delivery and getting reimbursed. Contributed revenue from grants and other sources will assist in potentially retaining and an additional Public Works staff position in the future to assist with the CIP.

Attachment 2 for Council consideration is the proposed agreement with Eikhof Design Group, Inc. The proposed agreement provides for a single-year term with an opportunity to extend the agreement based on the mutual written agreement of both parties. In the staff's opinion, it is in the City's best interest to approve an agreement with Eikhof Design Group, Inc. based on the essential need of a City Engineer and their relationship with the City, experience, and proven track record working for various agencies.

The City is required to utilize a City Engineer and city staff do not have the professional qualifications, experience, certification nor capacity without outside assistance.

Options Available to the Council

- 1. The Council could approve the agreement as recommended; or
- 2. The Council could direct changes to be made to the agreement; or
- 3. The Council could decide not to enter into the agreement.

If the City Council chooses the first option above, the new agreement will be effective December 12, 2023.

FISCAL IMPACT:

The Principal Engineer is Jeff van den Eikhof. The rate per hour is \$225.00, or approximately \$15,000 to \$18,000 per month at an estimate of 20 hours per week. Mr. Eikhof will use all his personnel who are paid less per hour to the extent possible. Staff feels this will not negatively impact on the Fiscal Year 2023-2024 budget. The proposed contract will be expensed from various departmental enterprises, measures, and grants with minimal coming out of the general fund. If approved, the city gets the benefit of a team of city engineers and with the required certifications.

EXHIBIT A – SCOPE OF SERVICES

The City Engineer/engineering firm ("Engineer") will provide engineering services to the City of Guadalupe including design, management, inspection, and administration of public facility capital improvement projects as well as development review. All services can be provided directly or may be subcontracted out with appropriate supervision. All services will be provided on an as-needed basis. The flow of work will vary over time.

As funds are available, Engineer shall be responsible for translating the capital improvements called for City master plans. Engineer will be responsible for being familiar with state and federal funding opportunities and to work internally or with a subcontractor to prepare grant and loan application packages.

Development Review

Engineer will be responsible for engineering review of development projects. This requires coordination with project applicants and with other City departments – public works, planning, water, wastewater, etc. Such coordination often takes place through an internal development review committee process. Development review often also requires coordination with other public agencies – APCD, RWQCB, CalTrans, SBCAG, etc.

Engineer will recommend conditions of approval as appropriate for each development project. If record maps such as parcel maps or tract maps are submitted to the City, Engineer will provide technical review, sign, and seal the certification statements on the record maps. The County surveyor will provide record map checking services.

Representing the City

Engineer will represent the City at each meeting of the SBCAG Technical Advisory Committee. This committee meets monthly in various locations. In addition, Engineer may be called on to represent the City at other countywide or regional meetings.

Attendance at Council Meetings

The City Council of Guadalupe meets on the second and fourth Tuesday of every month at 6:00 pm. Engineer will be required to attend those meetings to present any projects the Engineer is working on which require City Council approval – for instance, construction contracts requiring approval, development review projects with significant engineering input, etc. The City of Guadalupe does not have a Planning Commission or any other advisory body. All planning approvals, architectural design approvals, and other program and project approvals rest solely with City Council.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of December 12, 2023

Todd Bodem

Prepared by:

Todd Bodem, City Administrator

SUBJECT: Consider entering into an agreement with Mr. Larry Appel, Integrity Planning, for

independent contractor planning services.

RECOMMENDATION:

It is recommended the Council adopt Resolution No. 2023-98 authorizing the City to enter a one-year Agreement for Planning Services with Mr. Larry Appel, Integrity Planning commencing on January 1, 2024.

BACKGROUND:

In December 2017 the City entered into a "temporary" agreement with Mr. Larry Appel, Integrity Planning to provide independent contractor planning services to the City. In this initial agreement there was no set term, no references to insurance requirements and no detailed scope of the services provided. The initial hourly rate proposed was \$85.00.

On April 23, 2019, the City Council approved a new agreement for a one-year term with a negotiated hourly rate increase from \$85.00 to \$95.00 per hour using the City's standard professional services agreement. On March 24, 2020, the City Council approved a new agreement for a one-year term with a negotiated hourly rate increase from \$95.00 to \$105.00 effective as of April 24, 2020 through April 23, 2021. On April 27, 2021, the City Council approved a new agreement for a term commencing on April 24, 2021, through December 31, 2022, with a negotiated hourly rate increase from of \$115.00 per hour through April 27, 2022, and an increased hourly rate of \$120.00 per hour from April 27, 2022, through December 31, 2022, and then an increased hourly rate of \$125.00 per hour from January 1, 2023, through December 31, 2023.

On November 14, 2023, the City Council entered into an agreement with Urban Planning Concepts (UPC) to handle its planning services' needs as there were no professional planners interested in applying for the city planning position posted. City staff believe Mr. Appel will need to assist UPC in this transition. Mr. Appel has agreed to continue with some of the on-going work projects provided within the scope of work written in the agreement through the end of December 2024, or until at which time the "reigns" can be completely handed over to UPC. Mr. Appel is asking for an hourly rate increase of \$125.00 per hour to \$130.00 per hour. Because Mr. Appel will primarily be assisting UPC, City staff will see considerably fewer billable hours from Mr. Appel compared to previous years.

Attached for Council consideration is the proposed agreement with Integrity Planning (see Attachment No. 2). The proposed agreement is essentially identical to the current agreement, except for a proposed adjustment in the hourly rate from \$125.00 to \$130.00 per hour changes in the scope of services to be provided (Exhibit A to the agreement) which includes assisting in the process of turning over the day-to-day planning procedures to UPC and continuing his work on a variety of long-term projects.

In staff's opinion the adjustment is warranted. Most private planning firms would charge the City an hourly rate of between \$200.00 to \$250.00 per hour for someone with a background similar to Mr. Appel's. It will be beneficial to grant this time for UPC shadow Mr. Appel to gain full understanding of the community and project complexities.

The City can revisit this arrangement and determine its budget and planning needs during the mid-fiscal year budget review. In the meantime, staff recommends that the City Council approve the proposed agreement with Integrity Planning.

Options Available to the Council

- 1. The Council could approve the agreement as recommended;
- 2. The Council could direct that changes be made to the agreement; or
- 3. The Council could decide not to enter into the agreement.

FISCAL IMPACT:

With the increase in the hourly rate from \$125.00 to \$130.00 per hour commencing on January 1, 2024, through December 31, 2024, or earlier depending on need, there would be a modest impact to the City's General Fund. It should be noted that a significant portion of the charges for services illustrated in the contract would be offset by the planning fees the City collects. Additionally, the city collects a 35% overhead on all hours Mr. Appel bills when working on reimbursable projects (applicant-paid projects).

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GUADALUPE AUTHORIZING THE CITY TO ENTER INTO AN AGREEMENT WITH LARRY APPEL (INTEGRITY PLANNING) FOR INDEPENDENT CONTRACTOR PLANNING SERVICES

WHEREAS, Mr. Larry Appel, Integrity Planning has served as the City's contract Planning Director since December 2017, and has provided quality planning services since that time; and

WHEREAS, Mr. Appel informed the City Administrator that he intends to fully retire as a contract planner in the near future and while he is willing to continue working for up to another year or so, he wants to reduce the number of hours he works on behalf of the City, and therefore, he worked with the City Administrator to develop a plan for the provision of future planning services for the City consisting of the hiring of an associate planner who would provide day-to-day planning with occasional assistance on larger projects from hired consultants on an as needed basis; and

WHEREAS, an associate planner position was posted, and no qualified applicants applied, requiring the City to develop a new plan for the provision of planning services; and

WHEREAS, on November 14, 2023, the City Council entered into an agreement with Urban Planning Concepts (UPC) to handle its planning services' needs for the foreseeable future, but City staff believes Mr. Appel will need to assist UPC in this transition; and

WHEREAS, Mr. Appel has agreed to continue with some of the on-going work projects provided within the scope of work written in his current agreement through the end of December 2024, or until at which time the "reigns" can be completely handed over to UPC; and

WHEREAS, Mr. Appel's current agreement expires as of December 31, 2023; and

WHEREAS, the City of Guadalupe needs to continue its professional planning services with Integrity Planning (Mr. Larry Appel) and turn over the day-to-day planning to Urban Planning services (UPC), after they are fully up to speed, while still allowing Mr. Appel to complete some complicated unfinished projects; and

\WHEREAS the City desires to continue to retain Mr. Appel of Integrity Planning to provide said services with a new agreement commencing January 1, 2024, through December 31, 2024; and

WHEREAS, the City of Guadalupe has negotiated a contract with Mr. Appel/Integrity Planning that incorporates a scope of work and an hourly rate adjustment from \$125.00 to \$130.00 commencing on January 1, 2024 through December 31, 2024.

In consideration of the mutual covenants and conditions set forth herein, the parties agree as follows:

- Section 1. <u>Term of Agreement</u>. The invoice shall detail charges by the following categories: labor (Administration, ministerial, and discretionary review). City shall independently review each invoice submitted by Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement and Scope of Services. In the event that no charges or expenses are disputed, the invoice shall be approved and paid according to the terms set forth in subsection (c). In the event City disputes any charges or expenses, City shall return the original invoice to Consultant with specific items in dispute identified for

correction and re-submission. All undisputed charges shall be paid in accordance with this Agreement and Scope of Services.

- (c) Except as to any charges for work performed or expenses incurred by Consultant, which are disputed by City, City will cause Consultant to be paid within forty-five (45) days of receipt of Consultant's invoice.
- (d) Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.
- (e) Consultant shall have the right to suspend services if not paid in accordance with this Agreement.

Section 5. <u>Inspection and Final Acceptance</u>. City may inspect and accept or reject any of Consultant's work under this Agreement, either during performance or when completed, if the work is found to be defective or not in compliance with the defined Scope of Services. Acceptance of any of the Consultant's work by City shall not constitute a waiver of any of the provisions of this Agreement, including but not limited to, <u>Sections 15 and 16</u>, pertaining to indemnification and insurance, respectively. Consultant agrees to cooperate in any such inspection.

Section 6. Ownership of Documents. All original maps, models, designs, drawings, photographs, studies, surveys, reports, data, notes, computer files, files and other documents prepared, developed or discovered by Consultant in the course of providing any services pursuant to this Agreement shall become the sole property of City and may be used, reused or otherwise disposed of by City without the permission of the Consultant. Reuse of any materials outside the scope of this Agreement shall be at the sole risk of the City.

Section 7. <u>Consultant's Books and Records</u>.

Any and all such documents or records shall be maintained for three (3) years from the date of execution of this Agreement and to the extent required by laws relating to the audits of public agencies and their expenditures, unless all documents and records are turned over to the City at the conclusion of the Agreement.

Copies of such documents or records shall be provided directly to the City for inspection, audit and copying when it is practical to do so; otherwise, unless an alternative is mutually agreed upon, such documents and records shall be made available at Consultant's address indicated for receipt of notices in this Agreement. The City shall compensate the Consultant for all costs associated with providing these materials to the City.
- (c) Where City has reason to believe that any of the documents or records required to be maintained pursuant to this section may be lost or destroyed due to dissolution or termination of Consultant's business, City may, by written request, require that custody of such documents or records be given to the requesting party and that such documents and records be maintained by the requesting party. Access to such documents and records shall be granted to City, as well as to its successors-in-interest and authorized representatives.

Section 8. Status of Consultant.

In recognition of that interest, Consultant shall not assign or transfer this Agreement or any portion of this Agreement or the performance of any of Consultant's duties or obligations under this Agreement without the prior written consent of the City Council. Any attempted assignment shall be ineffective, null and void, and shall constitute a material breach of this Agreement, entitling City to any and all remedies at law or in equity, including summary termination of this Agreement. City acknowledges, however, that Consultant, in the performance of its duties pursuant to this Agreement, may utilize sub consultants.

Section 18. Termination of Agreement.

In the event litigation or other proceeding is required to enforce or interpret any provision of this Agreement, the prevailing party in such litigation or other proceeding shall be entitled to any award of reasonable attorney's fees, costs and expenses, in addition to any other relief to which it may be entitled.

Section 29. <u>Entire Agreement</u>. This Agreement, including the attached exhibits, is the entire, complete, final and exclusive expression of the parties with respect to the matters addressed therein and supersedes all other agreements or understandings, whether oral or written, or entered into between Consultant and City prior to the execution of this Agreement. EXHIBIT A – Scope of Services

Integrity will assist in turning over the day-to-day planning procedures to Urban Planning Concepts (UPC) until they can fully take over the building and planning department. Integrity Planning plans to continue to work on the following general topics:

2042 General Plan Implementation

- 1. Land Use (4 programs) Consistency Rezone (Program 1.1.3 completed)
- 2. Circulation (10 programs)
- 3. Environmental Justice (3 programs)
- 4. Conservation & Open Space (4 programs)
- 5. Economic (5 programs)
- 6. Community Design and Historic Preservation (6 programs)
- 7. Air Quality & Safety (7 programs)
- 8. Public Facilities (3 programs)
- 9. Noise (1 policy)

Zoning Ordinance Update

The zoning ordinance was originally adopted in 1980. While there have been a few sections that have been updated since Mr. Appel started working for the city, there are many sections that still require updates.

Procedural Manual

There are no written procedures for the city staff to utilize when processing ministerial and discretionary permits in the city and Mr. Appel will prepare this manual that will be used by the UPC and subsequent planners.

<u>Annual HCD Housing Report (Annual Progress Report)</u>

Each year the city is required to prepare a report that identifies all housing units that receive discretionary and ministerial approvals, building permits issued, and occupancy clearances. Mr. Appel have been doing it for the last four years, so it would make sense for him to continue preparing this report.

Sign Ordinance Implementation

The ordinance was approved and went into effect in early 2022, but to this date, Mr. Appel has not had direction from management or council to begin the enforcement process for signs that are now illegal. In particular, the sandwich board signs, and the bow-feather signs need to be removed. Mr. Appel will with Code Enforcement to implement a program.

"How To" Counter/Web Handouts

A picture is worth a thousand words. That's why I think it is important to prepare several handouts that explain how to obtain permits or to draw a site plan.

In general, the Consultant will not exceed 30 hours per month, unless working on a discretionary project (applicant reimbursable).

Exhibit B – Compensation

Integrity Planning (Mr. Larry Appel) shall be compensated at the rate of One Hundred Thirty (\$130.00) Dollars per hour from January 1, 2024 through December 31, 2024.

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of December 12, 2023

Todd Bodem	

Prepared by:

Todd Bodem, City Administrator

SUBJECT: Adoption of Cost-of-Living Adjustment (COLA) for Unrepresented City Employees.

RECOMMENDATION:

It is recommended the City Council adopt attached Resolution No. 2023-99 approving a Cost-of-Living Adjustment (COLA) commensurate with the SEIU COLA Increase Schedule of 5.0% over the pay ranges in effect on June 30, 2023. Effective July 1, 2024, salaries/wages for SEIU positions shall be increased by 5% over the pay ranges in effect on June 30, 2023, for unrepresented City employees.

DISCUSSION:

Five City employees are not represented by any of the three recognized labor associations. These employees are the Police Lieutenant, Recreation Services Manager, Public Works Director, the Finance Director, and the Human Resources Manager (the City Administrator and the Director of Public Safety have employment contracts negotiated and approved by the City Council and are therefore not part of the unrepresented group). As such, this unrepresented group has no established collective bargaining unit to negotiate a MOU or other regularly negotiated labor contract. The basic terms of employment for unrepresented (and represented) employees are outlined in the City's Personnel Rules. Because of this, the City Council has the authority to determine their salary and change them when desirable or necessary. Historically, the City Council has granted unrepresented employees the same wages and benefits negotiated by the City with the SEIU organization.

The City Council will consider approving a new Memorandum of Understanding (MOU) with SEIU at its meeting on December 12, 2023, which includes COLA adjustments to the SEIU group. Under Article 8. WAGES in the proposed 2023-2025 SEIU MOU, it states the following:

A. Effective retroactive to July 1, 2023, salaries/wages for SEIU positions shall be increased by 5% over the pay ranges in effect on June 30, 2023. Effective July 1, 2024, salaries/wages for SEIU positions shall be increased by 5% over the pay ranges in effect on June 30, 2023.

Assuming that the City Council approves the new MOU with SEIU, it is the City Administrator's recommendation to allow the same COLA commensurate with the SEIU COLA increases for unrepresented employees. Thus, effective retroactively, the salaries of the four unrepresented employees will be increased by 5%, and effective July 1, 2024, salaries/wages for unrepresented City employees shall be increased by another 5%.

ATTACHMENTS:

1. Resolution No. 2023-99

RESOLUTION NO. 2023-99

A RESOLUTION OF THE CITY COUNCIL OF THE CITY GUADALUPE ADOPTING A COST OF LIVING ADJUSTMENT FOR UNREPRESENTED CITY EMPLOYEES

WHEREAS, unrepresented City employees are not recognized by any of the three labor associations; and

WHEREAS, the City of Guadalupe and SEIU are signatories to a 2023-2025 Memorandum of Understanding (MOU); and

WHEREAS, the MOU between the City and SEIU included an effective retroactive COLA to July 1, 2023, salaries/wages for SEIU positions increase of 5% over the ranges in effect on June 30, 2023, and effective July 1, 2024, salaries/wages for SEIU positions increase of 5% over the pay ranges in effect on June 30, 2023; and

WHEREAS, historically, the COLA granted by the City Council to its unrepresented employees have paralleled the wages and benefits negotiated by the City with the SEIU organization; and

WHEREAS, Resolution No. 2013-48 established wages and benefits for designated unrepresented employees further stating that in no case may a progression in salary range exceed 5% in 12 calendar months without the express consent of City Council.

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Guadalupe as follows:

- **SECTION 1.** The City Council hereby approves the City Administrator's recommendation of a COLA increase for unrepresented City employees commensurate to the increases to salaries/wages of SEIU positions pursuant to the approved MOU between the City and SEIU for 2023-2025, and therefore, the unrepresented City employees will receive a 5% increase in their respective salaries in effect on June 30, 2023, retroactive to July 1, 2023, and will receive a 5% increase in their salaries effective on July 1, 2024.
- **SECTION 2.** If any provision or any part of a provision of this resolution shall be finally determined to be invalid, illegal, or otherwise unenforceable, such determination shall not impair or otherwise affect the validity, legality or enforceability of the remaining provisions or parts of provisions of this resolution, which shall remain in full force and effect as if the unenforceable provision or part were deleted.
- **SECTION 3.** The City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.

CITY ADMINISTRATOR'S REPORT

December 12, 2023

(Information below may be subject to change)

1. Hwy 1/166 Consolidated Project

Now that the Hwy 166 project consolidation effort is executed, Meg Henry, Caltrans District 5 Project Manager, will follow up with the City for scheduling of a Caltrans public meeting in Guadalupe to provide information about the nearby Caltrans project to members of the community, most likely dates in late January.

2. Groundbreaking Ceremony for new Guadalupe Jr. High School and Early Learning Center

Wednesday, December 20, 2023 At 10 a.m. 375 Arroyo Seco Road (Pasadera)

3. Joanne Britton-Holland, Librarian III, Guadalupe Branch Manager

On December 4th, the City Administrator had a discussion with Joanne Britton-Holland, Librarian III, about the concern Michael Rocklin had with the minor children at the Gudalupe Branch Library. Joanne told me that she talked to Mike and sent him a letter thanking him for his support of the City of Santa Maria Public Library and branches. She mentioned to him that the libraries are open to all members of the community for reading, borrowing materials, using computers, and a variety of programming. They welcome all community members to use the facilities within the bounds of the rules of conduct.

She said to him that it was brought to their attention that Mike has been questioning minor children at the library who are using public computers to play games at the Guadalupe Library. Specifically, he recently asked a student personal question about his school status and whether the game he was playing was related to his curriculum. Joanne asked that he refrain from engaging other patrons, particularly minors, regarding their personal use of Library resources. If another patron is in violation of the rules of conduct, he should please report the issue to staff, who will address the issue.

Joanne also understands his desire to encourage reading and chess playing among library users and that if he is interested, he in volunteering for potential library-led activities such as chess, he should complete the library's application for volunteer service.

4. Dunes/River – County Public Works Update

On the eve of November 29, 2023, during the Transportation Committee meeting, The City Administrator asked Cory Bantilan of Santa Barbara County for an update on the river project. Cory stated that their project to remove sediment, vegetation, and other debris is mostly

complete. They still have mitigation measures to finish which includes planting willows on the sand berm which will hopefully root and help prevent erosion. They realize that eventually a big enough storm will come through and breach the berm in one or more places, so they are working on a longer-term fix. Their Public Works team has publicly said the current berm will only handle 5,000 cubic feet per second, but they believe it will do quite a bit more than that. The real number is anyone's guess and largely depends on how long flows are sustained, which is why they don't want to give a number higher than 5,000.

The County Public Works Department is going to reach out to the City because while they can help, they want the City to take the lead on that. Ideally, this would include applying for state funding (primarily CalOES and/or DWR) for a project including HESCO baskets to be placed behind the existing sand berm. This would be a multi-million-dollar project just to protect city assets, and likely into 8 figures if it were to go all the way to the dunes park entrance. This would be a middle ground between a levee which they know we will not get, and the current sand berm which we know will eventually fail.

As for the road, sections 1 and 2 have been completed. Section 1 is at the entrance gate and section 2 is between the gate and the sand plant. Eventually the plan is to bring section 1 back up to grade level, but that may never come to fruition and depends on a few things including a more permanent fix to the river. Similarly, section 2 has not been paved because they were worried about further washouts. It is still passable by all forms of transportation and is expected to be paved later.

Section 3 is a washout between the sand plant and the beach. Construction starts this month and is expected to take approximately 2 months to complete, but that timeline is largely weather dependent. This area washed out ~12 years prior and was moved 100+ feet. This time they cannot move the road as far as they would like due to environmental constraints in the dunes, so this section will continue to be an issue in the future. They have started to brainstorm potential solutions which could include hardening of the cliff area, but as of now nothing has been decided. They originally hoped to make this area part of the river alignment project, but the estuary with standing water began to the east, preventing any access or work due to environmental constraints. The Parks department has a couple of weeks of work to do as well, but they should be able to access it before road work is completed, minimizing further impact on the schedule. As of now, they are hoping for the road and park will be open to the public in March, 2024.

5. <u>Senior Center Freezer</u>

As many of you know, the senior center built-in freezer is very large. Now that AAA is providing the daily meals, there is no longer a need for such a larger freezer. To save a significant amount of energy cost, it makes sense to shut it down unless it is needed for large freezes. However, there is a need for a smaller freezer, so Eddie Schubert, Maintenance Lead will obtain quotes to purchase a commercial grade freezer. Source of revenue, CDBG funds.

6. Kiwanis Christmas Parade 2023

The Kiwanis parade scheduled for **Saturday; December 9**th (6 pm) will take place on Guadalupe Street.

7. Urban Greening Grant Jack O'Connell Park – Letters of Support

A few updates on the Urban Greening grant. Recreation and Parks Commission Member Emily Dreiling connected with Assembly Member Hart and Senator Limon's offices. She sent them the proposal for the Urban Greening grant and a letter requesting support for the project. Both offices have offered letters of support. Emily will follow up with both to check the status and obtain a copy of the letter of support if they are willing to share it.

8. Interest Earned - Just another update ©

9. <u>Local Non – Profits, Presentations to Council</u>

The City Administrator will start scheduling local nonprofits/other to regularly attend and present updates to the City Council, forward...more to come.

10. LSR Expenditure Report Due Dec. 1st

With the absence of the PW Director, city staff are pushed to complete reports and were able to submit last minute our FY 2022-23 Expenditure Report in CalSMART for the Local Streets and Roads Funding Program.

11. City of Guadalupe Property Site Visit JPIA

City staff met with the California JPIA, the City's insurance provider, to complete its annual property appraisals for its member agencies.

Appraisals assist with developing an accurate property schedule, supportable replacement costs, and the applicable underwriting data for our properties. An agency property schedule was provided to staff. City staff has assessed it for any changes that need to be made. The appraiser, Sonny Sandmeyer, visited all locations valued at \$1 million and above. Sonny was available and began the site visits **Thursday, December 14th at 11 a.m**.

The City Administrator designated Eddie Schubert, Facility Lead as the liaison met with the appraiser and accompanied him to the location(s). The appraiser needed someone to provide access to certain areas of the building(s).

After arriving on-site, the appraiser conducted a kickoff meeting that lasted 15-20 minutes. The appraiser reviewed the property schedule and answered all questions.

Staff worked to provide them with accurate gross square footage numbers using member information, blueprints, or measuring on-site. Providing square footage numbers or blueprints for our larger buildings assists in the process, but they also measured on-site as needed to ensure that all facilities have verified square footage.

The site visits included a limited walk-through of each location to gather necessary data. Below are examples of data the appraiser that was collected while on-site:

- Building area (gross square footage), building perimeter, GPS coordinates (latitude/longitude)
- Building name, address, digital photos
- Building construction class (ISO) (%), gross square footage, basement square footage, number of stories
- Occupancy (%), year built
- Roofing materials (%), roof geometry, exterior wall type (%)
- Building services (%), elevators (#), automatic fire alarms (%), manual fire alarms (%)
- Sprinkler fire protection (%), security alarms (%)
- Additions/renovations (year)

12. City Hall Roof Leaks

The City received two bids and is waiting for another for the roof repair. The City has allocated **\$238,675** in <u>ARPA funds</u> assigned for roof repairs. More come on that project.

13. Guadalupe ROPS Approval by Successor Agency Board – Timing

The city executive management team are working with Joy Otsuki about the timing for approval of the Guadalupe Successor Agency's Recognized Obligation Payment Schedule (ROPS) 24-25.

Finance Director, Janice Davis (working with Cheryl Murase, ROPS expert) will not have the ROPS completed by December 12 but ready for the first meeting in January. Joy will prepare and submit the Santa Barbara Countywide Oversight Board (COB) materials for the COB approval of the ROPS 24-25, the 24-25 administrative budget and the transfer of **Al's Union** to the City.

The Successor Agency Board/City Council must approve the ROPS prior to the COB meeting on January 17, 2024.

14. Pasadera Bridges – Obispo Street and Arroyo Seco Road – CPUC Application

A new application was submitted on November 29, 2023, to the California Public Utilities Commission (CPUC), for the two bridge projects in Pasadera. The City and the Developer are now on a waiting pattern until we hear back from CPUC Staff. The City Administrator in unison with Pasadera's Engineer is the applicant.

CPUC processing time could take six (6) or even more months but since this is the second try at submitting a complete package to them, the City Administrator and Pasadera folks think/hope they may give this project some level of priority (after the holidays, granted).

15. Free Youth Event in Guadalupe – Fighting Back Santa Maria Valley

Ms. Gina Cortez, with Fighting Back Santa Maria Valley, is a non-profit organization in Santa Maria and they have previously worked together with the Mayor and City Council to successfully pass the flavor ban in Guadalupe.

Their coalition meets monthly to address community needs such as decreasing underage/excessive drinking, decreasing the use of marijuana in youth and opioid misuse. An

area of focus that has been identified is a lack of activities for youth in our community. They are in the early stages of planning youth events in Santa Maria and would also like to plan an event in Guadalupe to provide an opportunity for the students to attend in their hometown.

They have very limited funding available for the events and are looking for a location to host the event. Councilmember Christina Hernandez was present during their last meeting and suggested that they set up a meeting to present to City Council and share what their plan and goals would be.

The City Administrator contacted Ms. Cortez; she is going to schedule a time to meet with the Council at a near future City Council meeting.

16. Measure A Cycle 4 Grant – Preapplication Due December 15

City staff received the **attachment 1** information about the Measure A Cycle 4 North County Safe Routes to School, Bicycle and Pedestrian Program grant. The City will partner with the School District to apply. Since the School and the City both use Townsend Public Affairs for assistance, this will be a shared application.

This may be an opportunity to secure funding for the sidewalk around the Guadalupe Junior High and Guadalupe Early Learning Center projects in the Pasadera area. Other safe route options are available as well.

We are on a tight deadline to complete the application. Pre-applications are due to Santa Barbara County on **December 15, 2023.**

Townsend will dive into the guidelines and put together a checklist. Turns out the guidelines are very short, as is the pre-application form (1 page).

Townsends need to know:

- Project category (Planning/Project Development/Construction/Education Program or Awareness Campaign/Maintenance)
- Project Scope and Location (approximate length of sidewalk, cross streets, etc.)
- Total Amount Being Requested, and if the City has any matching funds (not required)

17. 3CE Update to Member Agency

Here is what you will find in 3CE **Attachment #2** to this report:

- Highlights
- Affordable & Competitive Rates
- Community Investment
- Community Outreach
- Clean & Renewable Energy
- Working Groups
- Next Quarterly Member Agency Meeting

18. Townsend Monthly Grants Memo (December)

In **attachment 3**, please find this month's grants memo for the city. There are quite a few public safety funding opportunities that are either open now or coming online in January – Assistance to Firefighters Grant, Office of Traffic Safety Grants, Firehouse Subs, and the CHP's Cannabis Tax Fund Grant Program. Chief is following up on it.

19. Black Road/Hwy 166

SBCAG will provide the city with a presentation to the City Council about the status of the Black Road and Highway 166 project at the **January 23, 2024,** City Council meeting.

20. Budget for Guadalupe 6th Cycle Housing Element

The State Department of Housing and Community Development (HCD) appears to be reacting to the acute housing shortage and worsening affordability problems in the State of California with a rather high-handed approach to certification of housing elements. Despite our efforts in adhering to the latest guidelines and expanded requirements for the 6th Cycle Housing Element, HCD is asking for much more additional explanation and documentation.

This is a formal request to modify the original agreement with the additional cost involved with addressing the plethora of additional work that HCD has generated. The next page shows the remaining tasks with corresponding estimates of effort. Overall, we estimate approximately \$10,000 of additional increase in cost, which is a 15% increase over the original, relatively modest budget for the project. City staff will find funds for this.

21. Invitation to Master Plan for Aging Advisory Committee

Council member Christina Hernandez shared **Attachment 4** showing that Santa Barbara County has new funding to develop a local Master Plan for Aging under the leadership of the Adult and Aging Network in partnership with the Independent Living Resource Center. The success of this project will require deep, cross-sector collaboration and an Advisory Committee that represents the many different perspectives on aging and abilities that exist throughout the county. As a leader with expertise and knowledge about local government this group is asking for a valued advisor and City Council representative. They invite you to join the Advisory Committee to guide the development of the Santa Barbara County Master Plan for Aging.

Is there a city council member interested in taking part in this?

3CE Update to Member Agency staff

Hello, 3CE Member Agency staff -

It has been an action-packed first few months of our fiscal year at Central Coast Community Energy (3CE). Staff is busy winding up the calendar year and planning for the year to come. Here is a summary of what we have been up to on behalf of our customers, Member Agencies, and the communities we serve.

Here is what you will find in this email update.

Highlights

In September, KION-TV / Telemundo 23 interviewed 3CE Customer Accounts Manager Fernanda Ocaña for a special report on "The Challenges of the Hispanic Community to Obtain Electric Vehicles" that aired on the Spanish-language CBS news affiliate KION-TV. Ocaña spoke about the agency's success in funding vehicle electrification in our communities and highlighted the opportunity for all 3CE customers to apply to incentive programs like Electrify Your Ride. The report emphasized that customers are encouraged to apply regardless of their income; 3CE's Energy Programs offer larger rebates for income-eligible applicants. Watch the full story here Reportage Especial: Los retos de la comunidad Hispana para obtener vehículos eléctricos. - YouTube

Also in September, 3CE introduced **3Cprime Certified** for Member Agencies and commercial customers who participate in our 100% renewable 3Cprime service. Participants receive a certificate showcasing the amount of energy delivered by 3CE during the calendar year and an annual report that offers comprehensive insights into our power supply and power purchase agreements. This exclusive new certification provides transparency and accountability, ensuring that the renewable energy associated with the service is backed by verification independent of the agency.

3CE continues to advocate for the expansion of the **Agricultural Flexible Irrigation Technology** (AgFIT) pilot program which provides farmers with scheduling software to better manage energy costs associated with irrigation. Fellow CCA Valley Clean Energy (VCA) ran a successful small pilot AgFIT program beginning in 2022 and found they were able to help two growers shift approximately 40% of their energy use away from peak hours. With AgFIT software, energy prices are visible a week in advance and growers have the opportunity to shift load to when clean renewable energy sources are powering the grid at lower cost. 3CE has filed comments to the **CPUC Demand Flex Proceeding** in support of expanding the current pilot to all CCAs within PG&E's service area.

3CE hosted our first annual Supplier Diversity Webinar, "Unlocking Business Opportunities through Supplier Clearinghouse Certification and 3CE's Vendor Registry." Topics included 3CE's commercial Energy Programs, how to register as a local vendor, and how to become Supplier Clearinghouse certified.

Policy Board Directors Bruce McPherson and Steve McShane joined 3CE staff to celebrate the ribbon cutting for **Yellow Pine Solar I**, a pseudo tied solar-plus-battery storage project in Clark County, Nevada. Yellow Pine Solar I, a subsidiary of NextEra Energy Resources, will generate up to 125 megawatts (MW) of clean, renewable electricity and has a 65 MW storage capacity, enough to power more than 37,500 homes annually.

3CE's CEO Shaw and CCO Stedman attended the "Building it Right" workshop hosted by CCPower. The seminar was moderated by Sonoma Clean Power's CEO, Geof Syphers, and attended by many CCAs, regulatory agencies, developers, labor organizations, and environmental justice advocates. 3CE's <u>Project Selection Criteria</u> was highlighted by several speakers as a gold standard model.

Affordable & Competitive Rates

3CE Policy Board approved a stepped rate adjustment for the PG&E territory effective October 1, and January 1, 2024. 3CE hosted webinars regarding **Annual Rate and Programs Update** in both English and Spanish.

Separately, the CPUC approved a PG&E rate increase of nearly 13% for costs associated with electric and gas transmission, distribution, and storage. The increase will begin January 2024. PGE has said the rate increase will pay for safety improvements to underground and overhead power lines and pipes as well as grid improvements to support more electric vehicles. This will impact all customers through higher PG&E Transmission and Distribution rates, amounting to an estimated \$30-35 more per month for average residential customers.

3CE is independent from PG&E and this rate case is unrelated to the costs incurred by 3CE to procure electricity. 3CE customers are currently receiving an average savings of 23-36% over PG&E's generation rates, but electricity is still delivered through PG&E's wires. So, while we are doing everything we can to keep rates down, PG&E's need to invest in its distribution system is causing costs to increase for everyone.

Southern California Edison also increased its electric generation rates by approximately 1% on Oct. 1, 2023. Effective Nov. 1, 3CE rates for SCE customers were adjusted to maintain the Board approved 2% discount to the SCE rates under the IOU-minus methodology.

Staff selected **NewGen Strategies & Solutions**, LLC to assist in building a territory-wide rate study based on the cost to serve customers. This will decouple rates from SCE and allow 3CE to deliver true cost-of-service rates in our SCE territory as we do currently in our PGE territory.

3CE priced its first PPA Pre-Pay transaction. The \$647.8 million bond issuance is projected to save 3CE customers nearly 11.4% in energy costs, which translates to \$32.9 million in the cost of energy over the initial seven-year period of the bonds. The bonds received an invest-grade Aa3 rating from Moody's and a "Green Bonds" designation from Kestrel.

Community Investment

3CE committed \$348,000 in incentives for 41 Electric Vehicles under the FY **22-23 Electrify Your Fleet** program. 3CE committed \$897,000 for 142 Level 2 Charging Ports and 11 DC Fast Charging Ports under the FY 22-23 **Charge Your Fleet** program. Reservations and rebates for each of these programs are awarded on a first-come, first-served basis and a Member Agency is eligible for up to \$150,000 per program, per 3CE fiscal year. Read more here.

3CE's **Plan Your Fleet Program** for Member Agencies is entering its second year. The most recent member to leverage this program is the City of Carpinteria, which is in the final stages of planning its municipal electric fleet and EV charging project. Carpinteria participation demonstrates the city's commitment to sustainable practices and highlights the effectiveness of 3CE's Fleet programs in supporting agencies in their transition to greener alternatives. The program has the capacity to assist a couple more Member Agencies this fiscal year. Read more here

Twenty-two **Alternative Dwelling Unit (ADU) applications** were approved under 3CE's FY 22/23 New Construction Electrification Program. We are currently accepting applications for this program <u>here</u>.

3CE and the **City of Guadalupe** celebrated the latest electric bus to hit Central Coast streets thanks in part to a rebate from 3CE Energy Programs.

3CE is planning to relaunch **Electrify Your Home** the first week in December after gaining Board approval to increase the program budget in response to unprecedented demand last fiscal year.

Community Outreach

In the last three months, 3CE ...

- ... sponsored the Seaside Farmer's Market in alignment with the goal of directing more sponsorship funds to disadvantages communities. Seaside is in the 66th percentile for a disadvantage score according to CalEnviroScreen.
- ... sponsored a booth at **Oaxaca by the Sea** in Seaside connecting with both Spanish- and English-speaking attendees, local business owners, and elected officials.
- ... attend the Community Foundation for Monterey County's **Siembra Latinos celebration at Taylor Farms**, sponsored in part by 3CE, with local community leaders in attendance.
- ... sponsored booths at **SLO Electrify Your Life Expo**, the **SLO Farmers Market**, and **EV Ride & Drive** events in San Luis Obispo and Salinas as part of National Drive Electric Week.
- ... participated in a panel discussion, "How to Navigate Procurement Opportunities with Community Choice Aggregators" at the CPUC's Small and Diverse Business Expo.
- ... participated in the Atascadero Chamber of Commerce's Annual Business Walk, going door-to-door asking employees, managers, and owners to take a four-question survey. The event provided insight into the needs of the local business community and allowed staff to introduce 3CE to Atascadero businesses in anticipation of the city's January 1, 2025, enrollment.
- ... presented to a class of Cal Poly City Planning graduate class to explain Community Choice Aggregation and discuss careers supporting the clean energy transition.
- ... sponsored a table at the NORCAL Multifamily Forum with Frontier Energy and the Sacramento Municipal Utility District to promote electrification.
- ... facilitated site visits with Frontier Energy to provide technical assistance to key accounts considering DCFC solutions under 3CE's Concierge Service.
- ... represented 3CE at the REACH Regional Roundtable in Santa Maria and the Santa Barbara County Regional Climate Collaborative meeting.

Clean & Renewable Energy

3CE entered into a power purchase agreement (PPA) with **San Luis West Solar plus Storage**, a 62.5 MW Solar + 15.6 MW battery facility in Fresno County, which will meet about 3% of 3CE's demand. This project was threatened by market upheaval over the last several years. The approved amendment allows 3CE to secure a project with established interconnection and stabilize energy costs by avoiding higher spot market costs.

3CE entered in to a 15-year PPA with SunZia Wind that will serve about 11% of 3CE's demand. Pattern Energy Group, the project developer, announced that the wind farm and its associated SunZia Transmission infrastructure constitute the largest clean-energy project in U.S. history, generating and transmitting more than 3,500 MW of renewable electricity from New Mexico into Arizona, Nevada, and California, accelerating the U.S.' clean-energy goals.

Working Groups

The first **Building Electrification Working Group** meeting of FY23/24 featured a presentation from the City of San Luis Obispo on their innovative **New Buildings Reach Code** developed with support of 3CE through the Reach Code program. Since that meeting, the City of Goleta has engaged program staff to explore the development of an **EV reach code** that exceeds the California Green Building Standards Code. <u>More information</u> here.

The Transportation Electrification Working Group is on hiatus until early next year.

Next Quarterly Member Agency Meeting

The next Quarterly Member Agency Meeting is planned to be held **Wednesday, January 17** at **11:00**.

Save the date!

3CE offices will be closed December 23-January 1.

MEMORANDUM

To: Todd Bodem, City Administrator, City of Guadalupe

From: Cori Takkinen, Vice President, Townsend Public Affairs, Inc.

Alex Gibbs, Grants Manager, Townsend Public Affairs, Inc. Christine Rose, Senior Associate, Townsend Public Affairs, Inc.

Date: December 1, 2023

Subject: Grants and Funding Monthly Report

Overview

The purpose of this memo is to provide a monthly outline of upcoming funding opportunities and grant programs that could potentially meet the City's funding needs in the near future. This memo is not a comprehensive list of all grants that are currently available, but ones that you may be able to submit competitive applications for relevant priority projects.

Future Opportunities

November saw yet another lull in tangible Legislative action, as the State Senate and Assembly remain on interim recess until January. However, in perhaps the most significant set of actions since the Governor's bill signings and vetoes, Assembly Speaker Robert Rivas announced a number of changes to Assembly Committee Chair positions as well as a number of changes to Assembly Leadership. Most notably, Assembly Member Phil Ting (D, San Francisco) has been replaced as Assembly Budget Chair by Assembly Member Jesse Gabriel (D, Encino) of Southern California. Also significant, Assembly Member Isaac Bryan (D, Los Angeles) was removed from his role as Majority Leader and assigned the Committee Chairmanship of the Natural Resources Committee. He has been replaced by former Assembly Speaker Pro-Tem, Cecelia Aguiar Curry (D, Winters). The significant shift in leadership, especially in the Budget Committee, will result in an infusion of new ideas and priorities on where the State spends its money, at what level existing and new grant programs are funded, and which entities are eligible to access and compete for State funding pots.

Santa Barbara County Master Plan for Aging Advisory Committee Expectations

Expectations of Advisory Committee Members

The role of the committee member is to provide expertise in their areas of strength, assist with connections to a wide variety of sectors of the community, and be an ambassador for the local Master Plan for Aging (MPA). The committee will guide the work of the plan including:

- Create and implement a communication plan
- Map current initiatives, grants, funding and resources that align with the MPA
- Review and solicit a local community for enrollment in the AARP Network of Age-Friendly States and Communities
- Organize and support community outreach and assessment activities, to include listening sessions, focus groups and surveys with a focus on lifting up voices of under-represented groups
- Review data, select goals and recommend priority initiatives for the local plan
- Review and approve the plan prior to submission to California Department of Aging by March 31, 2025

Attendance is expected at monthly committee meetings via Zoom, from December 2023 through March 2025. We appreciate that your time is valuable and we commit to being punctual.

Background of the Master Plan for Aging

The Master Plan for Aging was introduced by the California Department of Aging in 2021. It includes Five Bold Goals along with hundreds of supporting strategies and initiatives, representing a 9.5 billion dollar investment. The Five Bold Goals are:

- Housing for All Stages and Ages
- Health Reimagined
- Inclusion and Equity, Not Isolation
- Caregiving That Works
- Affording Aging

The Santa Barbara County Adult and Aging Network, Independent Living Resource Center and Caring Together Santa Barbara County have done preliminary work on these goals. Now, as one of the first 15 counties to receive state funding for a local MPA, the collaboration aims to create a long-lasting plan to guide Santa Barbara County through this important demographic shift as an aging society.

BENEFITS

CalPERS' open enrollment for health insurance changes was from September 18th through October 13th. All employees were sent the new premium rates for the various health plans our employees are eligible to use. There are four (4) different employee premium rates for the four (4) employee groups: Fire, Police, SEIU and Unrepresented Employees. Incorrect premium

HR Monthly Report – October 11 through November 2023 Page 2 of 3

rates for nine (9) employees in one employee group was discovered in mid-November, after the open enrollment period had ended. A recalculation of the premiums was made and each employee was met with to discuss the error and the potential outcome. For one employee, the incorrect premium rate showed \$200 per month less than the actual rate.

A request was made to CalPERS to allow anyone in the affected employee group to make any changes, such as change health plans, add/delete dependents, etc. CalPERS requested specific information on the issue which was provided via email. HR's initial request was made on November 10th. CalPERS approved the exception, and HR received confirmation via email on November 30th.

LABOR RELATIONS

With the City Council's approval of the POA MOU at the October 24th meeting, a recalculation of health premiums and salary adjustments for a \$5 per hour COLA, were completed retroactive to August 19, 2023 for the 12/01/23 payday. (The MOU term is August 19, 2023 through June 30, 2024.)

Participated in last two (2) negotiation meetings with SEIU. The City's 6th counterproposal was brought to its membership for a vote on November 21st. It was unanimously approved. HR completed all updated language for the MOU, which was reviewed by the City Attorney and SEIU union representative. The MOU has a term of July 1, 2023 through June 30, 2025. If approved by the City Council in its December 12th meeting, salary adjustments retroactive to July 1, 2023 will be prepared for the 17 SEIU employees for payout on the December 29th payday. It was agreed between the City and the Union that another item, Standby Pay, which will also be retroactive July 1 2023, has been deferred to January 2024 for completion due to extensive research going back six (6) months.

WORKERS COMPENSATION

Updated the status of two (2) long-term claims with our carrier. One claim is nearing completion with the employee having had a Qualified Medical Examination (QME) in October with the results recently received. A QME evaluation is typically done when it appears that any ongoing treatment for the injury/condition may not provide further recovery. Continued monitoring is occurring on the other claim.

MISCELLANEOUS

Revised Recreation Services Manager job description.

HR Monthly Report – October 11 through November 2023 Page 3 of 3

REPORT TO THE CITY COUNCIL OF THE CITY OF GUADALUPE Agenda of December 12, 2023

Todd Bodem

Prepared by:

Larry Appel, Contract Planning Director

Approved by:

Todd Bodem, City Administrator

SUBJECT: Public Hearing to consider amendments to the Accessory Dwelling Unit (ADU)

Ordinance (Chapter 18.53).

EXECUTIVE SUMMARY:

In 2018 and 2019, and more recently in 2022, staff updated the accessory dwelling unit (ADU) chapter of the Guadalupe Municipal Code (Chapter 18.53). Since the most recent amendment to the City's ordinance, there have been further amendments to the State regulations requiring additional revisions to the City's local ordinance. The attached Ordinance No. 2023-513 has incorporated the necessary amendments into this most recent version of our ADU program.

RECOMMENDATION:

It is recommended that the City Council:

- 1) Receive a presentation from staff; and
- Conduct a public hearing and a) approve a Notice of Exemption from CEQA for Ordinance No. 2023-513; and 2) introduce by title only and waive the first reading of Ordinance No. 2023-513 amending Chapter 18.53 of the Municipal Code; and
- 3) Continue Ordinance No. 2023-513 to January 10, 2024, for second reading and adoption.

BACKGROUND:

The state continues to pass bills that reduce local agency's ability to regulate ADUs and Junior ADUs (JADU). Staff has amended the local ordinance four times in the last six years. This current amendment relaxes height and setback requirements along with a few other changes which will be discussed below. Over 89 ADUs have been approved in Guadalupe through November of this year.

DISCUSSION:

There are a number of amendments necessary to bring the local ordinance into full compliance with the state which are discussed below:

<u>Definitions (18.53.030)</u> – A 17th definition was added for Regional Housing Needs Allocation (RHNA) identifying an ADU and/or JADU as an adequate site to meet RHNA requirements. The recently adopted 2042 General Plan identified sufficient land and densities to meet the current RHNA requirements for the 6th Cycle of the Housing Element. Any ADU units developed would exceed our minimum requirements.

<u>Design and development standards (18.53.050)</u> – The state requires that if certain parameters are met, then an ADU is approvable. The parameters include an ADU that is no more than 850 square feet, side and rear setbacks of at least four feet, and if detached, at least five feet from the primary dwelling. Any inconsistencies may be remedied through the processing of an Administrative Use Permit (Chapter 18.72, Article IV).

Another change to the ordinance is that a homeowner doesn't necessarily need to convert an existing bedroom to make up part of an attached ADU, however, to clarify, a JADU must be constructed within the walls of a new or existing single-family dwelling.

Under the Setbacks section of the City's ordinance, the proposed amended ordinance clarifies that a detached ADU must maintain at least a five feet setback from an existing or proposed single-family home.

The state statutes also allow a detached garage to be constructed for the ADU if the structure can meet local setback requirements.

The current ordinance requires a minimum of a 15x15 open space area for the residents of the ADU. However, the State law now requires local agencies to approve an 850 square foot unit even if it cannot provide the necessary open space. This is another example of the State preventing good local planning.

Existing Nonconforming (18.53.080) – If an applicant submits for an ADU that was not previously permitted, the law now prohibits a local agency from requiring the unpermitted building to be brought up to code for at least five years, unless there is a health and safety violation, as determined by the enforcement agency. If an unpermitted ADU is submitted for approval that was constructed prior to January 1, 2018, the State prohibits the denial of the unit unless the building is deemed substandard.

FISCAL IMPACT:

Minor reduction in revenues due to the state's ordinance preventing a local agency from assessing discretionary processing fees and the collection of connection fees for utilities for units under 750 square feet.

ENVIRONMENTAL REVIEW:

This ordinance has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA Guidelines, and has been found to be exempt pursuant to Public Resources Code Section 21080.17 The adoption of the ordinance approving the Zoning Code amendments related to accessory dwelling units implement the provisions of Government Code Section(s) 65852.1 and 65852.2 and is therefore statutorily exempt from CEQA.

PUBLIC NOTICE:

Staff posted notice of this public hearing in three locations within the City, the announcement of the proposed amendment of Chapter 18.53.

ORDINANCE NO. 2023-513

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF GUADALUPE, CALIFORNIA, AMENDING SECTIONS OF CHAPTER 18.53 OF THE CITY OF GUADALUPE MUNICIPAL CODE REGARDING ACCESSORY DWELLING UNITS AND JUNIOR ACCESSORY DWELLING UNITS

The City Council of the City of Guadalupe, State of California, does ordain as follows:

WHEREAS, the State Planning and Zoning Law authorizes the legislative body of a city or county to regulate, among other things, the intensity of land use, and also authorizes a local agency to provide by ordinance for the creation of accessory dwelling units in single-family and multi-family residential zones, as specified. That law makes findings and declarations with respect to the value of accessory dwelling units to California's housing supply; and

- ii. The use of the accessory dwelling unit shall be in effect only so long as the property is in compliance with the provisions of this chapter. The owner is required to reside on the property if the primary home contains a JADU, but is not required to reside on the property with an attached or detached ADU, per state regulations. The "no owner-occupied" provision for attached and detached ADUs runs from January 1, 2020 through January 1, 2025. The Local Agency Notwithstanding the foregoing, an cannot deny permits application for an unpermitted ADU if constructed before January 1, 2018, shall not be denied unless the building is deemed substandard.

- 2. Unit Types. The ADU may be within the living area of the existing dwelling, attached to the existing dwelling, or detached from the existing dwelling and shall be located on the same lot as the existing dwelling and not necessarily utilizing an existing bedroom. Junior ADUs shall be required to be constructed within the walls of a new or existing single-family dwelling. Junior ADUs are not permitted in multifamily units or in detached structures. Garage conversions when attached to the single-family unit may be considered as habitable space for a JADU.
- 3. ADUs in multifamily buildings. Multiple accessory dwelling units <u>may be permitted</u> within the portions of <u>new or</u> existing multifamily dwelling structures that are not used as livable space, including, but not limited to, storage rooms, boiler rooms, passageways, attics, basements, or garages, if each unit complies with state building standards for dwellings.

- 6. Fire Sprinklers. Fire sprinklers are not required unless the existing residence is equipped with fire sprinklers, or unless the Fire Marshall determines that due to special circumstances sprinklers are necessary for life and safety. Fire sprinklers may be considered as mitigation for sub-standard Fire Department access or water supply.
- 7. Utility Meters. An accessory dwelling unit shall not be considered a new residential use for purposes of calculating connection fees or capacity charges for utilities, including water and sewer service, unless the accessory dwelling unit was constructed with a new single-family dwelling or multifamily use. When constructed at the same time as the primary single-family residence, the new attached and detached accessory dwelling unit's connection fee and/or capacity charge must be proportionate to the burden of the unit on the water or sewer system based on the size or the number of plumbing fixtures.

In such a case, the City shall also allow an additional two feet in height (to 20 feet) to accommodate a roof pitch on the accessory dwelling unit that is aligned with the roof pitch of the primary dwelling unit. An attached accessory dwelling unit may occupy any level of the primary dwelling unit if it is designed as an integral part of the primary dwelling unit and a separate ingress and egress is provided. A height of 25 feet or the height limitation in the local zoning ordinance shall apply to the primary dwelling, whichever is lower, for an accessory dwelling unit that is attached to a primary dwelling. Notwithstanding the foregoing, a height of 18 feet for a detached accessory dwelling unit on a lot with an existing or proposed multifamily, multistory dwelling shall be allowed. This clause shall not require the City to allow an accessory dwelling unit to exceed two stories.

- 2. Off-street parking shall be permitted in setback areas in locations determined by the local agency or through tandem parking, unless specific findings are made that parking in setback areas or tandem parking is not feasible based upon specific site or regional topographical or fire and life safety conditions.
- 3. When a garage, carport, or covered parking structure is demolished in conjunction with the construction of an ADU or converted to an ADU, the off-street parking spaces shall not be replaced. A detached ADU may include a detached garage provided all setbacks are maintained.
- 4. Parking requirements for an accessory dwelling unit are in addition to the required parking for the primary dwelling unit except for subsection (G)(3). Covered parking is not required.
 - 5. ADU parking is not required in the following instances:
- a. The accessory dwelling unit is located within a one-half mile walking distance of public transit.

Additionally, it shall be visually subordinate to the primary single-family dwelling or multifamily use on the parcel. The exterior entry to the ADU shall clearly appear as a secondary entry when compared to the entry for the primary single-family dwelling or multifamily use.

If the permit application to create an ADU or JADU is submitted with a permit application to create a new single-family dwelling on the lot, the permitting agency may delay acting on the permit application for the ADU or JADU until the permitting agency acts on the permit application to create the new single-family dwelling or multifamily unit, but the application to create the ADU or JADU shall be considered without discretionary review or hearing. The applicant shall be informed within 30 days after submission of an application if the application is complete. The Planning Director or designee shall issue zoning clearance to establish an ADU and/or JADU in compliance with this chapter if all applicable requirements in this chapter are met, as appropriate. An application for building permit may be submitted at any time during the processing of the ADU application, but under no circumstances shall it be issued prior to zoning clearance approval. The local agency may charge ADU applicants an additional fee to cover administrative costs of updating Chapter 18.53 from time to time. This fee shall be set by a City Council resolution.
- B. Planning Director. Requests for an ADU or JADU shall be reviewed by the Planning Director or designee.
- C. If a permitting agency denies an application for an ADU or JADU, the permitting agency shall, within the time period described in Section 18.53.060, return in writing a full set of comments to the applicant with a list of items that are defective or deficient and a description of how the applicant can be remedied by the applicant.
- D. Other Review Authority. Requests for an ADU or JADU submitted for concurrent review with a discretionary land use application shall continue to be reviewed by the Director or designee and approved subsequent to the discretionary action.
- E. Certificate of Occupancy. The City shall not issue a certificate of occupancy for an accessory dwelling unit before the City issues a certificate of occupancy for the primary dwelling.
- F. No CC&Rs effecting a single-family lot shall prohibit or unreasonably restrict the construction or use of an ADU or JADU.

State law requires,

upon application and approval, a local agency to delay enforcement against a qualifying substandard-nonconforming ADU for five years to allow the owner to correct the violation, so long as the violation is not a health and safety issue, as determined by the enforcement agencyBuilding Official. The state also prohibits the denial of an existing ADU constructed prior to January 1, 2018, unless the building is deemed substandard.

SECTION 6.

This Ordinance has been reviewed for compliance with the California Environmental Quality Act (CEQA), and the CEQA guidelines, and has been found to be statutorily exempt pursuant to pursuant to Public Resources Code Section 21080.17 which exempts the adoption of the ordinance approving Zoning Code amendments related to accessory dwelling units implementing the provisions of Government Code Section(s) 65852.1 and 65852.2.

The City Council declares that each section, subsection, paragraph, subparagraph, sentence, clause, and phrase of this Ordinance is severable and independent of every other section, subsection, paragraph, subparagraph, sentence, clause, and phrase of this Ordinance. If any section, subsection, paragraph, subparagraph, sentence, clause, or phrase of this Ordinance is held invalid, the City Council declares it would have adopted the remaining provisions of this Ordinance irrespective of the portion held invalid, and further declares its express intent that the remaining portions of this Ordinance should remain in effect after the invalid portion has been eliminated.

SECTION 8.

The City Clerk is hereby authorized to make minor changes herein to address clerical errors, so long as substantial conformance of the intent of this document is maintained. In doing so, the City Clerk shall consult with the City Administrator and City Attorney concerning any changes deemed necessary.
