RE: ROYAL THEATER RENOVATION PROJECT BID UPDATE

On September 20, 2024, the City of Guadalupe opened bids for the Royal Theater Renovation Project. One bid was received. Due to the lack of competition and the bid exceeding the current funding available, the City has rejected the bid. The City is weighing its options and will likely modify and rebid the project.

Construction companies that wish to be notified about the upcoming release of the new sealed bid are encouraged to email Tom Brandeberry at brandeberrytom@gmail.com. Please include your contact email so that he can add you to the interested parties email list. Once the bid package is finalized and ready for release, those on the list will be informed promptly.

Respectfully,

Jeff van den Eikhof, PE
City Engineer
