REQUEST FOR INFORMATION

Date: 9/11/2024

Project: 378 Royal Theater

Subject: RFI

RFI: #020

1) Why is there a stipulation for both Class A and Class B contractor's license? Class A seems to be more than what is needed - so can a Class B cover it?

2) Does the contractor have to self perform 50% of the work to meet grant requirements?

Answer:

1. A class B license is required for this project. Disregard the requirement for a class A license
2. No. This does not apply for this project.
